PROLOGUE

It was a cool crisp autumn evening. Fallen leaves rustled on the forest floor. Up on a hill a black shadow cast its self on the damp earth. A tortoiseshell and white she cat padded down a mossy hill. As she climbed, two tiny kits followed her lead. A third kit struggled to the top of the hill. Gasping for air, the tiny kit collapsed on the hill.
"Mama," it cried "My legs hurt!"
The tortoiseshell looked back and climbed back up the hill. She grasped the scruff of the tiny kit and carried it down.
"Where are we going mom?" asked one of the older looking kits.
"Is it fun?" interrupted the second kit.
The tortoiseshell sighed "You'll be going to a place th..that is v..very fun." she struggled to meow as a tear crept out of her eye and fell to the ground.
They crossed a river bank. The rushing sound of the running water was the only sound they heard other than the wind howling in their ears. As they walked they came into a marsh full of mud and frogs. The she-cat walked until one of her kits screamed. She spun around faster than Monster on the Thunderpath.
"What's wrong?!" yowled the queen in horror.
"The Green Beastie thing jumped out at me mommy!" wailed the kit.
"It was a frog silly!" yowled another kit.
The queen sighed with relief and turned around and kept walking. "Let's keep moving kits."
* * * *
"This is it kits," said the queen as they stopped walking. The place was full of reeds and water.
A strange cat appeared from inside the reeds, frightening one of the

kits.
"These," he looked down at the kits. "are the kits you were telling me about?"
"Yes" replied the queen.
Another cat appeared from inside the bushes, a bit smaller than the first.
"Mama," said one of the kits as it looked at the strange cats. "Who are these cats and why are they here?"
The queen put down the kit she was carrying, as she did she sighed.
"These cats are here to take you to your ne-new ho-home" said the queen as she took off leaving her kits as she ran.
"Mama!" yowled one of her kits, running after her.
Keep running, keep running, the queen said to herself.
"Owe!" yowled the kit.
The queen turned around to see her kit caught in a tree root.
"Help me mama!!" yowled the kit to her mother.
The queen stood in horror, watching her kit struggling to set itself free. Finally the kit broke free and started running but the strange cat scooped her up in his mouth.
The queen began running again, crying as she ran. In the distance she heard the kit again.
"Let me go!" yowled the kit. "I want my mama!"
The kits voice faded as she ran further and further from it. Tears poured out of her eyes.
You did the right thing, the she-cat said to herself. They're safe now from their father's treachery...

hello readers this is icebreathwarriorcat here. this is the start of my new book icebreath's decision!!!!!!(jumps up and down) it is going to get really and i mean REALLY intense later on in the book (like chap. 4 and then chap.9 from then on) it is a intense,romantic,horror,revenge kind of story so be prepared.....:D

Chapter 1 "it's not always fun to be a kit"

In the deep blue sky of the cotton filled clouds lay MoonClan camp.
"Owe!" yowled Icekit as her sister, Mousekit, bounced into her.
"Hey! What was that for Mousekit?!"
Mousekit turned and giggled, and then she ran off onto the clearing.
"Ugh!!!" whined Icekit "can't anycat get some sleep around here?!"
"Wow!! Who knew a kit could be as grumpy as an elder with ticks!!" said Berrytail
Icekit looked over at Berrytail who was always make comments on Icekit whenever she did something that Berrytail didn't like.
"She just wants some sleep," defended her mother, Silverpoint.
"Rockkit and Mousekit kept her up all night!"
Icekit sat up out of her nest a wobbled out of the nursery, having the two queens arguing was louder than a bunch of foxes snarling at food.
Icekit never felt as if the Clan liked her. She felt like an outcast, her fur was colored oddly, she was a bit smaller than her siblings, no matter how hard Icekit tried to fit in nobody cared especially a cat called Darkheart. Darkheart hated Icekit from the moment she was born. All she wanted was to be a normal kit that every cat in her Clan liked.
Icekit walked over to some bushes in the distance of camp. It was a hot day today so she lay down in the nice cool bushes and plus, she didn't want other cats to notice her. As she lay down in the shade she heard Applestar, MoonClan's leader, yowl to all the Clan cats.
"All cats old enough to catch their own prey join here beneath the Sky Oak for a Clan meeting" he yowled.
Icekit turned over and looked at the bushes; she didn't want any cat to see her. As cats gathered near the huge oak tree she heard fussing in the nursery.
"Okay, okay mom I'm clean. Can I go now?"
She recognized that voice. She turned her head toward the nursery to see Berrytail cleaning her only son, Redkit.
It must be his naming ceremony, Icekit thought to herself.

Redkit squirmed out of his mothers paws and ran up to the Sky Oak. Berrytail scrambled to follow her son. She saw her mother coming out of the nursery and followed Berrytail. Unfortunately her mother saw Icekit crouched in the bushes.
Mouse dung! , said Icekit to herself.
"What are you doing under there, Icekit?" asked her mother.
"Not being out there!" snapped Icekit
"Come on Icekit." said her mother in a calm sweet tone “you can come and sit by me if-"
"No!" Icekit interrupted her mother.
"Please?" said her mother.
"No," said Icekit as she turned away from her mother.
"If you come and sit by me," said her mother. "You can sleep by yourself tonight in Berrytail’s old nest!"
Icekit liked the sound of that. She could finally get some sleep without her siblings bouncing around like frogs and delaying her slumber.
"Well..." Icekit paused "Fine I will"
Her mother smiled and together they walked to the crowd of cats. Darkheart walked past them. She looked at Icekit and gave her a stare. Icekit crouched with fear but luckily her mother was there.
"Darkheart don't you have other things to do than to scare tiny kits?" said her mother, snickering.
Darkheart snorted as she turned and walked away.
They both sat down and saw Redkit waiting impatiently at the Sky Oak. Silverpoint bent down to Icekit.
"Don’t let Darkheart bother you. Let’s just say she isn't a fan of kits." said Silverpoint.
Fox dung! Thought Icekit in her head. She smells my fear.
"Now" Applestar began "Redkit has-'"
Icekit didn't listen to Applestar, all she was thinking was about her apprentice ceremony. Unlike other kits she was dreading it!!!! Since every cat hated her she was sure that her mentor would hate her. What if her mentor was Darkheart!!!!
She was suddenly heard cheering. Cats cheered "Redpaw! Redpaw". After the ceremony was over she walked to the nursery quickly so no cat would see her. How long was it till her ceremony??? Icekit plopped on Berrytail’s old nest and quickly fell asleep.

Chapter 2 "The Black Cat"

It was the day Icekit was dreading, her apprentice ceremony! Out of her brother and sisters Icekit's best friend was her sister Mousekit. Even though she was a little rough with her .Moonkit was a mouse brained fool always in the medicine cat den bugging Pinecloud! Rockkit was a big, fat, ugly diva, princess!

As Icekit, Mousekit, Rockkit and, Moonkit were called up to the sky oak Icekit heard cats talking and whispering about her.

Ugh, thought Icekit, *nobody wants to be my mentor.*

Applestar began to speak to the crowd of cats "We are luck to have so many apprentice ceremonies' this past moon" he said, he then turned and faced the four siblings "Icekit, Rockkit, Mousekit, and Moonkit have reached six moons old and are ready to be made apprentices."

Icekit trembled with fear, what if her mentor was Darkheart?!

"Mousekit" said Applestar, Mousekit jumped when he said her name "Until you receive your warrior name you'll be known as, Mousepaw"

Icekit saw Applestar scan the crowd of cats. She could smell the fear coming out of Mousepaw.

"Darkheart" Applestar said firmly "I trust that you will pass on what you have learned onto Mousepaw"

Darkheart Stood up, flicking her tail side to side with pride as her and Mousepaw touched noses.

Thank StarClan, thought Icekit to herself, at least I don't have to worry about her being my mentor, but why Darkheart? Mousepaw deserves a better mentor.

"Moonkit, until you earn your warrior name you'll be known as

Moonpaw." said Applestar as he gazed in to Pinecloud's eyes "Pinecloud are you ready for an apprentice?" he asked.

Pinecloud slowly sat up and said "I believe this kit will learn well to become MoonClan's next medicine cat."

Moonpaw rushed over to Pinecloud and touched noses with her. Icekit was jealous, I hope my mentor's like Pinecloud, thought Icekit.

"Rockkit, until you have earned your warrior name you'll be know as Rockpaw" said Applestar "Toadtail.....you haven't had an apprentice in a long time are you ready for another one?"

"You bet" yowled Toadtail with excitement. Rockpaw touched noses with his mentor and sat down next to him. Icekit trembled with fear, blood pounded in her ears.

"And Icekit" said Applestar as she meet his gaze "Until you have received your warrior name you'll be known as Icepaw"

By the looks on the other cat’s faces she could tell they were not thrilled, except her mother Silverpoint and her father Thistlefern stood proudly.

"I think you deserve a more advance mentor "he said.

Icepaw looked confused, what did he mean by that.

“I shall be your mentor" said apple star at last. Icepaw was bursting with joy, in your face Moonpaw!! She touched noses with Applestar.

Cats cheered "ICEPAW, MOONPAW, ROCKPAW, MOUSEPAW!!!!"

As she met up with Mousepaw, Mousepaw was excited.

"Can you believe it!!!" said Mousepaw excited "we’re apprentices!!"

"Well..." said Icepaw shy.

"And you got APPLESTAR as your mentor! How cool is that!!!!!" Interrupted Mousepaw.

"But Moonpaw..."began Icepaw

"Well screw Moonpaw she can just go and die for all I care" Mousepaw paused "just kidding.....sort of"

Icepaw couldn't help but giggling. All the sudden time froze and right there in front of her stood a black cat. His deep blue eyes paralyzed Icepaw in her tracks.

"I will teach you everything I know dear" his voice echoed all around her “you shall be one of the most important cat of all time."

Mousepaw stopped and looked at her sister worried.

"ice-Icepaw are you okay?"

"Um.....yeah I’m-I’m fine" replied Icepaw "Have you ever seen that black cat before?"

"What black cat?" asked Mousepaw.

"The one that was standing right there" pointed Icepaw.

Mousepaw froze, thinking. "hahaha" she laughed " you are really tired Icepaw if your seeing things come on lets go to our new dens."

"But"

Mousepaw already walked into the apprentice den followed by Rockpaw.

Bu...But I did see a black cat, thought Icepaw, didn't I?

She crawled into the apprentice den and walked over to her nest. She curled up and fell asleep.

I did, I did see a black cat didn't I?

Chapter 3 "Missing patrol"

Moonpaw's POV

"NO, NO, NO!"

Mousepaw landed on her back, her mentor, Darkheart padded toward her.

"Are you mouse brained or what!!!!" yowled Darkheart in Mousepaw's ear.

"I-I'm sorry Darkheart" said Mousepaw in a small voice rubbing her ears “I tripped"

"Well try not to be so clumsy!" Snapped Darkheart.

Moonpaw could hear them arguing back and forth.

I wonder why Darkheart is being so ruff, Moonpaw thought to herself, it's Mousepaw's first day out as an apprentice, couldn't she have her clean out the elders den?

Moonpaw turned and started sorting out the cobwebs.

At least I don't have to train as hard as a normal warrior apprentice, she thought to herself.

Pinecloud walked in the medicine cat den. She was carrying a bunch of herbs in her mouth as she walked in. She put the herbs down on the mossy floor that made up the medicine cat den; she looked up and stared at Moonpaw.

"Hey Moonpaw" said Pinecloud in a cheerful voice "Can you organize the comfrey and cobwebs for me" she looked at the nursery" I would organize it myself but.....I need to help Swiftdawn and Swiftkit" She turned and looked at her apprentice "they have whitecough"

"Okay" said Moonpaw as she grabbed the herbs off the floor and set them on the clay rock in which held all the herbs."Should I get the catmint out for ya'?" asked Moonpaw.

Pinecloud looked at Moonpaw for a while. "I don't think so" said Pinecloud finally "we only use catmint for SERIOUS cases of green cough and white cough" Pinecloud paused and looked at the herbs on the rock "but...I think some tansy will work just fine."

"Sure...I'll get it" said Moonpaw.

Moonpaw walked toward the rock covered with herbs.

Which one was tansy, she thought to herself, oh.... now I remember it has yellow flowers and smells awful.

She walked over to the pile of tansy and grabbed some in her mouth and brought it over to Pinecloud.

"EXECELNT" said Pinecloud as she picked up the herbs" you remembered what tansy is" she started to walk away and yowled back at Moonpaw "I knew I made the right choice in my apprentice"

"I hope so" said Moonpaw out loud in a quiet voice.

Moonpaw walked out into the clearing, she stretched and licked her paw.

"HI!!!!"

Moonpaw jumped in the air startled, she landed on her belly. When she looked up she saw her sister, Mousepaw, laughing at her.

"Owe!" said Moonpaw as she got up "You startled me"

Mousepaw kept laughing she tried to speak but kept laughing. Finally she could speak after laughing so hard "you know you don't have to be so jumpy Moonpaw"

Moonpaw stared at her sister, flicking her tail side to side with annoyance "yeah....whatever" Moonpaw paused "um Mousepaw....where's Icepaw?"

"She’s on dawn patrol" replied Mousepaw

'but...” said Moonpaw worried" the dawn patrol should have been back by now"

Mouse paws excited face turned to fear, her ears slid to the back of her head, her brown fur was standing up on her back."Sh-should w-we go look for her?" said Mousepaw frightened

Moonpaw froze there and though, finally she said "no I bet she's fine"

Dun dun ddddddduuuuuunnnnnn okay so the next chapter is icepaws pov (point of view) so bare with me....

Chapter 4 "Badger"

Icepaw's POV

Earlier that morning
Icepaw woke up early, Applestar asked her to be on dawn patrol today with redpaw, blackwing, troutpaw, orangefoot, and cottonfoot. She stretched and walked out of the apprentice den quietly making sure not to wake up Rockpaw, Mousepaw, and Sealpaw.
"Ready to leave?" asked Cottonfoot.
"Yep" said orangefoot as he padded toward the group of cats “we have everyone."
"Which border are we checking?" asked troutpaw
"The FlowerClan border" replied Cottonfoot.
"I hope they don't cause any trouble like last time" said Blackwing "Pinestar keeps pushing her luck."
Cottonfoot turned and looked at Blackwing "I think her warriors learned not to mess with MoonClan when they tried to take the old twoleg barn from us."
As the patrol headed out of the ivy covered wall that made up the camp entrance/exit, Icepaw felt as if something bad was going to happen, she wanted to tell the patrol about her felling but, nobody would probably listen to her so, she kept quiet.
They finally arrived at the FlowerClan border. FlowerClan earned their clan name because the territory they live in is covered in flowers.
"Okay, redpaw and troutpaw is there any scent of flower clan cats?" Blackwing begun
Redpaw and troutpaw tilted their heads to sniff the air. Icepaw wondered if ANY of the cats knew she was there.
"Nope, well, nothing resent" said troutpaw.
"Same here" said redpaw
"WAIT!!!" yowled Icepaw.
The full grown warriors and the other apprentices looked at her with annoyance.
"What Icepaw" began Cotton foot "you know you shou..."

"SHHH!!!!" Icepaw snapped trying to listen.
"You have NO right to talk to him like that" yowled Orangefoot "He's your deptuy for StarClan's sake!!!"
Icepaw ignored them talking to her. She heard rustling in the bushes not too far away from where they were standing. The same feeling of danger crept back in to her but, it was way stronger now. Nope, she thought to herself, defiantly not prey.
All the sudden time froze everything turned gray and there, right in front of Icepaw, stood the black cat.
"WHO ARE YOU!!!?" Icepaw demanded. Her voice echoed for what seemed like an eternity.
"Listen" the black cat said" a threat is coming soon.....you HAVE to protect the patrol from it"
"WHAT?!" Icepaw exclaimed "I CAN'T FIGHT, its MY FIRST DAY OUT AS AN APPRENTICE, I DON'T KNOW HOW TO EVEN HUNT!!!"
The black cat paused and then said "just do as I say and everything will be alright."
"Why should I trust you?" questioned Icepaw
"If you want to live you will!!!" he snapped back at her
"But...."
The black cat faded to nothing and her surroundings turned back to normal. She could scent the threat really close by, and then.....Icepaw saw one of the most feared animals any patrol could meet, standing feet away from her.
"So..." Orangefoot said "are you..."
"BADGER!!!" Yowled Icepaw alerting the patrol.
The patrol spun around to see a full grown badger standing right there. Its fur was puffed up and was foaming at the mouth, ready to strike.
"What do we do" whispered the patrol frightened "don't know"
The badger is about to strike at any moment, Icepaw thought, what should I do, if I run it will catch up to me but if I climb a tree it will attack the patrol.
A loud whisper came into her ear, one that only she could hear, "Jump on its back.....NOW!!!"
It was the black cat, why was he telling her to do that, it will only kill her if she does. Icepaw didn't know whether to listen to him or not.
It's the only way, said Icepaw in her mind, there's no other way to

avoid it.....but if I die.....no one will bug me so....I guess it's a win win thing for me.
As Icepaw was told she leaped on the badgers back. The badger snarled and kept trying to throw her off. The patrol stops bickering and looked at Icepaw in horror.
I can't say on its back, Icepaw thought in her mind, I'll be thrown off any second.
“Extend your claws and go for the throat" yowled the black cat.
Icepaw had no other choice but to listen. She extended her claws and struck the badger in the throat. Blood swelled out and onto her shimmering blue paws. She tried to stay on the badgers back but it threw her off. Icepaw hit into a tree, her head pounding. The badger turned and faced Icepaw.
"Get up" the black cat said "Get up!!"
Icepaw slowly got back up on her feet, trying to shake off her head ach.
"Get more cats!!" she yowled at the patrol.
The patrol looked confused, but hurried and headed back to camp.
Now it's just me and you, said Icepaw in her mind.
The badger came barreling toward her; she jumped over the badger and landed a few feet away from it. The badger turned and looked at her and started running toward her again.
"KILL IT, KILL IT NOW!!! RIP ITS STOMACE AND THROAT KILL IT" yowled the black cat in Icepaw’s ear.
He's right, said Icepaw in her mind, the only way to stop it is to kill it.
The badger galloped toward Icepaw. Icepaw and the badger smashed into each other neither one giving in. The badger lunged at Icepaw but, she was too quick, Icepaw dogged the badger’s teeth and knocked into its shoulder. The badger fell to its side growling in pain.
"Claw its stomach while you still can, hurry" The black cat screeched into Icepaw's ear.
She extended her claws. Each one of her claws sparkled in the air as she swung down on the badger’s side. The gash exploded with blood. Her paws were soaked in the badger’s blood.
"She’s over her hurry"
Icepaw heard the patrol come back finally!!!! She looked at the patrol coming to help.
Fox dung, she though, Darkheart's with them.

When she looked away the badger had enough strength to bit down on Icepaw's leg. Icepaw yowled in pain. When the patrol they all stood in horror, especially Darkheart.
Icepaw was more determined to kill the badger to prove Darkheart that she was strong. The badger pushed Icepaw on her back and was standing over her. Icepaw bit down on its neck and held a good grip. She sunk her claws in to its shoulder and side. The badger gasped for air, it tried to get Icepaw to let go of it but, she wouldn't.
"Stay there and hold on until its dead" the black cat said
Like I would let go, said Icepaw in her mind.
Slowly the badger sunk to the ground, Icepaw moved so it wouldn't fall on her. It took its last breath and then lay still on the ground, motionless. Icepaw loosened her grip and let go. She turned and looked at her clan mates. Their expressions on their face were in shock. Not even a senior warrior would attack and kill a badger.
"My leg hurts" said Icepaw "The badger bit down and it kind of hurts."
"Did.....did you kill it" asked Darkheart.
"Yes" snapped Icepaw "and I did it with no help with the WIMPY patrol, if I wouldn't have come they would have been torn to shreds."
Cotton foot walked forward.
"We should tell Applestar about this" he said as he looked at the badger "Let's bring back the body for proof....in case he doesn't believe us."
"You better have Pinecloud look at that wound" said troutpaw "you wouldn't want THAT to get infected."
The patrol walked back to camp. Every cat in that patrol had a new impression of Icepaw that day. Icepaw was proud of her self. She looked up at the sky and, in her mind, she said "thank you black cat, thank you." He whispered into her ear and said "you're welcome ice."

intense?? yep the black cats idenity will be reveled later in the story.

Chapter 5 "Trouble"

Moonpaw's POV

Moonpaw and Mousepaw were impatiently waiting for their sister, Icepaw, to come back from patrol.
"I'm sure she's fine" said Moonpaw trying to calm down mousepaw "maybe..."
"MAYBE SHE'S DEAD!!!" snapped Mousepaw.
In the corner of her eye, Moonpaw saw a flash of orange and white pelts.
"I...I think that's Cottonfoot and Orangefoot" Moonpaw said nervously.
Mouse paw turned and looked at her sister worried "weren't they Icepaw's patrol?"
"Yes...YES THEY WERE!!!" Moonpaw said excited.
"Wait..." Mousepaw sniffed the air "She's not with them, her scent isn't with them"
"WHAT!?" Moonpaw screeched.
Moonpaw was sure her sister was there....where could she be?
Moonpaw and Mousepaw walked out of the medicine cat den.
"Okay...we have to hurry" said Orangefoot out of breath. "You get Darkheart and Rockpaw, I'll get Swanfeather and breeze heart"
The two cats nodded and scrambled to find the cat they needed.
Then they rushed out of camp and into the marsh/forest.
"um...."Moonpaw asked" what was that all about?"
"MAYBEY IT'S AN INVASION!!!" Mousepaw squealed with excitement.
"Yeah right Mousepaw" said Moonpaw giggling" if it were, Applestar would have come out of his den."
Moonpaw and Mousepaw walked back into the medicine cat den.
Mousepaw's tail dragged on the ground with disappointment.

* * * *

"This is BORING" complained Mousepaw.
"Sorting herbs?" asked Moonpaw as she was setting the comfrey and

cobwebs in their pile.
"YES" Mousepaw said annoyed.
"Well" Moonpaw set the herbs down and looked at Mousepaw "Since Pinecloud is..."
"Hi Moonpaw, Mousepaw" interrupted Pinecloud.
"Oh hi Pinecloud" said Moonpaw.
Mousepaw looked at the ground and sighed with boredom.
“hey can you two make a nest, we have a cat we need to treat." said Pinecloud.
"Okay" said Moonpaw.

A few minutes later.....

"Here it is" said Moonpaw proud.
"Good" Pinecloud walked out of the den "here you go, just lie down over there sweetie"
"Ugh my leg hurts" cried the cat.
"Don’t' worry Hun, just lie down and I'll be with you"
"O...okay"
Mousepaw and Moonpaw froze, that cat that needed to be treated was ICEPAW!!!
"Ic...Icepaw what happened to you?!" asked Mousepaw looking at Icepaw’s leg.
"Long story short....." Icepaw paused "I met a badger, killed it but it bit my leg before I killed it."
"What?!" Mousepaw exclaimed "You fought a badger that's so..."
"Stupid" Moonpaw interrupted Mousepaw "You must be kidding"
There's no way Icepaw could have killed a badger, Moonpaw thought to herself.

i think i'm going to do a book on darkheart after this chapter but i'm not sure.....

Chapter 6 "The Prophecy"

They don't believe me!"But--I---I--did!" Icepaw said.

"Yeah right," Moonpaw said as she rolled her eyes. "you probably tripped and made the story up to make you look like a hero."

"NO I DIDN'T!!!" Icepaw yowled.

"Whatever." said Moonpaw.

Darkheart stepped into the medicine cat den, starring at Icepaw with her blazing, dark green eyes, looking into her soul.

"Mousepaw...." she said firmly "why are you harassing this cat?"

"No I'm not" said Mousepaw "she's telling us that she killed a badger...." Mousepaw looked at her mentor "is it true?"

Darkheart narrowed her eyes, she then spoke "Yes....yes she did kill a badger," she said as she looked at Icepaw with suspicion "we have proof, Cottonfoot brought the body back....go see for yourself."

Moonpaw grew furious. She turned and looked at Icepaw with fury "How far will you go with this fib?!" Moonpaw stormed out of the den, bumping Darkheart to the side.

"Um....." Darkheart stood there. No cat has ever done anything like that to her ever. "Anyway.....Icepaw"

Icepaw jumped at the sound of her name.

"Applestar wants to see you in his den...now."

Icepaw's ears went to the back of her head as she walked pasted Darkheart. Darkheart hissed at her, making Icepaw run faster. There was amusement in Darkheart's eyes but coldness as well.

What's Moonpaw's problem? Icepaw thought to herself. Why is she

freaking out?

Icepaw made her way up the Sky Oak, toward Applestar's den. His den was hidden in the tree tops; he slept on a very thick branch that could support his weight.

Icepaw climbed on the thick branch and saw Applestar lying down on the branch.

"Um...Applestar," Icepaw said "y-you wanted to see me?"

He turned around, stretched, and then looked at his apprentice.

"Oh yes! Icepaw, come in I want to discus something with you." Applestar said.

Icepaw came closer to the old tom. She sat down on the branch, trembling with fear.

"Why did you kill the badger?" he asked in a stern voice.

Icepaw froze she tried to speak but, the words would not come out of her mouth. Finally she said, in a shaky voice: "it was going to kill the patrol and me, so I had to and well--"

"Enough!" Applestar interrupted Icepaw. Icepaw quickly shut her mouth.

"You act like I'm upset at you? I was just wondering why," he said in a softer voice. Icepaw nodded.

"But there's something else I want to talk to you about…" he said starring off into space.

Icepaw's heart sank. Did she do something wrong. Applestar looked at the sky "I had a dream.....a dream about you," he said.

Icepaw wondered why he was sharing this with her.

"StarClan gave me a prophecy," he said as his voice became stern.

When he spoke the words of the prophecy, it was like another cat

was controlling his tongue.

"Ice will meet Darkness and destroy the Clans, but peace will fall on a Dappled Leaf." he said "you may leave now. That’s all I had to discuss with you."

As Icepaw climbed down the tree, she couldn't stop thinking about the prophecy. A lump formed in her throat. She climbed in her nest and lay down. Was she really destined to destroy the Clans? She thought. Then she fell asleep.

Chapter 7 "The Gathering"

It has been at least a moon since icepaw killed the bager. But now most of the clan respects her for what she did, exccept for darkheart of course. And not just her clan but all the clans in the forest pretty much respected her.

It was the full moon, which ment it was time for the monthly gathering. This would be Icepaw's second gathering she has been to. She and her clan mates headed tward the highrock. That was were all the clans meet in peace for one night, on a full moon. Icepaw walked along the leaf scattered forest, walking along side mousepaw.

"Good thing were not hunting tonight" joked mousepaw "Were making as much noise as a monster would on the thunderpath!!"

Icepaw looked at her sister with amussment "yeh your right!!"

They both giggled softly. Darkheart walked passed them, as she did she pushed icepaw to the ground and quickly ran ahead.

"ow" Yowled icepaw as she hit the ground.

Moonpaw walked by her and giggled rudely. "you deserved it you lying piece of fox dung!" said moonpaw.

Mousepaw caught up to icepaw and looked at her.

"ar..are you okay?" asked mousepaw.

"hump" said moonpaw as she stampered away.

Icepaw sat up licking her pelt that was covered in dirt. "yeh...yeh i'm fine"said icepaw finishing grooming herself.

The two got up and kept walking. Their brother, rockpaw, ran tward them.

"are you okay icepaw?" he asked worried.

"i'm fine" said icepaw irritated "it's...it's just moonpaw and darkheart...thats all."

"oh" said her brother "well ingore them they are just jelious."

Icepaw smiled at what her brother was saying.

" Well if it helps"mousepaw began "I belive you killed that bager..."

"thanks mousepaw" said icepaw "but it doesn't help"

Mousepaw looked sad, she stopped walking.

Icepaw smiled with amussment in her eyes " I was just joking mousepaw....it accually helped"

Mousepaw smiled, glad she made her sister feel better, and began walking again.

I'm glad mousepaw and rockpaw care about me, Icepaw thought in her head, unlike moonpaw that can just go jump in a lake!!!

The group of moonclan cats finally arived to the high rock. There were two other clans there. Icepaw reconized the scents of the ones to the farthest, they were known as waterclan and the clan closest to them was called fireclan. When icepaw was a young kit, her mother told her stories about each clans hutting and battle styles. Waterclan was known for diving into water and using pine needles to harpoon the fish while under water and for being able to swim in the most strongest of currents. And fireclan was known to use the burned trees in there teritory as a disguise for prey.

"flower clan is late" Smirked darkheart to flowerheart. Flower heart became furious with darkheart.

"you know it's hard for them to get across the river in their teritory especially in green leaf after the snow has melted their not water clan cats!!!" yowled flowerheart with anger.

Flowerheart was the former flowerclan deptudy but, she meet

orangefoot and he convinced her to leave flowerclan and join moonclan.

"what ever" said darkheart annoyed ,rolling her eyes.

At last flowerclan appered and took their place beneth the highrock. Pinestar walked up the stone with pride as she joined the other leaders.

"LET THE GATHERING BEGIN!!!" yowled brightstar, leader of waterclan.

"hi"

Icepaw turned around to see a orange she-cat with brown spots standing there.

"My name is brightpaw by the way" she said cheerfully as she sat down by icepaw "what's you name?"

"icepaw"

"your from moonclan right?" asked brightpaw.

Icepaw twiched her ear with annoyance. Didn't this apprentice reconize my scent?! "uh..YEH" said icepaw rudely.

"I was just named an apprentice a half a moon ago" she said proudly.

Icepaw rolled her eyes.

"I..Is it true that a moonclan apprentice killed a bager?" asked brightpaw.

Icepaw looked at her with amussment. Didn't this cat know ANYTHING!? "yes...yes it is true that a MOONCLAN apprentice killed a bager...." said icepaw.

"REALLY!!!" brightpaws eyes glimmered as she spoke.

"I would know of course" said icepaw "because I was the one that

killed it!!" she said proudly.

"Holy starclan you did?!" Brightpaw almost shouted.

"you've got to be kidding me?" said moonpaw as she interupted their conservation "you accutally belive her story!!"

"But..but it is true" said brightpaw "your just jelious of her!"

"SSHHH, the leaders are speaking" said waspfoot, a warrior of fireclan.

"sorry" said icepaw and brightpaw at the same time.

* * * * *

"you were too friendly to that flowerclan apprentice 'ya know" said moonpaw.

Icepaw turned and looked at her sister "she was just asking about the bager, it's not like I told her the secret entrences to camp."

"she's right moonpaw" butted in mousepaw " She's just getting to know her enemys."

"yeh....whatever.." moonpaw stormed off.

"thanks mousepaw, for backing me up" said Icepaw.

"no problem" replied mousepaw cheerfully "It's about time she admits that you did something better than her....that's why she became a medicine cat in the first place!"

"just to be better than me?" Icepaw asked.

"yup" said mousepaw.

Redpaw came barrling tward them "hey mousepaw race ya back to camp!" he said

"okay" replied mousepaw, she turned and faced icepaw "gotta go icepaw" mousepaw went running after redpaw.

"uh..." sighed icepaw outloud.

"she's still a kit at heart"

Icepaw saw her brother catch up to her.

Icepaw giggled "yep...got that right"

"race 'ya back to camp!!" said rockpaw.

"okay!" yowled icepaw as she went running after her brother.

Chapter 8 "Stonefur"

"Icepaw.....Icepaw."

Icepaw woke up to see cottonfoot above her nest.

"your assesment is today" he said "Applestar wants you to hunt over by the twoleg place."

"Is it my warrior assesment?" asked icepaw excited.

"nope....not yet" replied cottonfoot.

"oh..." said icepaw dissapointed "okay"

Icepaw slowly got up out of her nest and walked out of her den. She and cottonfoot padded tward the entrance/exit of camp. She pushed away the vines that covered the entrance as she walked through the tunnel. When she got out of camp cottonfoot nodded and turned around and headed back through the entrance. She looked out at the forest/maesh that she called home. It was an early morning, it was like the forest was trying to wake up as well. Icepaw climbed hill after hill and wadded through the marshy wetland. She finally arrived at the twoleg place.

Her ears twiched tward a small russling in the bushes, under the leaves. MOUSE! She quickly crouched down and started stalking the mouse. She was downwind so, the mouse couldn't scent her. She then leaped on the mouse and bite down on its neck before it could scream. She picked up her prey and took it over to a tree. She barried it down under the roots. Once she finished she picked up another scent. She sniffed it to see what prey it was. She sniffed the air.

It...it smells like.....ROUGE!!! she thought to her self.

She crouched down and saw a dark gray pelt move along the tall gras that grew in the twoleg place. She couldn't scent any of her

clan mates around.....so she would have to deal with this threat by her self, After all.....she did kill a bager. She was crouched down and stalked the rouge like prey.

"uh.." she hear it sigh "where did those dang kits go?!"

When it got close to icepaw she pouced on its back. The cat fell to the ground and bit icepaws foot. She yowled with pain. The cat then started to claw icepaw.

How does this rouge fight so good? she thought to her self.

She swiped his face and pushed him to the ground exposing his stomac.

"WHO ARE YOU AND WHAT ARE YOU DOING ON MOONCLAN TERITORY!!" she yowled. She then looked at his golden yellow eyes starring back at her.

"I'll tell you if you get of of me" he said with amussment.

Icepaw let the rouge go.

"so...TEL ME!!!" she demanded.

The cat licked his dark gray pelt then spoke "I was trying to find my sister's lost kits....." he pause " the river where I live rose high because it's green leaf, and I guess two of her four kits got washed away so, I followed the river up stream to see if they washed up here" he then giggled "but then you came along and well.....attacked me"

Icepaw paused. Was this cat trying to flirt with her?

"you fight good" she said licking her paw "well...for a rouge anyway."

"rouge?" he said with confusion "I'm no rouge."

"oh" said icepaw surprised "Well... I don't reconize your scent."

"I'm a clan cat" he said "a riverclan cat"

"Riverclan" icepaw asked confuzed "Whats that? The only clans here are flowerclan, moonclan, fireclan, and waterclan."

"oh..I didn't know there were other clan around here" he said as he walked away, he then turned around and said "I'm stonefur by the way....whats your name?"

"ic..icepaw"

"cool.....well the kits aren't here so i'll leave.....nice to meet you.....icepaw" he said as he walked away.

"you too" said icepaw quielty. She felt a tingling in the pit of her stomac, I can't like this cat....can I?

* * * * *

From the meeting with stonefur, Icepaw could not stop thinking about him. With his deep yellow eyes and his dark gray pelt how could she not!!!

"icepaw are day dreaming?" asked breezeheart.

"no" said icepaw quickly.

Breezeheart smiled. "Well.....I think that your mooning over a cat..without a dout."

"no i'm not!!" said icepaw as she quickly turned away from breezeheart as she blushed.

"haven't you noticed the way sealpelt looks at you!!" said breeze heart.

About three moons ago, sealpaw, troutpaw and, redpaw earned their warrior names. Their know as sealpelt, troutscale and, redpelt.

"what do you mean" asked icepaw

"well.." said breezeheart "he's always folowing you everywhere you go."

"h..he is?"asked icepaw.

Now that she metions it he does,Icepaw thought in her mind.

"well..anyway I've got to go icepaw" said breezeheart as she walked off.

She saw sealpelt come back from huntting patrol. He was handsome but.....Stonefur was all that icepaw was thinking about.

Chapter 9 "attack part 1"

Sorry guys for taking so long to get this done, please enjoy.....drama,and romace in this chapter. Please vote, comment and fan!! =^.^=

Today was a full moon, icepaw decited not to go to the gathering tonight. She watched her sister and brother exit out of camp. Icepaw got up and walked to the fresh-kill pile.

"Hi icepaw" icepaw turned around to see sealpelt behind her. he was blushing as he talked to her "oh...um..do you wana share this rabbit with me?" he asked nervosly.

"oh sure" said icepaw as she walked to where he was standding. she lyied down and so did he and they startted eatting the rabbit. icepaw was talking little bits at a time and slowly chewed them.

"i-i really enjoyed hunting with you y-yesterday icepaw-w" said sealpelt nervosly. You could really tell he really liked her "it was k-kinda fun"

Icepaw snuggled close to him "thanks"

sealpelt and icepaw finished the rabbit and sat down together near the warriors den.

"you were really brave" said sealpelt as he nugged closer to icepaw " 'ya know.....with the bager thing a few moons ago"

Icepaw closed her eyes and sighed. she loved the feeling with her and sealpelt "i-i had to protect the partol"

He licked her ear as she started to fall asleep next to him. She was so close to falling in a deep sleep when the cats that had gone to the gathering came back arguing. Icepaw opened her eyes and so did sealpelt and they walked to the group of cats. Icepaw all the sudden felt the same felling she did when the bager came, a scence of

danger. She could tell something bad was going to happen. She ignored her feeling again and finally reached where the cats were standing.

"I CAN'T BELIVE FLOWERCLAN!" yowled darkheart "WHY DO THEY NEED HUNTING GROUNDS FROM EACH OF THE OTHER CLANS....ITS COMPLETELY MOUSEBRAINED!"

"w-what happened" asked icepaw kinda light headed.

"stupid flower clan thinks that they need more hunting grounds" said redpelt tring to stay calm. They must have really made redpelt angry, thought icepaw, he never gets this angry!

Sealpelts fur was standding on ege. I guess he heard what the cats were saying, thought icepaw to herself.

"if they lay one paw on OUR teritory they WILL PAY!!!" yowled sealpelt.

Icepaw sighed, she was trying to stay calm "lets just calm down" said icepaw trying to sooth the crowd of cats "If they walk on moonclan teritory then we will attack but.....they haven't yet so lets just sit tight"

"icepaw's right" said applestar emerging from the crowd of cats "there's no need to attack them"

As they were all discussing, pinecloud ran out of the nursery in panic. Icepaw had the feeling of terror hit her like a brick. Pinecloud raced to the crowd of cats. all of them stopped bickering and turned and faced pinecloud.

Pinecloud was breathing heavily "FLOWERCLAN HAS KILLED SWIFTDAWN AND SWIFTKIT!" she yowled.

Chapter 10 "attack part 2"

"WHAT!?" shouted applestar.

"she's dead...and theres flowerclan scent everywhere in the nursery" said pinecloud trying to breath.

"why would flowerclan kill a queen and a kit?" said ice paw confused.

"i-i don't know...its odd" said mousepaw.

"well" said pinecloud "it looked like swiftdawn was trying to protect flowerheart, swiftkit, bluekit and graykit and ended up killing herself and swiftkit"

"they must have attacked the nursery while we were at the gathering" said darkheart flexing her claws.

"what if they also attacked the other clans nursery as well as ours?" questioned troutscale.

"If they had, their going to have war on their paws" said redpelt "all the clans could be at war because of them"

As they were disscussing, icepaw remembered the feeling of danger she had. Could i tell the futuer? she thought to herself. She over heard applestar, cottonfoot and pinecloud.

"I hope flowerheart doesn't blame herself for swiftdawn's and swiftkits death" said pinecloud "she couldn't help kitting when they attacked"

"are her kits okay?" asked cottonfoot. They were his brother's kits so he was kinda worried. He and orangefoot are brother's but know one knows who there parents are though.

"flowerhearts and the rest of swiftdawns are fine" said pinecloud relifed.

"what are we going to do about flowerclan applestar?" asked cottonfoot.

"i'll wait 'till morning" replied applestar "i need for things to die down a bit.."

"yes applestar" said cottonfoot as he bowed his head.

* * * * *

Icepaw woke up and walked out of the apprentice den. She woke up just in time, applestar called a clan meeting. all the cats gathered around the sky oak to hear what applestar was going to say.

"as you all know by now" Applestar began "flowerclan attacked the nursery while we were away at the gathering, and killed swiftdawn and swiftkit" he paused, cats started murmuring "and i have decided that we shall attack flowerclan and make them pay for killing our beloved queen and her kit"

Cats cheered at the news. Icepaw was nervos, was vilonce the anwser? But something else bothered her. She could see applestar wanted to say something else as well.

"and also" said applestar, All the cats quieted down to listen to the other thing applestar had to say "Bluekit and graykit have reached their sixth moon and are ready to become apprentices" he paused "we mourn for swiftkit that she could not be here with her sisters this day"

Applestar looked at bluekit "Bluekit from this day, until you recive your warrior name, you'll be known as Bluepaw"

"redpelt, i belive it's time for you to have a apprentice, i trust that you'll teach bluepaw everything you know"

Redpelt looked shocked, he nodded "thankyou applestar" said redpelt.

Applestar looked at graykit.

"graykit from this day till you earn your warrior name you'll be

known as graypaw" said applestar.

"silverpoint" said applestar suddenly "you have not had an apprentice since your kits, i belive that it's time for you to have one"

Icepaw's mother dipped her head "thankyou applestar.

"BLUEPAW, GRAYPAW, BLUEPAW, GRAYPAW!!!" all the cats shouted.

This is going to be a three or four parter thingy so yah.....hope you enjoied!!!!

Chapter 11 "attack part 3"

Warning this chapter contains blood, vilonce and BLOOD!!!!

Applestar sent out a battle patrol a few weeks later. In the partrol were of course Applestar, CottonFoot, Icepaw, SealPelt, Mousepaw, SilverPoint, Graypaw, ThisleFern, DarkHeart, ToadTail, BreezeHeart, BlackWing and Rockpaw.

The patrol Finally reached the river that separated the two teritories. It was Moving at a high pace. Each induvidual cat Leaped over the river, one by one they finally made it across

"I'm going to teach those flowerclan murders not to mess with moonclan" whispered Icepaw to her sister.

"SSHHH"Said mousepaw quietly "keep your voice down"

Icepaw's ears slid to the back of her head "sorry"

They walked into the field of flowers. They were close to their camp.

"lets take the back way" said darkheart to applestar "and take them by surprise"

"good idea" said applestar "cottonfoot were going the backway"

Cottonfoot turned and nodded. Darkheart smiled at them.

They walked further in the flower patches.

Icepaw looked at the flowers and smiled "the scent of the flowers will ours"

Darkheart pushed icepaw over "i don't care, and about every one knows that" growled darkheart.

Icepaw shook off the dust in her fur and began walking again. She

gave a cross look at darkheart.

The battle patrol stopped at the back entrance of their camp. All the senior warriors gathered at the hole.

"MOONCLAN ATTACK!" shouted cottonfoot. All the cats raced in the camp and looked at the not so startled flower clan. I-It's like they were expecting moonclan to show up.

A brown she-cat with gray on her fur stepped forward. That was pinestar, flowerclan's leader. "oh Applestar" said pinestar trying to sound surprised "how are and your clan eh? oh did you like...OUR little present of ours" she said with an evil smirk on her face.

"HOW DARE YOU KILL A KIT AND A QUEEN!!!" yowled darkheart.

Pinestar paused and looked at her cats "flowerclan...ATTACK" she yowled. Flowerclan cats came barling toward them.

"MOONCLAN ATTACK" Yowled Applestar.

Warriors and apprentices from each clan were fighing each other to the death. this was no ordinary battle....this was WAR!

A black and gray tom smashed into icepaw. Icepaw spun around and threw him off. He landed on his feet but, then icepaw grabbed his forelegs and bit it. She lifted him up and tossed his into a tree. He hit the tree and fell to the ground motionless.

"weak" she called out to the dead cat.

As soon as she said that, she heard a cat scream. She spun around and looked at cottonfoot, lying on the medow floor. Blood was staining his beautiful white coat. Above him pinestar was laughing.

"so much for the moonclan deptudy" she sneered at the bloody, dead cat. Pinestar's paws were covered in blood and so was her muzzle.

Icepaw was furious. She ran toward pinestar and rammed into her side with out thinking.

Pinestar hit the ground and looked at the apprentice standing above her. Pinestar looked at icepaw with amusment.

"you think you can beat a leader with four lives left" she sneered "well apprentice" pinestar flexed her claws "that was a FATAL MISTAKE!" Pinestar sunk her claws in icepaws side and threw her off. Icepaw hit the ground. She felt powerless agaist her. Pinestar lungged at icepaw and started slashing her. Icepaw struggled to get free. Pinestar kept slashing at icepaw like a kittypet with a kittypet toy.

She'll finish me off soon, though icepaw to herself.

She looked up at on of the only trees in the medow and saw the black cat standing there, watching her.

"Kill her" he shouted practically in icepaws ear.

"but warriors don't kill" pleaded icepaw in her mind "and plus she has four lives left"

"she killed your deptudy, a queen, a kit and soon...YOU!!"he shouted "use the moves you did on the bager.....she be finished off in no time"

"but..." said icepaw, but she was too late, he vanished from sight.

Pinestar was going to kill her off really soon.Icepaw bit down on pinestar's leg to free herself but, it didn't work.

"okay....you wana play" said icepaw really angry "then lets PLAY!"

Icepaw felt power in her unlike she has before. She flung pinestar off of her with her back feet. Pinestar hit a tree and yowled in pain. By this time all the cats from both clans were starring in shock at icepaw and pinestar's battle. Pinestar quickly got up and stood ther panting.

"thats all you got apprentice" she challenged. Pinestar came barling toward icepaw. Once pinestar was close enough, icepaw leaped on her back and bit down on her neck. Blood sweled in icepaw's mouth. Pinestar threw icepaw off her back and turned around

and faced the apprentice.She raced into her side and bit down on icepaw's stomac.

I need to finish her off soon, icepaw though to herself.

She wiggled out of pinestar's grip and hit into the leader. Pinestar was flung into the air and icepaw jumped and clawed pinestar's stomac. Icepaw dug her claws deep in and blood poured out of pinestar. Pinestar hit the ground, unable to move and looked at icepaw standding above her.

"it all ends here pinestar" said icepaw.

"it never will" gasped pinestar "i'm not your biggest threat.....it's your clan mates you should be worried about"

"what ever" said icepaw as she ripped further into pinestar's side. Icepaw backed away and saw pinestar twich then she went still.

She lost only one life, thought icepaw in her mind, only three more to go.

But pinestar opedned her eyes in horror and started twiching again then went still. She did this two more time till she finally lyied still on the ground. Pinestar's cold blood was stuck on icepaw. Icepaw stood in horror along with the other cats.

Oh starclan,she thought, what have i done!

"PINESTAR'S DEAD!" Yowled a random flowerclan cat.

I-I can't belive i killed a leader with..four lives left, said icepaw in her head.

"She deserves it" sneered Mousepaw. DarkHear looked at her apprentice with a death look.

"But" Began thislefern "she killed cottonfoot"

"moonclan retreat" yowled applestar "flowerclan i belive has learned their lesson"

They all walked out of flowerclan's camp, beaten and brused but non as badly as icepaw.

"icepaw a-are you okay?" asked rockpaw consered.

"y-yeah i-i'm fine" said icepaw. She felt dizzy but still kept on walking. She wasn't looking too good. The wound on her sides were bleeding heavily. All the sudden icepaw stopped and sighed with exhaustion. Her brother turned and looked at her.

"are you sure your okay" he asked again.

"rock..paw..i...i'm..i'm fin" icepaw cut off her scentance and fell to the ground. Her blood stained fur started bleeding again. She lyied there motionless.

"ICEPAW!!!" screamed rockpaw, mousepaw and redpelt. Then icepaw closed her eyes and then things went black.....

Chapter 12 " I survived "

Okay i just wanted to say a few things before you start reading.....i'm really happy with how the story is coming along...sorry i haven't been writing as much as i should though.....and also i'd like to say thankyou for reading my story it really means alot!!!!! anyway sorry for making you read this pointless part of the story but yeh.....coment on how you think the story will end.....please vote, coment and fan me!!!!!Enjoy!!!

Icepaw woke up to see herself in a field of clouds and stars. It was peaceful and quiet.

"w-where am i?" she said out loud.

She caught the scent of another cat. She turned around and saw a beautiful torteshell with a white muzzle. The torteshells fur sparkled unlike any cat she'd seen before.

"w-who are you" said icepaw a little intimidated my the she-cat.

"don't worry little one" she said in a soothing, clam voice "i'm not going to hurt you"

ice paw sighed with relife. She then looked at the clouds and stars "do you know where i am?" asked icepaw.

The torteshelled nodded "your in starclan little one"

"WHAT?!" exclaimed icepaw "i-i can't be dead.....not yet"

The she-cat looked at icepaw and giggled "don't worry....your not joining just yet"

Icepaw sighed heavily at that anwser. Icepaw looked at her again "w-what's your name and what clan are you from?"

"dear icepaw" began the torteshell "My name is spottedleaf and i'm the past medicine cat from thunderclan you see.....not a clan from around here"

"thu-thunderclan?" asked icepaw confused.

Spottedleaf looked at icepaw and sighed. she closed her eyes with hurt. When she opened them, icepaw could see hurt and sorrow in her eyes.

"icepaw...i-i have to ask you a question" asked spottedleaf.

"sure" said icepaw smiling "what is it?"

"well' spottedleaf's eyes wandered to the sky "why do you listen to s-i mean the black cat?"

Icepaw looked confused at her "he gives me good advice on how to battle and"

Icepaw was cutt off by spottedleaf "NEVER LISTEN TO HIM ICEPAW, HE'S AND EVIL CAT AND IS TRYING TO TRAIN YOU FOR SOMETHING HE HAS PLANED!!!!" yowled spottedleaf.

Icepaw crouched down and looked at spottedleaf. Each hair on spottedleaf's pelt was stuckup like a thisle. Spotted leaf calmed down and sighed.

"but....he helped me save the patrol, and he saved my life" said icepaw.

"well...yes"said spottedleaf "and you were suposse to kill pinestar"

"good cause i thought that"

"but you should be careful on what he tells you to do" said spottedlead cutting off icepaw.

Icepaw nodded "hey spottedleaf...do you know what pinecloud ment before i killed her...about how i should be careful about my clan mates?"

"you must find that out for your self icepaw" said spottedleaf "but you will face more trials in life than most normal cats icepaw" spottedleaf paused "cause you are far from normal"

"what do you mean by"

"it's time for you to return home icepaw" said spottedleaf fading away.

"wait SPOTTEDLEAF!!" screached icepaw but, it was too late, spottedleaf had already vanished and icepaw was back in the real world. Icepaw opened her eyes to see her in the medicine cat den.Her head was spinning and she felt light headed. She saw moonpaw in a conner sorting herbs. Icepaw looked at the entrace of the den. It was light out so that ment that it was morning.

"hey moonpaw" said icepaw "what happened last night?"

Moonpaw spun around and looked at icepaw in horror. Icepaw tilted her head confused.

"PINECLOUD, PINECLOUD SHE'S ALIVE!!!!" shouted moonpaw. Pinecloud came in the den with herbs in her mouth. PInecloud looked at icepaw really wierd.

"i-it can't be she was dead for a long time" said pinecloud.

"WHAT DO YOU MEAN DEAD!?" shouted icepaw in alarm.

"we were getting you ready for your vigil" said moonpaw.

"YOU WERE!" icepaw was still in shock.

"just relax icepaw" said pinecloud a little shaky "let me get the clan"

Moonpaw was looking at icepaw's body. Icepaw gave her a weird look.

"i-i don't understand" said moonpaw "all of your injuries are healed"

"they are.."said icepaw. Then she remebered spottedleaf. Spottedleaf must have healed me....but....why?

"MY DAUGHTER" Yowled thislefern as he ran in to greet his daughter.

"dad why are you FREAKING OUT?!" said icepaw as thislefern nugged into her.

"Cause you were supossed to be DEAD" he shouted "but your not"

"icepaw y-your alive!" said sealpelt and mousepaw as they came into the medicine cat den.

"well isn't this a mirical" said applestar "thank starclan for sending you back to us"

I can say in more ways than one, thought icepaw in her mind.

"pinecloud" said moonpaw running up to her mentor "all of her wonds are heled and i"

"moonpaw" said pinecloud cutting moonpaw off "starclan has given this cat a second chance"

"i admire your bravery icepaw" said applestar "and starclan has chossen to bring you back to us, so you must have something in your path that you must follow before you leave"

Icepaw nodded and looked at mousepaw "who's the new deptudy?"

"redpelt" said mousepaw proudly.

It's no joke that she likes redpelt and he likes her, thought icepaw in her mind.

"cool" said icepaw.

"icepaw" icepaw was a little starttled when applestar said her name "follow me, i want to annouce to the clan that your alive"

Icepaw nodded and followed applestar out of the medicine cat den. All the other cats ,that were in the den, also followed applestar and icepaw to the skyoak. Icepaw climbed up with applestar. She sat down next to him and sighed.

"ALL CATS OLD ENOUGH TO CATCH THEIR OWN PREY JOIN HERE BENEATH THE SKY OAK FOR A CLAN MEETING" Shouted applestar. His voice rung in icepaw's ears.

Slowly cats gathered below the sky oak and sat down. They where whispering and murmering all around.

"as you all know" began applestar "we attacked flower clan last night and lost our deptudy to pinestar" he paused.

"don't forget icepaw" said darkheart.

I guess she didn't hear the news about me yet, thought icepaw in her mind.

"let me finish darkheart" said applestar a little bit annoyed. Darkheart looked at applestar annoyed as well "we also thought we lost our brave apprentice icepaw as well" he pused and looked at icepaw to come out. she walked out to where cats could see her "but starclan has spared her and sent her back to us"

Cats gasped and looked around. But no cat looked as shocked as darkheart did. Applestar looked at icepaw with pride "and because of her, pinestar's treachery has ended" he paused and looked at his clan mates " and i think that she deserves her warrior name"

Icepaw's mouth about dropped. She was really shocked about this. She couldn't belive this that her warrior cerenomy was happening right now!

"icepaw" said applestar "do you promise to uphold and protect the warrior code and your clan mates, even through death?"

Icepaw nodded "i do"

"then by the power of starclan i give you your warrior name" he paused and looked at her "icepaw from this day forward you'll be know as IceBreath, may starclan light your path" he finished and sighed. Icebreath was jumping with joy.

"ICEBREATH, ICEBREATH" cheered her clan mates. She scanned all the cats with excitment. But she saw that darkheart and mousepaw

were the only ones not cheering. Well since mousepaw was darkhearts apprentice , and since darkheart hated icebreath, she probly told mousepaw not to cheer knowing darkheart. But then it also hit her, what if mousepaw was mad at her for getting her warrior name before mousepaw?

Chapter 13 "battle of love"

"icebreath your vigil is now over, you may get some sleep" said redpelt.

Icebreath yawned and walked over to the warrior's den. She saw sealpelt walk out. She became really excited.

"hey sealpelt" said icebreath, he looked at her "do you want to go hunting after you go on dawn patrol?"

He paused and then looked back up at her "well.....i can't.....i have *certian* thigs i have to do today" he said as he looked at the medicine cat den.

"oh" said icebreath dissappointed "okay then.." she walked in the warriors den and climbed in her new nest.

Icebreath was really excited that she was a warrior, but was bumped about sealpelt though.

She closed her eyes and fell asleep.

* * * * * *

Icebreath walked in the medicine cat den. She was carring a nice, plump vole in her mouth, for moonpaw.

"hi moonpaw" said icebreath friendly as she set down the vole.

"hi" she replied.

"here" said icebreath as she pushed the vole to her sister "i caught this for 'ya"

"thanks" said moonpaw as she looked over at the vole. She then took her attention to mousepaw.

"her warrior assesment is today" she said. Icebreath saw sealpelt

walk over. He saw moonpaw and winked. Moonpaw blushed and looked away.

Icebreath sighed "moonpaw, have you noticed redpelt latley?"

"what do you mean?"

"i mean the way he acts around mousepaw" said icebreath as the two of them walked out of the den.

"yep" said moonpaw "he's a good mate for her"

"icebreath sighed and looked at sealpelt eating a rabbit "i wish it was like that with me and sealpelt"

"what do you mean by that?" aske moonpaw.

"well....he turned down hunting with me again today cause he said he had stuff to do but, he's doing absoutly nothing" said icebreath a little ticked off. " i think he's lost intrest in me"

"Well yes.." said moonpaw drifting off "but i think that you deserve a different cat than him...i mean...like...um...well...theres...um"

Icebreath remembered the way sealpelt winked and moonpaw. Icebreath became furious. How dare her sister steal her mate from her!!!!!

"you know you'll be breaking the medicine cat code" said icebreath.

"well" said moonpaw "he's so charming and nice.....the medicine cat code can wait"

"HOW DARE YOU!!!" Screeched icebreath "YOU STOLE MY MATE FROM ME!!! YOUR MY SISTER FOR STARCLAN'S SAKE!!!!! AND YOUR A MEDICINE CAT!!!!!"

Icebreath stormed off into her nest. She saw sealpelt touch his nose agaist her sisters. Icebreath started crying heavily. For the rest of the day, icebreath stayed in the warriors den. She was so depressed. She didn't even go to mousepaw's and rockpaw's nameing cerenomy.

"a-are you okay?"

Icebreath looked up to see her brother and sister standing above her.

"i-i'm just upset...thats all" said icebreath.

"upset about what icebreath?" asked her brother "you know you can tell us everything"

"m-moonpaw....s-sealpelt...m-medicine cat c-code" mumbled icebreath "i'm just upset rockpaw and mousepaw!"

"that's not our names any more" said her sister "were now rockfur and mousepelt"

"Congrats" sid icebreath trying to be happy.

"well...i dissagree with moonpaw" said mousepelt "i mean she should just focus about herbs and stuff.....not mates or having kits"

"yeh" i said agreeing " and plus sealpelt is, i mean was my mate"

"was?" asked rockfur.

"well...moonpaw kinda won over his heart" icebreath said a little sad but icebreath was mostly mad.

"oh...." he said as things went silent.

Icebreath got up from her nest and streached "i'm going to go for a walk....to burn off some steam"

"okay" Said rockfur "feel free to anytime"

I looked at my brother and sister. I could tell that they were really worried about me. I walked out of the warriors den and headed out of camp.

* * * * * *

"sealpelt never liked me" said icebreath out loud "he was just using me to get to moonpaw!"

She walked over to the twoleg plack and sighed. She'd been walking for just a few minuets. She saw a tree stump and she attacked it. She was getting all her anger out. She finally stopped and was panting with exhustion. Her ears twiched, she hear something russing in the long light brown grass. She sniffed the air.

Icebreath thought, just a ro....., she sniffed the air again, wait...i know that scent!

She bounded toward where the russing was. She saw something pop up and looked at her. Icebreath could not belive her eyes!

"STONEFUR!!!!" she shouted as she went running to him.

He looked closer then started to smile.

"ic-icepaw!?" he yowled as he touched her nose.

She turned away from him and looked at him "icebreath" she corrected.

"you got your warrior name...thats awsome!!!" he shouted.

Icebreath felt like she was being watched.

"follow me" she said tilting her head toward the trees "we don't want fireclan cats to hear us"

They walked toward a abandon two leg nest far from her camp but, still in moonclan teritroy. Once they were inside she sat down in a nest she had made. Stonefur looked at her and walked in with caution.

"don't worry" she said "i found this place when i was a little kit and i ran off, it's been my secret hang out"

Stonefur padded toward her. She stood up from the nest and rubbed agaist his cheack. She pulled away and blushed.

"i just had to see you againg icebreath" he blurred out "you were all that i could think about since i met you.....i couldn't stop thinking about you!"

"me too!" said icebreath "there was...'other cat' that wanted me as his mate but.....i'd rather have you" she said blushing with imberessment.

He looked at her and licked her ear. Icebreath felt butterflies swarming in her stomac.

"it's not far from here to my teritory if you use the drain pine that runs across under the twoleg place.....why don't we meet here everynight?!" he said.

Icebreath knew she'd be breaking the warrior code by doing this but.....it felt so righ to her. She nodded.

Icebreath snuggled close to stonefur "i'd like that...alot"

"we could teach eachother hunting and fighting stratagies...it could be fun" he said.

"i'll teach you other clan stratagies as well" said icebreath "but it might be hard to teach you the water clan hunting abilities, cause i can't swim"

"don't worry" said stonefur "i'll teach you how to"

"okay"

And from then on icebreath kept meeting stonefur, night after night. She learned how to swim and he learned how to use mouse bile as a wepon.

Chapter 14 "Kits, kits and more kits"

It has been three moons since icebreath has started seeing stonefur. Icebreath was happier than ever with him. And the best part was that....no cat knew about it!

Icebreath waited with redpelt outside the nursery. Moonpaw got her name two and a half moons ago, she's known as moonfur. The clan found out about moonfur and sealpelt and were well.....okay with it so they allowed moonfur the keep seeing sealpelt.

Icebreth watched redpelt pace back and fourth. She was wating impationly too but, not as bad as him.

Pinecloud imergerd from the nursery with moonfur at her side.

"its official" said pinecloud "your a father redpelt" Red pelt looked at pinecloud with excitment and ran down in the nursery.

"how's mousepelt?" asked icebreath concerned.

"she's fine" said pinecloud "Her kittening was rough but, it always is when it's a first time"

"c-can i see her?" asked icebreath.

"of course" said pinecloud "go right ahead"

Icebreath nodded and dissappered in the nursery. she appered and looked at her sister and her mate snuggled close together. Icebreath walked closer and saw three tiny kits cuddled next to mousepelts fur. Icebreath sat next to her sister. Her sister looked at her with happines and exehation.

"oh mousepelt" said icebreath in a soothing voice "there precious"

"i know" repiled mousepelt "there all so tiny"

"have you thought of names yet?" asked flowereheart.

When swiftkit died, flowerheart had two she-cats. a gray and white cat with spots, was named swiftkit, in memory of swiftdawn. and the other one was a plain orange ginger cat named larkkit.

"well.." said mousepelt looking at her kits.

"i think we should call this red tom, hawkkit for his fisty spirit" said redpelt

"Hawkkit.....i like it" said mousepelt licking hawkkit. He mewed and icebreath sighed at his mew.

"what about mudkit for the black and brown tom?" asked mousepelt as she looked at her mate.

"that's perfect" replied redpelt, he looked at the last kit "what about the she-cat?"

"oh i already picked a name out before she was born" said mousepelt "she's icekit, after my sister, icebreath"

"you named your daughter after me!" said icebreath shocked.

"well....yes, you've always been my closest friend" repiled mousepelt.

Icebreath looked at icekit, Her little light gray and white body squrimed agaist mudkit. Icebreath sighed.

"icebreath" hissed darkheart in the other coner of the nursery "your crowding the nursery"

"oh sorry...i'll leave" said icebreath as she left the nursery.

Darkheart was expecting blackwings kits. she was due any day to have them.

Icebreath looked at the beautiful sunset.

It's almost sun down, she thought <it's almost time to meet

stonefur.

Icebreath startted to pad to the exit of camp when she heard a voice.

"icebreath.....c-can i talk to you for a minute before you go on your nightly walk"

She turned around and saw moonfur stadding there looking at her paws. Icebreath closed her eyes and sighed.

"sure moonfur"repiled icebreath.

Icebreath hadn't really talked to moonfur because of her and sealpelt. The two sisters walked in the medicine cat den.

"where's pinecloud?" asked icebreath.

"collecting herbs" repiled moonfur.

"so what did you want to talk to me about?" asked icebreath.

"well.....are you mad at me...for stealing your mate?"

Icebreath sighed. She couldn't tell her sister about stonefur "i've moved on"

"good" said moonfur as she walked further into the den. Icebreath followed her sister to the back. Moonfur was slouching.

"thats not what you wanted to talk to me about was it?" said icebreath as she walked up to her sister and nugged her.

"well....." moonfur began "i-i'm expecting kits"

"WHAT?!" yowled icebreath "YOUR A MEDICINE CAT YOUR NOT SUPOSE TO!"

"sshhh" said moonfur. Icebreath quieted down but, was still furious.

Icebreath sighed "have you told sealpelt?"

"nope, i don't want him to find out" said moonfur "but he said if it

ever did happen i could.."

Icebreath cutt off her sister "WELL SEALPELT CAN JUST GO TO THE DARK FOREST FOR ALL I CARE!!!!"

Moonfur started crying. Icebreath relized that she wasn't helping her sister at all through this rough time.

I guess she didn't wan to have kits...she just wanted to be loved by a tom, thought icebreath to her self.

Moonfur kept crying "i=i don't know what to do" she tried to talk "if moonclan finds out...i-i'll b-be killed....and so will my kits"

Icebreath kinda felt bad for her sister. Stonefur popped in her mind and well.....she got an idea but...she'd have to sorta lie.

"wait" said icebreath calming "I know a kittypet who just lost her kits and would take them in"

Moonfur stopped crying and looked at icebreath "kittypet"

"look i met her when i was on my walk a few days ago" lied icebreath "you wouldn't have to worry about them starving to death either"

"wel....." moonfur looked at her stomac "i think that would be the best decision icebreath"

"when are they suppose to be born?" asked icebreath.

"anytime"

"does pinecloud know?"asked icebreath worried.

"nope" said moonfur proudly.

"i'll try to find st-i mean the kittypet when i'm on my walk and i'll ask her, okay" said icebreath.

"thank you so much icebreath" said moonfur. They walked out of the den and icebreath looked at the sky.

"well" said icebreath as she turned to moonfur "id better be going"

"Okay"

I had to lie to her, thought icebreath, i know no kittypet but i'm sure stonefur will take tem into riverclan.

I hope you enjoied this chapter.....intense....well sorta. Since this is a fan fiction i decited to put reedwhisker, whitetail and ratscar in the story but as kits(they'll be in chapter 16).....i know this doesn't happen in the book but i thought it would make it interesting.....Please vote comment and fan me!!!

Chapter 15 "The storm"

"icebreath what took you so long" asked stonefur as he padded to icebreath. She came out of some bushed and she sighed.

"my sister" she said as she and stonefur walked into the old twoleg nest. She sat down on the floor and sighed.

"which one?" he asked as he sat next to her.

"the medicine cat one" she said depressed.

Stonefur looked at icebreath and rolled his eyes at her "somethings, what did she say" he said concerned.

"she's going to have kits..." replied icebreath hidding her face.

"s-she broke the medicine cat code?" he said surprised.

Icebreath lifted her head up and looked at him "i know....if moonclan were to know about this they would kill her in an instant"

"why....don't they know about it?" he asked as he licked icebreath's ear.

"nope...she's hidding it very well" said icebreath as she nugged closer to stonefur.

"so what's going to happen when their born?" he asked.

"s-stonefur i have to ask you a favor" said icebreath as she looked up at him.

"you want to give her kits to me" he said, preatty much guessing everything she was going to say.

"well...yes" said icebreath quietly.

"did you tell her abou-about us?" he asked worried.

"no....i said that you were a kittypet that lost her kits and would take them in" she said.

"a kittypet" he said "THATS WHAT YOU THINK I AM!"

Icebreath laughed at his comment.

"you think i'm a fat chuby cat that eats rabbit pellets!" he said trying to kid around.

"yep" said icebreath "but your MY chuby kittypet" she joked.

He chucked and looked at her. Icebreath started laughing to.

Stonefur stopped and looked at icebreath "okay.....ao when are they due?"

Icebreath stopped laughing and looked at him "anytime"

"i'm sure riverclan will accept them" he said "and if not, thunderclan will, if they let a kittypet become a warrior then, they'll take these kits."

"thunderclan?" said icebreath softly.

Spottedleaf's words echoed in her mind.

"well..i better" icebreath was cut off by a strike of lightning and a bom of thunder.

Stonefur walked to the door of the house and looked out side. It started pouring rain, hard.

"i-i can't walk back to riverclan in this storm" he said as he padded back to icebreath.

She looked out and sighed. The rain was way too heavy to walk back to camp in.

"me too" she said.

"lets stay the night here" suggested stonefur. Icebreath nodded and she pulled out some moss on the side of the house. She saw some

feathers and grabbed those too. She set them down in frount of stonefur.

"lets make a nest out of this" he said with a mouthful of moss and feathers. Icebreath nodded and grabbed some as well and they moved it over to the furthest corner of the house. It was a back bedroom that was at the back of the house. It had a hole in the side of the house so if they needed to they could escape.

Once they were done icebreath lied down in the nest. It was more comfertable than the one in the warriors den. Stonefur lyied next to her and sighed. They heard the pouring of the rain, pounding on the roof of the old house. They soon fell asleep together.

As the storm raced vilontly through the two forests. in the twoleg place, the black cat looked up at the pouring sky.

"soon my apprentice will be ready for battle" he said to him self out loud.

"scourge?" said another cat emerging from the towering skyscrapers.

"yes bone" said the black cat as he turned and looked at the cat.

"tigerstar wants to disscuss battle plans"

Scourge stood up off of his dumpster he called home and streached. His purple toothed collar sparkled in the rain.

"soon my apprentice, soon" he repeted to himself as he dissapered in the ally.

Chapter 16 "Good bye my beloved kits"

Icebreath woke up and saw stonefur still asleep by her side. He slowly opened his eyes and looked at his mate.

"good morning" said icebreath.

"well a good mornig to you too" he said as he licked her ear.

"i better get going" he said as he got up from the nest.

"me too" said icebreath.

"and remember" he said softly "i will always love you, i will never leave your side"

She closed her eyes then opened them slowly.

"remember to come tonight" she cried out to him as he left.

"don't worry i will" he yowled back to her before he dissapprered in the brush.

* * * * * *

As icebreath passed through the forest of her moonclan home land, she heard crying. She listened closer to the crying.

Wait, she thought ,t-that's moonfur!

She raced toward the crying. Her heart was puonding and the blood roared in her ears. She stopped to catch her breath and listened again. She heard it again and went running. She came across a hole in a huge tree root. She looked in and saw three tiny kits. She paused and was thinking.

Why would there be kits alone in a tree root? she thought to her

self.

Her ears twicthed and she heard the crying again. She padded away from the tree root and headed to where the crying was. She could hear the river flowing swiftly and also the crying. Icebreath emerged from a bush and saw moonfur crying histarically. She was bent over a small bump of earth.

"m-moonfur whats wrong?!" said icebreath alarmed.

"i-i lost her icebreath" said moonfur as she looked at her "i-i couldn't save her"

"who?"

"my daughter...s-she died....a-and i couldn't s-save her"

"oh moonfur" said icebreath as she padded over to her sister.

"i-its so hard to barry a kit.....especially when it's your kit" said moonfur.

"y-you kittened?"

"yes....goldenkit wasn't my only kit i barred" said moonfur as she padded away from the river, from where her kit lyied, barried.

"goldenkit?"

"yes, she's the one i lost"

"oh..."

They walked over to the same tree root icebreath came acrossed. Moonfur looked at icebreath and sighed. Icebreath looked at them. They squirmed around.

"what are their names?" asked icebreath.

"the black tom one is reedkit, and the small white she-cat is whitekit and the brown tom with a scar on his back is ratkit" said moonfur.

"how did ratkit get a scar?" asked icebreath curisous.

"well he climbed over to a sharp thorn and it sunk into his back" said moonfur.

"okay"

"so were you able to talk to the kittypet last night?"

"yes, she said that she'd be more than happy to take them in" lied icebreath sorta.

"i-i can't leave them here alone" said moonfur as she looked at her sister "but i need to do medicine cat duties and stuff...would you mind watching them for me?"

"sure moonfur"

"Okay" she said as she left icebreath with her kits.

* * * * * * * *

"over here" said icebreath.

"where are we going?" asked reedkit as he padded along side icebreath.

"were going to meet a cat" said icebreath.

They kept walking.

"okay" said icebreath once she reached the old twoleg nest "wait here"

"why?" asked whitekit.

"because, she's going to bring the cat to us so we don't have to walk any more" sneered ratkit.

Icebreath sighed and left. She came back a few seconds later with stonefur.

"okay kits this is stone fur, he's going to take you to your new

home" she said. Stnefur stepped forward. And instanly the kits ran up to greet him. Icebreath giggled.

Ratkit looked at icebreath confused "mama said were going to a twoleg place but, i don't want to" said ratkit "i want to be a warrior"

"you will be little one, see stonefur is a warrior from a clan far away" she said to the kits.

"okay" said reedkit happily.

stonefur looked at the kits for a long time. Icebreath looked over to him worried. He looked back and smiled.

"i think we should put them in different clans" he said "reedkit will be placed in riverclan"

"ratkit seems like a shadowclan warrior by heart" he said "and whitekit is a total windclan cat, she's small and fast"

"excelent" smiled icebreath.

"i'll take it from here" he said to his mate "and remember, i will always be at your side and i will always love you"

"i love you stonefur"

"i love you icebreath"

I hope you enjoiyed this chapter!!! please coment, vote and fan me!!!

Chapter 17 "murder on the rise"

Icebreath walked back to camp. Moonfur ran out of the tree root where she kept her kits.

"the-there gone?" asked moonfur.

"y-yes moonfur" repiled icebreath walking up to her sister.

Moonfur started tearing up.

"it's okay" said icebreath trying to sooth her sister "they'll be safe"

"i k-know" began moonfur "b-but IT'S SO HARD!" she cried.

Moonfur cried for a while before icebreath decided that crying wasn't going to help here.

"let's get something from the freash kill pile....i bet there's some rabbit" said icebreath trying to make her sister happy again.

Moonfur nodded and together, the two sisters walked back to camp. Icebreath pushed away the vines of camp and walked over to the fresh kill pile. Moonfur followed her and sat down. Icebreath picked up a nice, juciy rabbit. Icebreath took the rabbit to her sister. Moonfur turned away and looked in the nursery. She saw mousepelt curled up with icekit, mudkit and hawkkit. Moonfur started tearing up. icebreath dropped the rabbit and looked at her sister.

"l-look at mousepelt w-with h-her k-k-kits" moonfur struggled to say, trying not to cry "som-sometimes i-i w-wish i wasn't a medicine cat"

Icebreath sighed "lets just eat okay".

They bent down and started eating the rabbit. PInecloud came racing out of the medicine cat den, with furry and panic.

"MOONFUR WHERE HAVE YOU BEEN TODAY!"pinecloud exclaimed.

Moonfur's secret won't stay a secret for long, thought icebreath.

"i went to go to find icebreath after the storm last night" she lyied.

"well while you were prancing around the forest" yowled pinecloud "darkheart almost died kittening, and applestar is losing his LAST LIFE!!"

"WHAT?!" exclaimed icebreath.

"pinecloud calm down" said redpelt as he came padding out of the medicine cat den "there's no use in yelling, he's already dead"

"so...that means redpelt is the new leader of moonclan?" asked icebreath.

"yes..."said moonfur preatty upset.

* * * * * *

Icebreath walked in the medicine cat den to see her mentor and leader for the last time. She saw pinecloud looking at applestar with grief. Cause pinecloud was applestar's litter mate.

"p-pinecloud?" asked icebreath "h-how did he die?"

"well i guess of old age" she said. But something caught her eye. Pinecloud looked at applestars mouth and stood there in horror.

"i-i can't belive it" screeched pinecloud "h-he w-was MURDERED!!!"

"What do you mean?" said icebreath curious "there's no claws marks on him so, why do you say he was murdered?"

"icebreath come over here" said pinecloud pointing to applestars mouth "look at that"

"um....pinecloud....thats blood" said icebreath.

"nope" said pine cloud as she shook her head "it's death berry juic

,and i would know cause i'm a medicine cat"

"a-are you sure?" asked icebreath warrily.

"i'm positive" she replied.

"okay, so the cat that killed applestar probably gave him a pice of prey stuffed with deth berries" said icebreath "so the last cat to give applestar prey must be the killer"

"mousepelt" whispered pinecloud under her breath.

"what? why did you say mousepelt" asked icebreath.

"mousepelt gave him prey last" said pinecloud rasing her head "MOUSEPELT KILLED APPLESTAR!!"

Sorry to leave you an a cliff hanger but it just makes you want to read more!!! please vote comment and fan me!!!

Chapter 18 "The murder strikes again"

"WHAT!" exclamied icebreath "s-she can-she coul-she wouldn't do that..would she?"

"she's a murder" said pinecloud in a raspy, low voice.

"I-I don't belive you!" shouted icebreath "she'd never do something like this, not mousepelt"

Pinecloud looked at icebreath "looks can be deciving icebreath, a lesson you must learn"

Icebreath hissed at the medicine cat and stormed off. she walked inside the nursery and saw tigerkit, darkhearts son, and deathkit ,darkheart's daughter, play fighting. hawkkit went running up to his aunt.

"hi icebreath" he said poitely.

"hi hawkkit" she said looking at him, he looked almost like his father. mousepelt sat up from her nest and streached.

"what are you doing here icebreath?" she asked as she walked up to icebreath.

"c-can i talk to you...alone" said icebreath looking at clingy mudkit.

"sure" said mousepelt picking up mudkit by the scruff of his neck. she set him down on the mossy bed.

"hawkit and icekit please watch mudkit while i go and talk to icebreath for a few minutes?"

The gray and white kit nodded "sure mama"

mousepelt sighed and followed icebreath outside of camp. they

reached the forest and started walking. once icebreath was sure no one would hear them, she sat down.

"so what did you want to talk to me about?" she asked.

"well...."icebreath twiched her tail "pinecloud told me that she thinks that you killed applestar."

"WHAT! no i didn't, why would you think i killed him" yowled mousepelt.

"i knew it wasn't true but, i asked anyway and i know you'd tell me the truth about any thing" said icebreath.

Out of the corner of her eye, icebreath saw a rabbit, so close to them. its a surprise that hadn't scented them yet ,on how close it was to them. icebreath made a leap for the rabbit. before the rabbit knew what was going on, icebreath already had it's neck clamped down in her mighty jaws.

"nice catch" said mousepelt.

"i couldn't turn down an opportunity" said icebreath as they padded back to camp.

* * * * * * *

"pinecloud, pinecloud"

"what?!"

"i'm going herb gathering"

"in the middle of the night?!.....okay fine moonfur"

"thanks pinecloud"

A few minutes later. Pinecloud heard a twig snap.

"m-moonfur?" whispered pinecloud warily.

A black cat appered in the entrance of the den.

"w-who are you!" demanded pinecloud, rasing on her hackles.

"oh pinecloud, you know too much about.....*our* plans" said the cat evily "and you have also spilled too much too"

"what do you mean?"

"i over heard you talking to icebreath, good thing she's absolutly clueless about our plans when you about annouced the whole THING!"

"i-i don't understand" said pinecloud "what are theses *plans* of yours?"

"moonclan will no longer be the peace maker for the rest of the clans" said the black cat flexing its claws "its time that a new POWERFUL leader takes charge"

"so your just going to make war agaist all the clans" yowled pinecloud "where's that gonna get 'ya!"

"well once we defeat the other clans, they surely follow our orders" the cat paused and stared at pinecloud "once their clan leader's, deptudy's, and medicince cat's are dead, then our leader will follow through with his plans"

"w-who's your leader.....is mousepelt behind this!" screached pinecloud.

"i'm not saying who our leader is but, lets say that mousepelt was..framed! she didn't do any of this pinecloud!"

the cat leaped on pinecloud pushing her over on her back. "you'll have to think harder on who's behind this but, you'll figure this out while in starclan!"

The cat sliced open pineclouds throat. pinecloud gasped for air. The cat stepped off the dying medicine cat.

"say hi to applesrat for me love"

pinecloud took one last deep breath then.....the she-cat lyied

still,dead.

The black cat laughed "who knew applestar and pinecloud were so easy to kill.....now redstar and icebreath to go!" it walked away from the bleeding, dead body of pineclouds.

- this chapter gave me the chills!!! anyway hoped you've enjoied!!! its now turning into a life and death kind of betraly novel. idk how many chapters there are gonna be but, i will say that there will be a cople other books that lead on after this story(if that makes any sense.....well any way that means that i'm going to wirte a second book after this book the first one!!) please comment, vote and fan me!!!

Chapter 19 "apprentices"

redstar was going to make larkkit and swiftkit apprentices before he headed to the moonflower to recive his nine lives.

"larkkit from this day forward" he spoke to larkkit "till you recive your warrior name, you'll be known as larkpaw"

"rockfur i trust that larkpaw will be in safe hands"he said looking and rockfur.

"thankyou redstar" said rockfur as he bowed his head.

redstar turned and faced swiftkit.

"swiftkit, from this day 'till you recive your warrior name, you'll be known as swiftpaw"

"icebreath, i trust that you'll teach everything you have learned"

"th-thank you redstar" icebreath couldn't belive she just got her first apprentice!!!

"SWIFTPAW,LARKPAW,SWIFTPAW,LARKPAW!!" yowled moonclan.

Once it died down ,redstar padded to the nursery to cheack on his kits. all the cats renturned to their normal duties.

"hi, i'm sssooo glad your my mentor" said swiftpaw "your one of the bravest warriors in the WORLD!!"

icebreath laughed a little at the apprentices amirence of her.

"well, i think your going to be the best apprentice in the world!" said icebreath.

"REALLY!!" swiftpaws eyes sparkled.

icebreah nodded. rockfur touched the tip of his tail on icebreath's

spin. she looked at him. larkpaw was standing next to him, bursting with excitment.

"icebreath" he began "where's pinecloud, i haven't seen her or moonfur today?"

"why do you ask?" Said icebreath.

"because their suposse to travel to the moonflower tonight with redstar" said rockfur worried.

"i'll go cheack in the medicine cat den" said swiftpaw.

"okay" said icebreath looking at her apprentices anthusiasum.

Swiftpaw skipped to the medicine cat den.

"she'll be a handful" said moonfur coming out of the entrance/exit of camp.

"where have you been!" shouted rockfur.

"i went to find some catnip"

"okay, whatever moonfur" said rockfur annoyed with his sister.

Icebreath saw her apprentice slowly come out of the medicine cat den. The look on swiftpaw's face was shock.

"sw-swiftpaw what's wrong?" asked icebreath worried.

"pin-pinecloud" began swiftpaw shaklily "s-she's DEAD!"

"WHAT!" yowled moonfur. She went running in to den.

"she wasn't that old to die of old age," said icebreath "let me see her" icebreath walked to the medicine cat den. Moonfur was standing over her mentor's dead body.

"it looks like she cocked on something" said moonfur looking away from her sisters gaze.

poor moonfur, thought icebreath, first she loses her kits now her

mentor!

Icebreath nodded, in the coner of her eye ,she saw something red.

"wait a second" said icebreath looking at her neck. the slice in her neck was deep, it looked fresh like, it happedned last night.

"look at this moonfur!"

moonfur walked to her sister and eximened the slice.

"s-she w-was MURDERED!" screached moonfur.

I reconize the claw marks on the rest of her body, said icebreath to herself, i sorta used the same slice through the neck thing on the pinestar. icebreath put her paw on pineclouds body and sighed.

icebreath saw something black, caught inbetween pinecloud's claws.

"uh....." she said outloud.

"what?" asked moonfur.

"oh..nothing"

"okay" said moonfur walking out of the den "i'm going to go and tell redstar about this"

icebreath nodded.

good,said icebreath in her mind ,she's gone.

she pulled out the black fur that was inbetween pineclouds claws

I reconize the scent but, not the color, thought icebreath, this is DARKHEARTS FUR!!!!!

intense? i hope you've enjoied this story so far!! please coment, vote and fan me!!!

Chapter 20 "Tigerstar's threat"

Why would darkheart want ti kill pinecloud? thought icebreath, i-it doesn't make sence, i'd better stay quiet about this.....just in case she was framed, but either way some cat is a murder in the clan.

Icebreath walked out of the medicine cat den. Sealpelt walked by her. icebreath turned and hissed at him.

"that low life son of a"

"HI!" swiftpaw cut off icebreath.

icebreath jumped.

"you scared me swiftpaw!" said icebreath panting "what you've been up to?"

"well...i'm trying to rest but I CAN"T!, i'm too excited for tranning tomorrow" replied swiftpaw happy "so...why don't you like sealpelt? he's a good cat thats always telling stories and jokes to us"

Icebreath paused "i'll tell you tomorrow okay?"

"FINE!" said swiftpaw dissapointed.

"now go and get some sleep"

"okay" said swiftpaw as she walked to the apprentice den.

"spunking thing isn't she?" said thislefern as he walked over to his daugther.

"i see potental in her" said icebreath.

"as long as she doesn't fool around" he chuckled.

"what ever" said icebreath. she walked away from her father and headed to the warriors den.

* * * * * *

w-where am i? she thought, i must be dreaming. she walked in the black forest. you couldn't see no stars or the moon, it was pitch black.

"icebreath" said a strange cat comeing out of one of the bushes "we've been expecting you..."

"wh-who are you?" she asked.

"follow me and i'll tell you" he said. icebreath followed the strange cat.

"my name is thisleclaw" he said as the walked through the forest "here we are" he said as he turned around and faced icebreath. the she-cat crouched down at this cats scray apperence "wait here"

he dissappered in the bushes. icebreath was left all alone in this creepy forest. he came back and tilted his head toward the bushes "over there" he siad. his voice rumbled as he spoke. icebreath listened to this cat and hopped in the bushes. Icebreath felt an erie feel. she kept walking but felt like she was being watched. she crawled out of the bushes and saw a dark brown tabby with a split ear stadding there in frount of her. she felt a little intimidated by his size. he turned around and sunk his yellow eyes in her soul.

"welcome, welcome" he said with a little bit of a growl in his voice "my name is tigerstar"

Icebreath froze in fear, this cat really scared her!

"oh darling" he said as he circled icebreath "no need to fear me..i just need to have a nice chat with you"

"um.....what do you want to chat about?" aske icebreath.

"all i need is to borrow your power for a little while" he said "thisleclaw and my friend mapleshade told me about your power and what it contanins"

"wh-what power?" aske icebreath nervosly.

he turned and looked at her with shock.

"y-you mean" he spat "you don't know!?"

Icebreath shook her head "nope"

"well darling, you can bring cats back from the dead" he said flicking his tail with anoyance "and we need to use this power to our advantage"

"what?! i can bring dead cats back to life!" screached icebreath.

"yes and we need to use it when we ask for it" he said "we don't need it right now but, we'll need it as a back up plan if our first plan fails"

"um...what are your plans?" asked icebreath.

"well...let just say i need to get revenge on a cople of clan cats" he said flexing his claws.

Icebreath paused, she wouldnt like to be an enemy to this cat! "w-where am i?"

"your in my home" he said. Icebreath was trying to figure this out when a familar pelt came walking up. It was PINESTAR!

"p-pinestar what are you doing here!" said icebreath raising to her hackles. it then hit her...she was in the dark forest! these were darkforest cats that were trying to trick her into following them!

"i know where i'm at now! i'm in the darkforest"

"grate pinestar i was so close to getting to her but, then you walked in" growled tigerstar.

"sorry i-i just wanted to see my old enemy again befoe she dies!"

"what?!"

"pinestar leave NOW!" yowled tigerstar. the she cat nodded and left them alone.

"how long have you've know about my power?" asked icebreath angrly

"a cople of hours ago" he replied "i heard about you and your power when i just barley joined"

"so....you just joined?"

"yes, but sorry about our little interuption" he said looking at the bush were pinestar had left "i need to borow your power when i ask for it"

"NO!" shouted icebreath "I'M NOT GIVING MY POWER TO SOME DARK FOREST CATS!!"

"then well have to do it the hard way then" said tigerstar as he leaped on icebreath. icebreath was pushed to the ground unable to move withtigerstar's body weight on her.

All the sudden cats appered by the hundereds, swarming the two battling cats. she saw a dark brown tom with a broken tail, thisleclaw pinestar and so many others.

Icebreath bit down on tigerstars foot and pushed him off of her. he landed on hi feet.

She turned and looked at him.

"tough one aren't 'ya" he said "but you will never be able to defeat me!"

"but your dead" said icebreath "i can't kill a dead cat t-thats just messed up!"

"i maybe dead in your world but here, i'm alive as can be and i will not stop till i get your power!"

"your a power hungery fox" she sneered at him. cause he was!

"i will make you remember me" he said as he swiped her right shoulder. icebreath had no time to react. he was already on top of her. blood driped from her wouned shoulder.

"you will be cursed of a horible beast!" shouted a brown, fading she-cat.

"you will never forget me icebreath" yowled tigerstar "you will never"

"watch me" she said "but first"

Icebreath knocked over tigerstar and sunk in her claws in his chest "you will never foget that i can and will kill you if i want"

Icebreath stepped off of tigerstar, all of the dark forest cat looked at her with shock as she dissappered into the trees.

"di-did you see that power that accuracy" asked brokenstar.

"tigerstar d-do you think she could be"

"no mapleshade" yowled tigerstar, cutting off mapleshade "she can't be but.." he flexed his claws "if she is then...i'm going to have a bit of fun!"

Chapter 21 "Secrets spilled"

Icebreath was walking throught the dark forest.

Does it ever end?, she thought to herself.

She finally opened her eyes to see the silver pelt shining in the sky.

OH CRAP, she thought, i forgot to meet stonefur!

Stonefur stopped comeing to see icebreath from when she dropped off moonfur's kits to him. Icebreath had come every night and waited for him, but every night he wouldn't come. maybe he would this time!

She carefully walked out of camp slowly and quietly.

* * * * *

She walked to the twoleg house.the smile on her face dissapered once she walked inside. She sniffed the air. Nope he didn't come tonight. but another scent crept in her nose. it was a moonclan cat! when she turned around to head back she saw darkheart standing in the doorway on the house.

"i knew you'd come?" she growled.

"i know you've been seeing that rouge everynight!" said darkheart "i know everything!"

"what! ho-how did you find out?!" said icebreath shocked.

"i followed you one night and saw you with him" darkheart said flexing her claws

"and now it's time for you to die!" darkheart leaped to icebreath but, icebreath dogged and jumped out the window. Icebreath went running for camp. She raced through the forest, she could hear darkheart getting closer and closer. she turned around when she got

near the antrance of camp.

Daekheart was a few feet away from icebreath.

"i know you killed pinecloud" yowled icebreath.

Darkheart looked shocked "well,well it looks like some is getting smart for once"

""i'll tell the clan right" icebreath was cut off when darkheart jumped on her. icebreath hit the ground and looked at her.

"if you tell any cat i will killyou icebreath and that rouge if her ever comes back!" yowled darkheart.

"he's not a rouge" said icebreath "he's stonefur from riverclan"

"shut up" said darkheart as she slashed icebreath's side.

Icebreath blacked out.

* * * * *

She woke to see a strange cat next to her.

She sat up and looked at him. he looked down at her and was a little bit shocked. He was a black and white cat that was very musscular. She saw the black cat walk toward her.

"this is my assistant" he spoke pointing to the black and white cat.

His assistant kept looking at icebreath with shock.

"we need your help" said the black cat "with something"

"what?" asked icebreath.

"there is a forest we need to take over but, there are clan cats in the way"

"if you've noticed, i'm a clan cat"

He sighed "we need to deal with these four clans" he said "they call

them selves thunderclan, windclan, shadowclan and riverclan"

"RIVERCLAN!" yowled icebreath shocked "no way i'm not helping you!"

Spottedleaf was right about his evil plans, she thought to herself.

"why not?"

"i have my resons" she said looking away.

"i taught you, i trained you HOW COULD YOU BETRAY ME AFTER I SAVED YOUR LIFE!!" he yowled.

"i said NO!" icebreath walked away.

---

i can't tell you how many times i want to spell mousefur insteed of mousepelt and icepaw insteed of icebreath!! i hope you've enjoied the story so far!! please comment, vote and fan me!!

Chapter 22 "Lorie and Gorgie"

Icebreath was a little shaken up with what had happened. she found herself awake on the forest floor. She looked up and saw the sun shinning her eyes. she sat up and walked around the forest. There was no way she was coming back to camp with no food. she started sniffing till she found a rabbit. she pounced on it and caught breakfast. she carried it to a tree and hid it. she picked up on another rabbit scent. she followed it till she saw it in the medows hopping and bounding in the flowers.

"i almost have you little bunny" whispered icebreath to herself.

She then leaped on the rabbit and bit down on its neack. once it was dead she carried it over to the same were she had the other rabbit barried. she came across something shinny. she blew away the leaves that covered it and saw a fox trap. When she was in the nursery, silverpoint would tell her stories about how the twolegs use these to trap and kill foxes. she said that it can and will kill cats and she told us to stay away from them. but she said that if you ever got stuck in one you try to remove the stick that holds the trap together. then it will release you.

Icebreath gulped, it was so..scary looking and shiny and stuff. she then heard a sharp loud cry. she went running to the sound of wipmering. she saw a she fox stuck in a fox trap. her mate looked at her worried. she was yowling in pain. icebreath stood there.

what should i do?she thought to herself, why should i be questioning myself, i need to help it even though it is a fox. icebreath set down the rabbit and hopped out of the bushed. the other fox growled at her.

"please" pleaded icebreath, even though she knew foxes don't understand cat "i know how to get the trap lose"

The fox stopped growling and let icebreath through. icebreath grabbed the stake in her mouth, and pulled it out of the ground.

like silverpiont said, the trap fell apart and the fox was free. icebreath ran over in the bushes and pulled out the rabbit. she set it down in frount of the foxes.

"here, take this rabbit, you'll need it more than i will"

"no, we no take rabbit of yours" said the she fox.

"y-you speak cat?" asked icebreath surprised.

"we oboserve cat clans in area" said the other fox "we know clan ways"

"th-thats awsome that you understand us" said icebreath.

"we thank you for saving my mate from deathly fox trap" said the other fox.

"we will honor you" said the she-fox bowing her head "i'm lorie and this is my mate gorgie"

"i'm icebreath"

"aw a breath of ice, you are young one but will encounter trials in life for moons to come"

Gorgie nugged lorie and lorie looked at him "we must be on our way, we will re pay you breath ice"

"icebreath" shouted icebreath to the fox couple.

they ran off in the disstance and dissappered. who knew foxes could be so nice! icebreath grabbed the rabbit and headed to the entrance of camp. she set down the rabbit in the fresh kill pile and sighed. swiftpaw came barling toward her mentor.

"icebreath, icebreath what are we going to do today?!" swiftpaw was bouncing with excitment. she remembered her first day out, and then the bager attack.

"well i think we should collect moss of the elders" said icebreath.

"okay!" said swiftpaw "are we going to leave yet?"

"i think we should wait for moonfur and redstar to come back from the moonflower first" said icebreath.

"thats fine" said swiftpaw.

Icebreath smiled and felt a tail tip on her shoulder. she looked over to see redstar looking at her.

"your back" said icebreath "that's excellent"

"yeh" said redstar. he kept looking at icebreath, she felt a little uncofertable.

"who's going to be the new deptudy?" asked moonfur behind him.

"i have a cat in mind" said redstar looking at darkheart.

"y-your not going to chosse darkheart...are you" asked swiftpaw.

"no..it-it's just she acts suspisious" said redstar.

So me and redstar know that darkheart is a non trust worthy cat. at least i have someone to back me up on this, thought icebreath.

Redstar had decited that he'd move his den to the old leader den. applestar liked to sleep in the trees but, redstar didn't so he moved back in the cave leader's den. redstar climbed up the skyoak and shouted.

"ALL CATS OLD ENOUGH TO CATCH THEIR OWN PREY, JOIN HERE BENETH THE SKY OAK FOR A CLAN MEETING!"

All the cats from moonclan gathered around the skyoak. icebreath sat down and swiftpaw sat down next to her. mousepelt came out with deathkit, tigerkit, hawkkit, icekit and mudkit by her side. darkheart preatty much gave up her kits to mousepelt. mousepelt lined up the kits in a line and made them sit down.

i guess they wanted to come to the gathering, thought icebreath.

"as every cat knows that since applestar died i became leader" began redstar "and i must have a strong willing deptudy by my side, i have hve decited on which cat it shall be"

"i think blackwing or oragefoot he'll chose" whispered rockfur.

"i think thislefern or orange foot" whispered silverpoint.

Icebreath waited impationtly for redstar's anwser.

"i have not forgoten the apprentice that saved my life when that bager attacked my patrol, and how starclan gave her a second chance, icebreath will you be moonclan's next deptudy?"

icebreath stood up proudly "redstar i accept your request"

"by the power of starclan, i grant the icebreath is the new deptudy of moonclan!"

all cats cheered at the news, well except for darkheart. she was expecting to become deputdy.

"i can't belive my mentor is deptudy" said swiftpaw bragging about icebreath to bluepaw and graypaw.

The cheering died down and icebreath was still standing there with swiftpaw.

"icebreath" said redstar climbing down from the skyoak "will you set up the patrols for today?"

"sure" said icebreath.

* * * * * * *

"like this icebreath?"asked swiftpaw.

"yes like that" said icebreath as they were picking up some fresh new moss.

"lets take these back to the elders now" said icebreath with a mouthful of moss.

they headed back to camp and walked in the elders den.

"hello blackstep, cloudfoot" said icebreath.

"hi" said swiftpaw.

"so how's it going on being the new deptudy" said blackstep.

"its good" said icebreath "the first cople days were ruff"

"it always is when your new at something" said cloudfoot.

"i got cleaner moss than i did yesterday" sai swiftpaw.

"it fine that you messed up a bit, all apprentices do" chuckled blackstep.

"why don't i leave you here to help" said icebreath to swiftpaw.

"okay" she said as she started in.

icebreath walked out and sighed.

icebreath heard a sound that none of the other cats had detected. it was coming from redstars den. icebreath walked up in the den and looked inside. her jaw dropped and her eyes widend with shock.....

Chapter 23 "Exile"

Icebreath saw mousepelt over redstars bleeding body.

"just two more live to go redstar and you'll be joining starclan" said mousepelt.

Icebreath saw her sister cut open his throat and blood spilled out. that wound took both of his lifes away and redstar was dead.

"mousepelt!" icestar sreamed "WHAT ARE YOU DOING!"

Mousepelt turned and looked at her sister shocked. she then gave an evil smile "Icebreath who nice of you to stop in"

"ho-why did you kill your leader, he was also your mate too!" she screamed, then it hit her she was the next leader of moonclan now that redstar was dead.

"i did it for revenge" she said "you had everything and now i'm going to take that away!"

"Mousepelt i-i thought you were my sister, my friend" said icebreath.

"i-i have no other choice but to exile you!" she said looking at mousepelt.

"your not leader and you never will be" mousepelt pulled out a chunk of icebreath's fur. she stuffed it in redstars claws and sighed.

"now the whole clan will think you killed him, because your power hungery!" shouted mousepelt.

"i'm not the power hungery one, you are!"

"darkheart was right" said mousepelt "you deserve to die"

"you were behind this with darkheart!"

"yes, we planned out applestars death and knew pinecloud would find out, and then we killed pinecloud on the spot" she said circling her sister "then it was up to me to kill redstar and then you!"

"but darkheart said you'd found out too much and was going to spill the beans on us so we needed a way to get rid of you" said mousepelt "and when i annouce that you killed redstar, you'll be exiled and will stop interfering with our plans"

"mousepelt how could you, i'm your sister!" yowled icebreath.

"we have a whole team of us in the other clans too" she said "we used to have pinestar but, now we have mountainlark from flowerclan, crabfoot from water clan and, sandbreath from fireclan"

"pinestar was with you guys too!"

"yes and we tryied to get rid of you during the battle but, miss underetemated your streagth"

"moonclan won't belive you! they have my back"

"we'll see about that!" mousepelt shoved icebreath out of the den and icebreath went falling to the ground. she looked up a mousepelt.

"What's going on" asked moonfur running out of the medicine cat den.

"ICEBREATH HAS KILLED REDSTAR!!" cried mousepelt.

"no i didn't mousepelt and you know it" icebreath tryied to get up but couldn't stand. every cat heard mousepelts crys and came running over to the skyoak. even the elders and kits.

"mousepelt, whats wrong" asked darkheart trying to play dumb.

"icebreath has killed redstar!" said mousepelt pointing to her sister.

"no i didn't this is all just a little plan of yours and darkhearts to get rid of me!" shouted icebreath. all of the cats were stuned. except the elders and swiftpaw. it's like they had over heard their plans.

"let me see" said moonfur climbing up to the den to cheack redstars body.

Icebreath knew she was going to be exiled. the clan loved and trusted mousepelt. Moonfur came running out and pointed at icebreath.

"mousepelt, mousepelts right, icebreath did kill redstar!" shouted moonfur. icebreath saw the looks of her clans mates staring at her with disspare.

"she is also pinestar's killer" shouted mousepelt "i saw her that night and she threated to kill me and my kits if i said a word. but i caught her this time before we lost another clan mate"

"get out of here icebreath, you don't belong here in moonclan!" sneered her mother.

icebreath gave her a death look "fine mousepelt, exile me, for something i didn't do" sneered icebreath "but i promise i will be back with an army of vicious cats and kill you and all your kin mousepelt!"

"leave, well fine swiftpaw a better mentor"

"NO" said swiftpaw "if my mentor is exieled then, i'm going into exil with her"

"swiftpaw!" said flowerheart "y-you can't leave moonclan with this murder!"

"i know she didn't do any of this and i'm going with her!" stampered swiftpaw.

"swiftpaw please stay" pleaded icebreath "this is not your fight"

"sorry icebreath but, i'm going to have to dissobey you"

Icebreath smiled at her apprentice.

"you have until moonhigh to leave" said mousepelt. icebreath gave a growl and left with her apprentice by her side. mousepelt couted

to ten. "darkheart and oragefoot i want you to kill them, knowing icebreath she'll be back"

"yes mousepelt" said darkheart and orangefoot as they left after them.

"who's going to be the next leader?" asked breezeheart.

"i think mousepelt, if it weren't for her more of us could be dead"

"y-you really think so"

"yep mousep- i mean mousestar!" mousestar smiled at the going down of the sun.

Chapter 24 "Saved"

Icebreath couldn't belive what just happened. a two weeks ago she became deptudy and now she was in exil forever!

"i'm not leaving your side ever icebreath" said swiftpaw "i know you didn't do any of that stuff"

"i hate my family other than you and stonefur" said icebreath.

"w-who's stonefur?"

Icebreath opend her mouth to speak but she heard orangefoot and darkheart running after them.

"i'll tell you later but first we need to run!" said icebreath running. swiftpaw caught up to her and tried to keep up the pace. swiftpaw caught her foot in a rabbit hole and couldn't get free.

"i-icebreath i-i'm stuck!" yowled swiftpaw.

Icebreath turned around and tryied to help the apprenice out of the hole. But darkheart and orangefoot had finally caught up to them.

"it all ends here icebreath" said darkheart "i've been waiting a long time to see you die!"

"darkheart, its not moonhigh yet"

"mousestar knows your plans, and knows you will come back"

"mousestar?"

Darkheart leaped to kill icebreath when suddenly a flash of red and black pelt pushed darkheart out of the way.

"Lorie gorgie" yowled icebreath happily "i've never been so glad to see a fox"

"run breath ice" yowled gorgie "we'll take care of them for you"

Icebreath nodded and finally got swiftpaw free. they went running out of moonclan teritory and into fireclan teritory. they ran into the twoleg place and sighed.

"i-i think we lost them" said swiftpaw.

Icebreath nodded.

"so...who's stonefur" asked swiftpaw.

"h-he's my mate from another clan called riverclan" said icebreath "we used to meet everynight untill lately....he hasn't shown up for a while"

"oh..i'm sorry" said swiftpaw. Icebreath scented lorie and gorgie coming back.

"come out of now breath ice" said gorgie.

Icebreath and swiftpaw crawled under the fence to where the two foxes stood.

"thank you so much" said icebreath.

"we have repaied you for saving lories life" said gorgie "we must be heading on our way"

icebreath nodded. as the two foxes left.

"remember if you need anything, come and get us we'll be in the next medow over" said lorie as she padded off.

"y-you know those foxes?" asked swiftpaw.

"yes their friends of mine" said icebreath.

they walked back to moonclan teritory.

"w-why are we headed back here?" asked swiftpaw.

"i-i can't walk much farther" said icebreath "we need to stay in

moonclan teritory for a while"

"why?"

"cause.....i'm going to have kits any day now" said icebreath.

Moonfur's POV

Moonfur was shocked that icebreath was resposible for pineclouds and redstar's death. Moonfur knew she up to something. Moonfur saw darkheart run out of the entrance panting. she was all bloody up.

"w-what happened!?" asked moonfur.

"i-icebrath and swiftpaw" she said. cat gathered around darkheart, even mousestar.

"w-where's orangefoot?"asked floerheart.

"h-he's dead" said darkheart.

"icebreath killed orangefoot!"screeched moonfur.

"nope" darkheart shook her head "she's friend s with foxes and they set us up, the foxes killed orangefoot and nearly me!"

"foxes?" asked mousestar "she's getting her army ready"

"i don't think so" said darkheart as she pushe moonfur and mousestar into the leaders den.

"what do you mean" said moonfur.

"only we can disscus this" said darkheart "but she's been meeting this other clan cat and well..i think she's not going to far from moonclan teritory"

"what are you saying darkheart" said mousestar.

"she'd expecting kits anyday now but, i thought moonfur would have caught on her sighs" said darkheart "until those kits are old enough to hunt, icebreath and swiftpaw are going to stay here for a

while"

"but we can't let her know that we know" said mousestar.

"thats why we wait for the perfect moment" said darkheart "then we'll strike!"

Chapter 25 "me, my apprentice and my kits"

It has been at least two moons since icebreath has been in exil. she has kept quiet hidden well. she sat outside her new den, which was the old twoleg nest, and watched her kits play.

she gave birth to four beautiful kits. Feverkit was the only tom and was named that after his fever he got when he was born. swiftpaw suggested smokeykit for his spotted black and gray fur but, icebreath like feverkit. Foxkit was a brown and white she-cat with green eyes, icebreath named her that after lorie and gorgie. she looked a little like mousestar but with a lot more white. tinykit was a tiny black she-cat with one white paw on her right frount paw and a white paw on her left back foot with viloet colored eyes. And then Spottedkit, icebreath named her after spottedleaf. she was a calico she-cat with amber eyes.

Icebreath heard one of her kits squeal.

"w-whats wrong!" shouted icebreath worried.

"mama, feverkit stepped on my tail" cryied foxkit.

"feverkit, you know you should watch where your going" said icebreath stearnly.

"okay mama" said feverkit.

"c-can me and spottedkit play?" asked tinykit.

"okay" said foxkit "lets play hide-'n-seek?"

"okay" said spottedkit "feverkit's it" and the three little she-cats went running.

"one...two.....three.....ten ready your not here i come" he said as he bounded over to the bushes.

Icebreath gigled. she wished that the black cat still talked to her, she really wanted to meat him in person and ask him and his assistant questions she had. she closed her eyes and took a quick nap.

Icebreath woke up to swiftpaw poking her side. icebreath looked annoyed, but sat up.

"i caught a rabbit on flowerclan teritory" said swiftpaw "is that fine"

"were not apart of clans anymore, we don't have to obey bounderies" said icebreath. you could still tell she was upset about beging exiled.

"so when are we going to form our army"asked swiftpaw.

"once my kits are able to walk a far disstance" said icebreath. It was getting dark and icebreath got a little worried.

"hey mama" said tinykit "we found this awsome place in the wall"

"really, thats cool tinykit" said icebreath "w-wheres your sister's and brother?"

"there coming" tinykit said as she cuddled next to her mother.

"hi mama did tinykit tell you about our new house" said spottedkit as she came bounding toward her mother.

"yes"

"were gonna live in it" said feverkit. he tripped over a pice of wood on the floor. tinykit and spottedkit came racing to his side, makeing sure he was okay.

"a-are you okay feverkit?" asked foxkit as she went running out of the hole in the wall.

Feverkit licked his paw "yeh i'm fine"

"okay kits"said icebreath "swiftpaw caught us a rabbit for dinner"

"I love rabbit mama" said spottedkit.

They all took a pice of rabbit and started chewing on it. icebreath was busy eating when spottedkit came up beside her.

"do you want my pice mama" said spottedkit sweatly.

"spottedkit, you eat what you have darling" said icebreath licking her daughter.

"okay but, if you want any you can have some" she said as she took a mouthful of rabbit in her mouth.

icebreath giggled at feverkit he was pawing at his food.

"feverkit what are you doing?" asked swiftpaw.

"i'm attacking a bager" he said as he tackled his food.

"WHERE!" said foxkit alarmed.

"silly, he's just pretending" said spottedkit.

"o-okay" said foxkit a little shooken up.

They were done eating and the kits curled up with icebreath. swiftpaw kept watch most of the nights. but every now and then icebreath would so swiftpaw could get some sleep.

"mama" whispered spottedkit "c-can you tell us about clan cats, and what their like"

Icebreath sighed. "well, in clans theres a leader that is given nine lives and he or she leads their clans till they lose their last life"

"i want to be leader of my own clan" said foxkit "it would be called foxclan"

"sshh" said tinykit "i want to lisen"

"and there's a deptudy that organizes partols and becomes leader once the old leader has joined starclan"

"mama...whats starclan?" asked feverkit.

"well...starclan is our warrior ansestors that watch over us and protect us, thats where clan cats go once they die"

"even kits?" asked spottedkit.

"yes"

"and then there's the warriors, they fight to protect the clan and hunt and mentor apprentices"

Icebreath went on and on with clan life, her kits had never heard about clans at all. they were being rasied as rouges and icebreath hated to see this but she was also grateful for begin' in exile, cause if her kits were born in moonclan, her clan mates would ask who the father was.

icebreath stopped talking and saw that her kits were fast asleep. she sighed and fell asleep also. In her mind she wanted to talk to the black cat and his assistant again, in real life.

---

i hope you liked it so far. this chapter was so you could see her kits personalites and what their like. please comment on which of her kits are your favorite! it's going to be sad in the next chapter....so be prepared for it!! please coment, vote and fan me!!!

Chapter 26 "The last straw"

Icebreath woke up to her kits missing. She went into a panic mode. She heard mousestar's and darkheart's laugh comeing from every where.

Mousestar came out with swiftpaw's dead body in frount of her. and in her mouth she saw feverkit and tinykit struggling to free themselves.

"You have lost every thing icebreath" her sister mocked.

Darkheart pounced on icebreath and sliced her throat. icebreath fell to the ground and was gasping for air.

"say good bye to your precious kits icebreath" said mousestar as she killed feverkit and tinykit on the spot.

"NO!"

Icebreath opened her eyes, and saw her kits sleeping soundly. She sighed, it was only a dream.

She nugged her kits awake. spottedkit was the first to open her eyes. she looked at her mother.

"morning mama" said said.

Feverkit opened one eye then closed it. foxkit jumped right up with tinykit. They were poking feverkit awake. he looked at his sisters anoyed. they both giggled, as he slowly stood up and streached.

"i'm going to work on our house today" said tinykit.

"can i help" asked spottedkit.

"okay"

"but spottedkit, we need you to help us hunt" whinned foxkit.

"y-your not hunting for real..right" said icebreath.

"no mama were going to catch leaves and pretend their rabbits and mice" explained feverkit.

"aw...okay be careful outside, okay" said icebreath worried.

"don't worry mama, we'll be fine" promised foxkit.

"come on spottedkit lets go and hunt" said feverkit, pulling his sisters ear.

"ow feverkit" spottedkit swiped feverkits face he let go of her ear "don't bite my ear"

"sorry" he said with his tail between his legs.

Swiftpaw bumped into foxkit.

"s-sorry foxkit" said swiftpaw.

"thats okay" she said sitting right back up.

"come on guys" said feverkit as the bouned to their little play area. Tiny kit crawled up into the house walls and started playing in there.

"i-icebreath you won't belive the news i over heard" said swiftpaw.

"w-what is it" said icebreath.

"i was hunting over by camp when i over heard mousestar yelling at my sister and her kits"

"YOUR SISTER HAS KITS!"

"no what i ment to say was mousestar's kits"

"oh...good"

"well she called them 'paw' and their only five moons old" said swiftpaw.

"th-thats a little too young to be made and apprentice but, we should stay away from clan gossip" said icebreath.

Thats when they heard a terrible nosie and foxkit screamed. Icebreath ran out side to see darkheart's paw on spotted kit and in her mouth was foxkit.

"PUT MY KIT DOWN NOW!" demanded icebreath.

"moonclan attack!" yowled darkheart "grabb every single kit and kill icebreath and swiftpaw"

Cats from moonclan appered out of no where. and in the trees mousestar was smiling at her.

"swiftpaw ready for a battle" asked icebreath.

"but....were out numbered" said swiftpaw.

"i know but we have to defend my kits"

swiftpaw nodded.

"swiftpaw remember, these cats will kill you even if your related to them, show then NO MURCEY!" shouted icebreath.

"brave words icebreath but, thats gonna get you nowhere" said mousestar.

Only if the black cat where here, thought icebreath, he would help me.

rockfur pounced on icebreath and she fell to the ground. She swated his face and clawed his stomac. she threw him off of her. Every one was a little shocked that she did that to her favorite litter mate.

Then moonclan cats were swarming them and icebreath and swiftpaw couldn't keep up with this battle. icebreath saw darkheart carring feverkit.

"MAMA HELP ME" he cried.

Mousestar held foxkit in her jaws and looked at her in amussment. Icebreath finally dropped to the ground and couldn't fight anymore. she closed her eyes and blacked out.

Swiftpaw's POV

Swiftpaw saw icebreath fall to the ground. the cats stopped fighting and looked at icebreath. swiftpaw ran over to icebreath. She was just wounded but still alive.

"Kill them!" ordered darkheart.

Swiftpaw looked at her sister. her sister's gaze was fixed on her neack. swiftpaw gulped as larkpaw went running toward her. swiftpaw closed her eyes as she was about to be killed. but a wind blew by and larkpaw dissapered. swifpaw looked over to see a dark red she-cat stading over her sister. her neck was in the she-cats mouth. swiftpaw knew her sister was dead but, was grateful that this cat saved her life.

"who are you" demaned mousestar.

The red she-cat looked at mousestar with anger. swiftpaw saw a toothed collar on her. it didn't look like an ordinary kittypet collar.

"my name is brick" she said "and i have brought friends to defeat you guys, its not nice to out number two cats"

Then all the sudden a muscular black and white tom came barrling out of a bush and grabbed blackwing's back and flung him agaist a tree. black wing looked at the tom and was frightedned.

"my name is bone" he said. he too had the same toothed collar as the she-cat did. then cats with the same collars came barling out of the bushes. swiftpaw watched in amazment. the moonclan cats fled the scean and went running back to their camp.

"t-thank you for saving us" said swiftpaw.

The black and white tom looked at her "your welcome"

A small black cat emerged from the crowd. he had on a purpled

toothed collar and started at icebreath.

"lets wait till this one awakens then we shall return home" he said.

swiftpaw wondered....who were these cats that saved them?

Chapter 27 "welcome to bloodclan"

Icebreath's POV

Icebreath awoke to a red she-cat above her nest.

"w-who are you"asked icebreath.

"my name is brick and we saved you from being killed" she said.

"we?"

"yes us, we are bloodclan, we live in the twoleg place" brick said.

"How did you know to come and find us" asked icebreath.

"our leader felt as if something was wrong, so we came to this forest and now look, we came just in time to save your lifes" she said.

Icebreath sighed then panic soon over came her.

"where are my kits!" she screeached.

"what kits" asked brick

Icebreath ran out in a panic. She was looking for her four little bundles of joy. She saw spottedkit's tail in a bus. Icebreath ran over to it. She pulled out spottedkit and looked at it in horror.

"s-spottedkit.....please wake" Icebreath bugged spottedkit's body. It didn't bugge. Tears formed in her eyes as she then knew spottedkit was dead. Icebreath licked the little precious body of her kit. She felt a poke at her side. She looked over and saw tinykit looking at her mother worried. Icebreath was happy to see one of her kits alive. She picked up tinykit and set her down and started grooming her black fur.

"mama what happened and why is spottedkit lying there is she taking a nap, where's foxkit and feverkit?"

Icebreath sighed, she felt a warm breath on her neack. She looked over to see the black cat.

"I'm glad we came just in time to save your kit" he said. Icebreath kept looking at his collar, he never wore that when she'd talk to him.

"but not all of them."said Icebreath "but I am grateful that you were able to save at least one"

"we couldn't catch up to them to grab your other two they stole" he said "why was your sister mad at you?" he asked.

"how do you know she's my sister?" asked icebreath.

"i-i've watched yu since a kit ice" he said.

"oh....but, if you've watched me, then you'd know why she's mad at me" said icebreath.

"i was killed in the battle i was trying to convince you to join us" he said "i was killed by a cat called firestar"

"t-then how are you alive if your dead" she asked.

"your gift" he said "you brought be abd bone back to live a better second life"

"i-i did"

He nodded. icebreath couldn't believe he was killed. but she didn't know how she brought him back to life.

"anyway we must be headed back" he said loudly. all of his cats gathered around him.

"goodbye ice" he said turning to leave.

A-All i have left is tinykit and swiftpaw, thought icebreath to

herself, these could be the cats i'm looking for to get revenge on my sisters and brother.

"wait" shouted icebreath. the black cat turned and faced icebreath.

"what do you want" he said.

"c-can we join your clan, we have no other home, i've been exiled from my clan for something i didn't do and i-i need your help to get revenge on them" said icebreath. tinykit hid behind her mothers foot. swiftpaw was next to icebreath.

"well....want to you think bone" he asked the black and white musscular cat.

"i think we should let them join bloodclan, since you've trained the blue one" said bone looking at icebreath.

"the it's agreed then" annouced the black cat "you shal join us and head back to the twoleg place"

"thankyou" said icebreath joining the cats.

"once we get there we will give you your collar and tooth" said the black cat "so then it will be offical"

"okay.....but theres one thing i never got to ask you" said icebreath.

"what"

"your name" she said "what's your name?"

"aw...my name is scourge, leader of bloodclan" he said with a smile on his face.

Chapter 28 "Icebreath's Monster"

Moonfur's POV

Moonfur heard the battle patrol come back. she ran out side ready to treat anyone's wounds. she saw cats pouring out of the entrace of camp. they were all wounded. moonfur was in amazment, how could icebreath and swiftpaw cause that much damage?

"s-she's forming her army" said blackwing with a severe back injury.

"what army" aske moonfur as she pulled him into the medicine cat den.

"their cats that wear toothed collars and are ruthless" said blackwing.

"k-kittpets? your afraid of a few kittypets blackwing" said moonfur in amussment.

"these cats were not kittypets" he said "they were rouges the waore toothed collars!"

"well...whatever, stay off your back for a little bit"

"okay moonfur" he said leaving the den. she started laughing.

He's afraid of a kittypet, she said in her mind.

Mousestar came in with brown and white kit in her mouth.

"whats that" said moonfur stearn.

"it's a kit what does it look like" said mousestar in a stearn voice.

"i know waht it is, but where did it come from?"

"i stole it from icebreath, we killed on of her others ans snacthed two of them, but the last one got away because of her army of ruthless kitypets" said mousestar.

"y-you can't kill or kidnap a kit" said moonfur.

"she's not apart of the warrior code anymore, and what better bait to reel her in to kill her that snatching her kit" said mousestar evily.

"um....."

"make sure this one's okay to live while we wait for icebreath and swiftpaw to show up" said mousestar leaving the den.

"i-i thought clan cats were nice" said the little kit.

"we are, unless were under the power of a mean leader" said moonfur.

"oh.....do you know where my brother is, we were caught together and mama says if we ever got lost, we stick together" said the little kit "i'm foxkit and my brother's name is feverkit"

"well..foxkit, i have a feeling that your going to see you mom again" said moonfur "in starclan"

Icebreath's POV

Icebreath, swiftpaw and tinykit followed scourge and bone through the twoleg place. It was a creepy place so icebreath kept tinykit close to her. they walked into a ally, it was full of starving cat, they all looked at icebreath and tinykit licking their lips.

"m-mama, i'm scared" said tinykit.

"its alright, stay close to me" said icebreath.

The party of cats stopped in a hidden back part of the ally.

"keep walking" said a blue and gray she-cat i a claming voice. Icebreath nodded and kept walking. she finally saw light. tinykit kept tripping her. They walked to a big garbage tank. Scourge was

standing on top of it. icebreath stopped walking and looked up at scourge, he hopped down with something in his mouth. he walked over to icebreath and set down a dog tooth. in his mouth was a blood red collar. bone was next to him with a yellow collar in his mouth.

"here" said scourge as he fitted the collar around icebreath's neck.

She looked down at the collar in amazment. he handed her the dog tooth.

"stick this in your collar and you'll be offically apart of bloodclan" he said smiling.

Icebreath picked up the dog tooth and stabbed it into her collar. it stuck out like his but she only had one.

"w-why do you have more?" she asked.

"in bloodclan, your given a collar and dog tooth, as you battle and kill dogs you'll pull out their teeth as a prize, the more teeth you have the more respect you have" he said.

Icebreath nodded, tinykit ran to scourge. All the cats gasped with shock.

"where's my collar and tooth" she said "i'm strong"

Scrouge looked at tinykit with a deth glare, he didn't really like kits "your too young"

"no i'm not i'm four moons old" she protested. icebreath was watching her kit talking to the leader with dissrespect.

he glared at her. Bone and brick were waiting for him to pounce or something on tinykit.

"please stop asking questions" he growled.

"why are you so tiny?" she asked. thats when all the bloodclan cats eyes popped out of their head.

"what did you say" he said starting at tinykit.

"why are you so tiny?" she said again "thats what i asked"

Icebreath ran over to tinykit but, bone and brick stopped her.

"i have to shut her mouth" said icebreath trying to get passed them.

"she made fun of his size, she's going to die" said brick.

"WHAT! i'm not letting my only kit get killed!" she shouted. Scourge jumped on tinykit.

Icebreath jumped over bone and brick and pushed into scourge. he fell to his side and looked at icebreath in anger.

"mam what was he goin to do" asked tinykit.

"tinykit, you shouldn't have asked him any questions" said icebreath pushing her kit "run to swiftpaw"

"kits that dissrespect die!" said scourge.

"she's young and naive" said icebreath "she didn't mean what she said"

Scourge wasn't going to listen, he bagred into icebreath and bit her foreleg. thats when anger over came her unlike any she had felt before. he was held on her right foreleg, the one tigerstar hurt. All the sudden her pelt turned red and black and she sprouted wings. Scourge let go and looked at her in horror.

W-What's happing to me, said icebreath in her mind.

Icebreath soon was taken over by a monster. she pushed scourge off and smashed into him. He tryied to fight back but it did no good. she kept attacking him, and was going to kill him.

Bone and brick stood in horror. They all heard tigerstar laughing. his spirit was sitting on the garbage tank.

A bright light over took the crowd of cats and something hit

icebreath on the head. her pelt turned back to blue and white and her eyes were back to green and she didn't know what had happened. she saw spottedleaf standing over her.

"w-what happened" asked icebreath.

"tigerstar" was all spottedleaf said.

All the bloodclan cats were in shock. Spottedleaf started yelling at scourge. no cat could hear them yelling at each other. icebreath stood up and walked over to bone and brick. They looked at her in horror.

"d-do you know what happened?" she asked them

"y-you mean you don't know what you just did" said brick surprised.

"um....no, what did i do?" asked icebreath.

"you turned red and black and attacked scourge and about killed him" explained bone.

"r-really?.....i-i did that?" said icebreath surprised.

They all nodded. when icebreath turned to face scourge he was all healed and spottedleaf was gone.

"tigerstar did this to her" said scourge.

All the cats were like "OOOHHHH" as if they knew who he was.

"y-you know tigerstar?" asked icebreath.

"yes, i'm the reason he's dead, i killed him, all nine lives at once" said scourge cringging with hate.

"t-thats cool" said icebreath.

"i-icebreath, theres something i need to tell you" he said.

"um...what?"

scourge paused for a long time. He sighed and looked at icebreath.

"I-I'm your father" he said

Icebreath stood in shock.

Otay, icebreath's theme song is the youtube link....i thought it fit her and this chapter specifically

Chapter 29 "The truth"

"i-it can't be" said icebreath "my parents are warriors from moonclan"

Scourge shook his head "no, no icebreath" he looked over at the top of the garbage tank "follow me, bone and brick will take care of your kit and apprentice"

Icebreath nodded and followed scourge up to the garbage tank.

He sat down and was over looking her home forest. She looked with him, i-it was so peaceful.

"h-how can you be my father if i was rasied in a clan, and from what i heard, you hate clan cat" said icebreath.

"your mother, well...she was a clan cat too, but she couldn't keep you or your sisters in her clan because of the medicine cat code or wahtever" he siad

"m-my mother was a medicne cat" said icebreath "is my mother spottedleaf?"

"no, she's was a friend of your mothers" said scourge "but i feel that i shouldn't say her name yet"

"okay so what happened and what about my brother?" said icebreath.

"you never had a brother, which means i never had a son" said scourge a little bit dissapointed.

"your mother knew a group of other clan cats and made the long journey here" said scourge "but i don't know why she didn't bring you to me, after all i am your father"

I wouldn't blame my mom, thought icebreath to herself, he was really scary with tinykit so i wouldn't trust him either.

"she brought them over to a cat called thislefern and his mate silverpoint, apparently they lost their three she-kits and took you guys in as their own"he paused "when i disscovered you and your sisters existants, i started to keep in contact of you"

"so....you knew about me and didn't tell me that i was your dautgher!" yowled icebreath.

"i-it wasn't the right time to tell you, you seem a lot like me and chose to speak to you insteed of your sisters" he said almost in tears.

Icebreath sofened, she was glad she had no moonclan blood in her at all! but she wondered what clan her mother was in, and if she was still alive.

"its getting dark, you may want to get some rest, i want you to lead the food patrol" he said.

"why don't you call it a hunting patrol?" asked icebreath.

"we don't have a lot of food here, we mostly eat crow food and what else around here is edible"

Icebreath had an idea pop in her mind "d-do you think i could take the patrol hunting in the forest"

"NO" he shouted "i don't want to have another battle over food with clan cats"

Icebreath just nodded and hopped down from the tank. She saw brick playing with tinykit and bone was talking to swiftpaw about battle stratagies.

"swiftpaw"" said icebreath, swiftpaw turned and smiled.

"hi icebreath" she said.

"we have to go find a place to sleep for the night" said icebreath loking at the sunset.

"bone and brick already got a place ready for us" she said.

"really" icebreath turned and looked at bone and brick "thank you guys so much"

"it was no problem, after all your our leader's daughter" said bone. swiftpaw walked icebreath to a thick sturdy crdboard box. it had some moss in side and was next to where scourge slept.

"tinykit, time for bed" yowled icebreath. tinykit was running with three other kits.

"awwww but mama" she wined "i want to play some more"

"its time for bed and you can play with.....who are they?"

"oh" said tinykit "this is lily" she said pointing to a very tiny kit, she had one blue eye and one brown eye, she was a light yellow and white she-kit. icebreath estimated that she was at least two moons old "this is crow" she said pointig to a tom the same size as lily, he was light cream and white "and this is hazle" siad tinykit poiting to another tom, he was brown and white with hazle eyes.

"nice to meet you lily, crow and hazle" said icebreath.

"y-your scourges daughter?" asked lily kinda scared

"well...yes but i don't like to scare kits" she said whispering to the kits and smiling at her dad.

"lily, crow, hazle" yowled their mother "time for bed"

"okay" shouted crow "nice to meet you icebreath"

"you too crow,lily and hazle"

the three kits bouned off to their mother. icebreath sighed and climed in the box.

Tinykit curled up next to her mother, swiftpaw volentered being a watch cat with brick while every one else slept.

"mama, why did we leave spottedkit" asked tinykit "she's probably cold"

"well...spottedkit died" said icebreath.

Tinykit looked at her mother in tears "b-but....she can't be dead mama, she can't be"

Icebreath licked tinykit as she cryied "i should have made her come with me in the wall then we would both be here" she paused and looked at her mother "why did foxkit, feverkit and spottedkit have to die, it should have been me!" she cried some more, icebreath almost cryied her self. scourge walked over to her box.

"i-is everything alright" he asked worried.

"i-i told her that her sister was dead and all that" icebreath said as tinykit cryied herself to sleep.

"poor thing, and i was so mean to her" said scourge.

Icebreath looked at scourge then at tinykit "ya know, she looks alot like you, she has a white paw on her frount right paw like you" said icebreath "but she dosen't have blue eyes, and you don't have a white paw on your left back paw"

"she'll be a powerful cat some day" he said "goodnight ice"

"good night scou-i mean dad" said icebreath as she fell asleep.

Chapter 30 "Over protective father of mine"

Icebreath lead the food patrol to the sid of the twoleg place where her forest was. she was joined with seven other cats. There was no food in sight!

"how are we supossed to find food when there's nothing in sight!" icebreath exclaimed.

"well....we don't find very much food that often" said a black tom with only one eye.

Icebreath was thinking about all the food in the forest. She stopped the patrol and turned and faced them.

"bloodclan it has accured to me that you are all starving! and i know were there is pleanty of food" said icebreath.

"where" asked the blue and gray she-cat she met earlier.

"rain, and everyone else follow me" said icebreath dissappering into a fence. All of her cats followed her. She was going to dissobey scourge and hunt in her home land area.

"okay bloodclan" said icebreath "we are going to be dealing with clan cats, and we need to fight for our food if we have to"

She looked at fireclan's teritory "this is fireclan's teritory" she annouced "the warriors there aren't very fast but are strong" she looked at rain, fish, hawk and fang "rain, fish,hawk and fang are the fastest out of all of us so they will enter fireclan's teritory. The four cats nodded and crossed the border. Icebreath waited for a few hours and they came running with a mouthful of prey, they were being chased by sandbreath, and a few other cats. Icebreath remembered that mousestar was talking about him being with her group. The bloodclan cats crossed the border and ran to where

icebreath was standing.

Sandbreath was out of breath, he looked at the blue and white she-cat smiling "i-icebreath but your in exile"

"you will be seeing me around here more often sandbreath, can you give a message to mousestar for me love?" said icebreath.

Sandbreath and his warriors looked bewildered "um....well..."

"Good" said icebreath "tell her that moonclan,fireclan,waterclan and flowerclan will have more to fear as the days go by as long as my kits are in her care"

Icebreath looked at her warriors "bloodclan lets move out" she padded back to the twoleg place.

"were going to eat good tonight" said fang.

"what will we tell scourge" said rain worried "he'll ask were we got the food and will kill us if we've gone into the forest"

"don't worry" said icebreath "i'll take care of him"

"like....kill him?" asked fish.

"no, i'd never do that" said icebreath "unless he pushes it" she said under her breath. they walked back to the bloodclan camp. All the cats gasped as they walked by with the food. they set it down in the middle of camp. scourge hopped down the garbage tank with bone at his side.

"where did you get this food" asked scourge stern.

"we found it all near a gabage area" said icebreath.

Scourge gave her a cross look and bent down and sniffed the prey.

"it smells like you caught it from the forest" he said "didn't i tell you not to go there, i don't want war on my hands"

"dad look at your cats, their starving, i did what i thought was best

for the clan!" protesed icebreath.

Scourge looked at his daughter for a long time and sighed "fine.....i'll alow it one time but, this will never happen again you hear me!"

Icebreath looked at her father "yes daddy"

He sighed and walked over to some cats from the other patrol. Bone walked up to icebreath.

"i've never seen any cat do something like this" said bone "you can get away with a lot by being scourges daughter"

"i'm not afraid of him" said icebreath.

"i can see" said bone.

Icebreath walked away from the camp. brick ran up to her.

"w-where are you going?" she asked.

"for a walk" said icebreath leaving the bloodclan camp.

She was going to get to know her new home. She walked along the street, there was no twoleg in sight, cause it was dark. She heard a dog barking in the disstance. She hopped on a fence to see a large big dog barking at her. He was snarling at her and tryied to bite her. Icebreath heard scourges words echo in her mind. She hopped down on the dog and clawed its side of the face. It turned and looked at her. It came barling toward her. icebreath struck to dog in the neack and it fell to the ground wipering. She sunk her claws in its neck much further till blod poured out. the dog stopped movving and icebreath was proud of her victums painful death. She opened his mouth and pulled out both k-9 teeth and stabbed each one into her collar. She now had three. She stood proud of it. she climbed up over the fence and landed on her feet she looked back at the fence and started walking. She bumped into something, she turned her head and looked up and scourge's icy blue eyes.

"what did you do to that dog?!" he asked alarmed.

"i killed it and earned two teeth" she said proudly.

"ice you clud have gotten yourself killed!" he hissed "do you know what would happend, do you!?"

"um....what?" asked icebreath

"I would lose respect of bloodclan and i'd be over thrown"said scourge "i messed it up once and i'm not going to mess it up a second time!"

"sorry i just wanted to have a full looking collar like yours and bones" said icebreath.

"lets just forget this and go home" he said turning away. Icebreath followed him.

Gosh, she thought to her self, he's freaking over protective of me! doesn't he relize that i'm not a kit, in fact i have my own KIT!

they both padded back to bloodclan camp.

Chapter 31 "rule number 1: always listen to scourge and no one gets hurt"

Icebreath had awoken. She stood up and streached out. She walked out of the box and sighed. Scorge didn't let her go on any more hunting patrols, since she killed the dog and he freaked out at her for doing so. So icebreath had been confined to camp for a few weeks till tinykit was old enough to become a warrior. In bloodclan, kits don't become apprentices when their six moons old, they just learn form their mistakes and live on with their life. It has been at least two moons since icebreath had killed that dog. She "found" other dog teeth and now had a full toothed collar. Swiftpaw was getting valuble traning from bone. She too has a full toothed collar as well. Icebreath walked over to the food pile and found some chicken.

"hey mama" asked tinykit as she came barrling toward icebreath "c-can i go with lily and crow to see the city?"

Icebreath looked at her kit, she was as old as a apprentice "sure just stay away from twolegs and ddogs and stay together"

Tinykit smiled "thanks mama" she went barling toward lily and crow.

They were waiting for her. They crawled out a small hole in the fence and left bloodclan's camp.

"she'll be something special" said bone as he padded tward icebreath.

Icebreath chuckled "yeh, i wonder what tom could put up with her attitue"

Bone looked around like he was going to say something he

shouldn't. He leaded over to icebreath.

"sneek out of camp, you need to get out" he whispered so that no cat would hear him.

"y-you want me to break the rules?" she whispered back.

He nodded "your being copped up here and it's not right, you did nothing wrong at all"

Icebreath looked at her paws "i guess he's just worried about me"

"well....i can see that" said bone "he's missed a lot of moons with you and treating you like a daughter"

Icebreath started thinking "then, why didn't he try to protect me when i was a kit then?"

"well....he didn't really know that you were his daughter till i told him before the battle" said bone

"y-you knew my mother" asked icebreath.

bone nodded "we'll talk later, you have to leave now if you want to get out"

Icebreath stood up and walked with bone. He stopped by the garbage tank.

"crawl behind here, there's a hole in the fence that leads to the forest" he said.

Icebreath crawled behind the tank and pushed herself through the hole. She landded on her feet as she was free. She flicked her tail. She sniffed the air and smelt that this part was waterclan teritory. She crouched down and kept low as she ran through the teritory. She was going to spy on her clan, and take her kits back if she had the chance. She stopped as she scented a patrol coming.

" i smell rouge, over ther" she heard a water clan cat say. Icebreath went running. she heard the patrol following her. she saw aome water. she remembered the tricks stonefur taught her, she jumped

in the deep river and started swimming. The water clan patrol followed her into the water.

"hurry she can't swim, we can catch up to her now"

Icebreath rolled her eyes "i know a lot more than you think"

Icebreath dove underwater then was able to pick up speed by jumping out og the water. she jumped up and landed on a tree branch.

The patrol looked at her with fear.

"y-your icebreath" said a black tom "y-your the cat that mousestar warrned us to be careful about"

Icebreath smiled "i have helpers everywhere in this forest, and some aren't even cats" she said "i know your every move and you better tell mousestar to watch her back"

icebreath started jumping from branch to branch. She had finnally crossed into moonclan teritory. It has been a while since she had been here. And no one would reconzie her scent or her with her blood red toothed collar. She knew that moon clan cats can't really climb but, she learned how to with the thanks of applestar. she heard a patrol come by. She looked down and saw sealpelt, rockfur, bluepaw, and thislefern. She smiled, she was going to make a big entrance. She hopped down from the trees and started at the patrol.

"how are you" growled sealpelt.

Icebreath laughed "has it really been too long, don't you remember me"

Sealpelt was thinking hard "nope i don't know who you are"

Icebreath frowned "really, do any of you?"

the cats shook her head. Icebreath rolled her eyes.

"i'm here to reclaim my kits that my sister stole" said icebreath.

"i-icebreath" said thislefern a little scared "y-you know your exiled"

"and we have the right to kill you" said rockfur hissing.

icebreath laughed "like you could kill me"

"just wa-"

Rockfur was cut off by thislefern "you can't kill your sister"

icebreath puffed out and hissed at thislefern "no i'm not, i've discovered that i was never a moonclan cat and neither were my sisters, i know who my real father is and i'm now in his care"

Thislefern looked at icebreath with fear "so...you know"

"yes i know and i'm not going to listen to you!"

"i'm going to kill you for that" said rockfur as he pounced on icebreath.

This was her time to shine. She flipped him off and quickly turned around and clawed his throat. he started screaching with pain. blood poured out and icebreath let go of him. she watched rockfur's painful death then looked at the patrol.

"tell mousestar, the longer my kits are with her, one by one her warriors will go missing" said icebreath "i'm much stronger now, i killed each dog and took it's tooth and stuck it into my collar"

she hopped on to a tree branch "farwell my enemies" icebreath left the patrol in shock. icebreath was happy, she had killed rockfur her fake brother and now silverpoint was next!

Moonfur's POV

Moonfur was taking care of icebreath's kits. they were so adorable and she was now thinking that maybe icebreath was telling the truth about mousestar. Moonfur heard her sister yelling at her kits. moonfur stepped out of the den and saw mousestar attacking icepaw and mudpaw. hawkpaw was looking at his mother in horror. mousestar dropped mudpaw's body and looked at icepaw's. she then

turned her attetion to hawkpaw. he crouched in fear.

"now, do you want to end up like them" said mousestar.

Hawkpaw shook his head and headed out of camp. mousestar kicked dirt over icepaw's and mudpaw's bodys. moonfur was in shock.

There was a huge comotion outside of camp. moonfur saw thislefern coming back with his patrol.

Mousestar padded to them "thislefern what happened-" mousestar looked at sealpelt as he brought rockfur's bloody body and set it in frount of her. silverpoint went running to her son's body.

"who did this" demanded mousestar. darkheart, moonclan's deptudy, came padding to mousestar.

"i-icebreath" said sealpelt "she killed him, she clawed his throat before we could do anything, and before we knew what happened he was already dead"

"that wimp couldn't have killed him" hissed darkheart.

"she's changed" said thislefern "she's wearing those toothed collars and says that she killed each dog and took it's tooth as a trophy"

"she's making that up" said breezeheart.

"well...the way she killed rockfur, i-i think we have to worry about her mousestar" said sealpelt "she said that as long as we keep her kits, one by one each of our warriors will go missing"

"she's becoming a bigger threat than we imagied" said darkheart. Mousestar nodded.

"i'll have all the clans on look out for her, and i'll anounce that we need to find her and kill her if she's spotted in any of our teritories" said mousestar.

moonfur gulped, has her sister really become a savage beast?

Chapter 32 "icebreaths next victim"

Warning this chapter contains violent scenes!!

Icebreath walked back to bloodclan camp. A sence of pride filled her, as she was proud he had made moonclan fear her. She found the hole and crawled in it. she heard bone talking the scourge. She knew he was looking for her. she peeked out of the garbage tank and saw scourge standing to the other side of bloodclan camp. She crouched down and ran to her box. she closed her eyes and pretended to be sleeping.

"ice" she opened one eye and saw scourge. she streached out and crawled out of the box.

"yes"asked icebreath.

"i've decited to let go of your punishment" he said looking down. Bone padded up to him.

Icebreath bowed her head "thanks, scourge"

He rolled his eyes at bone and walked off. bone walked up to icebreath.

"y-you told him to let go of my punishment?" asked icebreath.

Bone turned and looked at her "yes, so now you can do whatever the heck you want"

Icebreath smiled. Bone walked off, icebreath knew it was a full moon tonight, so she was going to spy on her old clan's gathering. she looked up at the sky, it was almost sun down. But another thing prickled in her stomac, Where was tinykit?

she saw lily and crow coming back from their walk. Tinykit was running to keep up with them. Tinykit saw her mother and went

running to her.

Icebreath smiled "what did you do see in the city?"

"lots of things mama" said tinykit as she bouned to the box.
Icebreath saw swiftpaw running toward her.

"swiftpaw, can i ask a favor" said icebreath.

"yeh sure, what do you want?" asked swiftpaw out of breath.

"i want to easedrop on the clans at the gathering tonight but, i need sombody to watch tinykit" said icebreah "could you watch her for me?"

Swiftpaw nodded "sure, anything"

Icebreath slid begind the garbage tank and crawled through the hole. She was going to use the trees to her advantage. She rolled in some catnip that was by the area so, they wouldn't reconize her rouge scent. She jumped onto a tree branch and hopped from branch to branch and reached the gathering sight. Cat wher already gathered and brightstar, waterclan's leader, was speaking. Icebreath wondered when mousestar would speak. Brightstar finished talking and it was mousestar's turn. Icebreath didn't see silverpoint at the gathering, and it looked like it just started. Icebreath listened to mousestar, she was talking about her.

"a sad tradity has happened in moonclan" said mousestar "we lost our brave warrior rockfur to a rouge" she paused and looked at the other leaders "not just any rouge but, my exiled sister icebreath!"

Cats gasped with shock, since everyone belived that rockfur was her brother. icebreath rolled her eyes. Mousestar sure knows how to kiss up.

"she has clamed that she will kill all of us and will destroy the clans forever!" yowled mousestar.

"how can one cat destroy four warrior clan?" asked leopardstar. he was a really old leader.

"she has allies in the twoleg place and has befriended foxes!" yowled mousestar "she's calls her clan bloodclan, and there just a bunch of rouges that wear toothed collars"

"she's in lead with KITTYPETS!?" shouted brightpaw from flowerclan, icebreath remembered her when she was and apprentice.

"brightfur, shut your mouth, its not your time to speak" hissed shadowstar.

"she has killed dogs, and took each tooth as a trophy" said sealpelt "i've seen what she looks like, she's a monster!"

all cats were murmuring about her. Icebreath hopped from another branch, and headed to camp. Icebreath was going to try to rescue her kits. She reached moonclan camp and saw moonfur asleep and thislefern and blackwing were guarding camp. icebreath climed onto the sky oak and hopped to the leaders den. she was quiet as a mouse. she saw silverpoint with a new litter of kits. only two, both toms. icebreath crept in the nursery, silverpoint was the only queen here. so icebreath walked over to silverpoint and grabbed her two kits. She gently set them on the other side of the nursery. They looked about three moons old. she then turned her attention to silver point. she looked at ehr sleeping. Icebreath was angry for what silverpoint had said to her before she left, and how she possed as icebreath's mother. Icebreath's eyes turned red as she swung down on silverpoint's throat. silverpoint woke up but couldn't speak. silverpoint's eyes were in horror. icebreath removed her claws from silverpoint, she watched her painful death. once silver point was dead, icebreath was going to kill balckwing. she crept out of the nursery, her paws were soaked in blood. she padded over to the medicine cat den. She only saw moonfur.

Mousestar must have taken them to the gathering, thought icebreath.

She walked over to blackwing and jumped on his back. Thislefern looked at icebreath in horror. He lunged at icebreath and struck her right frount leg.

The anger icebreath felt when scourge attacked her right frount leg, came crawling back into her. Her eyes sea green eyes turned to a blood red color and her beautiful blue and white coat turned to red and black.

I-It's happening again, she thought to herself.

She then compeletly lost it. she ripped blackwings throat and was clawing him. thislefern was haning on her back, she flung him off and charged at him. She rammed into his side, he yowled in pain. Moonfur was watching this in the medicine cat den. she crouched down so icebreath wouldn't see her.

Icebreath ripped thislefern's stomac. blood poured out and thislefern looked at icebreath in horror. blackwing was going to jump on icebreath when a red and white pelt ramed into him. when he landded a rock hit icebreath in the head and her black and red coat returned to normal. her eyes were sea green again and she looked down at thisleferns dead body. she couldn't belive her eyes. she saw hawkpaw, clawing blackwing. Hawkpaw stopped and blackwing fell to the ground, dead. hawkpaw turned and looked at his aunt.

"hi icebreath" he said really happy.

"a-aren't you afraid of me?" she asked.

He shook his head "nope, your the only one that can stop my mother"

Icebreath heard the cats from the gathering come back.

"hey hawkpaw, i have to leave" said icebreath as she climed up the sky oak.

"wait, let me come with you" he pleaded "my mother will kill soon"

Icebreath was thinking "okay but your going to have to climb up, and fast!"

Hawkpaw was a natrual tree climer. once he reached icebreath they hopped from branch to branch. she made it to waterclan teritory

and hopped down from the tree. hawkpaw followed her.

"we have to disguse your scent" said icebreath as she kicked some garbage over him "no you'll smell like a rouge"

Hawkpaw smiled, icebreath climed through the hole with hawkpaw at her side. they pused their way out and into bloodclan teritory.

"whoa" said hawkpaw shocked.

"i have to go get our leader"said icebreath "stay here"

Icebreath hopped onto the garbage tank and saw scourge asleep. She lightly poked him. He opened one eye.

"what do you want at this hour ice" he asked a little anoyed.

"well, when i was on my walk i stumpled upon this clan cat apprentice" said icebreath "he was exiled too and would like to join bloodclan"

"whats his name?" asked scourge.

"he calls himself hawkpaw" anwsered icebreath.

Scourge paused for a long time "let him stay, well give him his collar and tooth in the morning" he sighed "now go get some sleep ice"

Icebreath bowed her head "yes scourge"

Icebreath hopped down and saw hawkpaw was waiting nervously.

"hawkpaw, scourge says you can stay, well get you your collar and dog tooth in the morning" said icebreath.

"thats awsome" he said jumping with joy.

"you can sleep right here for tonight" said icebreath as she crawled into her box.

"thanks icebreath" he said before he fell asleep.

Icebreath closed her eyes and drifted off to sleep.

thank you for reading this story.....i wasn't lying that it'd bee intense.....i'm not even to the middle of the story yet.....there's a lot more...so yeh.....and i'd like to thank mooncrystal for editing the story. were just beging to edit the first few chapters so yeh.....moony your the best ever!!!

Chapter 33 "pride of power is a killer"

icebreath was incharge of hawkpaw's bloodclan traning. Cause he was clueless about how their ways are. She taught him how to make a killing claw stab. She showed him that speed was everything and power. She, him and swiftpaw would go running to work out. They would attack trees. The deeper the claw marks went inside the trunk, made more of a killing strike.

"a-am i getting better?" asked hawkpaw.

Swiftpaw rubbed agaist him "yes, soon you'll be able to earn your teeth for your collar"

Icebreath smiled "acctually swiftpaw, i think we should send him on his first mission to recive his teeth"

Swiftpaw nodded and padded back to bloodclan camp. icebreath looked at hawkpaw.

"i know that theres a dog losse on moonclan teritory, and if you were to kill it in frount of a patrol, then they would fear you" said icebreath "then you'll show your mother that you are strong!"

"awsome" said hawkpaw. They padded to the forest. they reached moonclan teritory. Icebreath sniffed the air.

"where do you think the dog is" she asked trying to test his tracking skills.

"um..." he looked at the ground "over there, the ground smells like dog"

"and it looks like a patrol went the same way as well" said icebreath.

They climbed up a tree and hopped from branch to branch. They

saw the dog, snapping at a patrol. In it was darkheart, toadtail, bluepaw, greypaw and three other unfamilar cats.

"who are those cats?" whispered icebreath to hawkpaw.

"the black one is goldeye, and the white silver striped one is hollowpaw, and the orange black striped one is tigereye" said hawkpaw "and bluepaw and greaypaw are known as bluefoot and graystream"

"okay, it's good to learn about your eniemies" said icebreath. Hawkpaw nodded.

the dog was snapping at the patrol. icebreath smiled, this was a easy kill.

"now hawkpaw" said icebreath "jump on its back and strike it at the throat, if you need help i'll be right there"

Hawkpaw nodded and jumped out of the tree. He jumped on the dogs back. He extened his claws and struck it in the throat. The dog fell to its side wimpering. Hawkpaw then dug his claws deeper in its neck till it was dead.

"h-hawkpaw" said hollowpaw "you saved our lives"

"no i didn't" he said puffing out.

"tratior" snarled darkheart "kill him now!"

The patrol leaped on hawkpaw. Thats when icebreath leaped out of the tree and struck darkheart in the throat. She pushed darkheart to the ground and hissed at her. The patrol turned and looked at icebreath shocked.

"i'll kill you if its the last thing i do icebreah!" hissed darkheart.

"i'm preparing my army" icebreath hissed "hawkpaw is our new member and has earned two more teeth for his collar"

"i knew we should have killed that weakling" said darkheart narrowing her eyes at hawkpaw. He just looked at her with anger.

"he's no longer weak, in fact he'll kill you if he wanted to right now!" hissed icebreath as she stepped off darkheart.

Icebreath padded to the dog and grabbed it's k-9 teeth out and gave it to hawkpaw. he stabbed each one in his collar and now had three teeth. They looked at the patrol with anger.

"you have a lot of guts to show up here icebreath!" snarled toadtail.

"i can kill all of you if i wanted to right now" said icebreath. She looked at hawkpaw and they jumped up and landed on a tree branch.

"be prepared for moonclan's end" yowled icebreath.

They hopped from tree branch to tree branch. they walked back to camp and all the younger she-cats were swarming hawkpaw and his newly earned teeth. Icebreath smiled.

"where did he get the teeth from?"

icebreath looked behind her to see scourge standding there with bone at his side.

"a dog" anwsered icebreath.

"well, no dur" he said anoyed, his purple toothed collar shined in her eyes "where did you find the dog"

"in the forest" murmed icebreath.

"didn't i tell to stop going in there!" screached scourge "are you crazy!?"

"yes, i am" said icebreath "and i can fend for myself"

"you could get hurt" he said "i was strong and was brought down and killed, having too much cofidence in you will kill you, ice"

"whatever" said icebreath as she ran to her box. she crawled inside and sighed. She watched tinykit playing with her friends.

I have to get foxkit and feverkit back, thought icebreath, no matter what it costs!

Moonfur's POV

"here, eat these herbs" said moonfur as she pushed some herbs to feverkit.

He had a horrible fever and it wouldn't come down. Foxkit was asleep in the other side of the den.

"okay" he said.

The expression on his face was sour.

"that was nasty" he said.

"yes but it'll make you feel better" said moonfur.

"is this the right herb moonfur?" asked minnowscale, moonfurs apprentice.

"yes, set it over there" said moonfur.

moonfur sighed. It was the half moon tonight and she was to travle to the moonflower. Minnowscale was to stay behind and watch fever kit's fever, while moonfur went to the moonflower.

* * * * *

Moonfur awoke in starclan. She sighed. A tortosieshell with a white muzzle walked toward moonfur. Moonfur had never seen this cat before. She was followed by a red and white tom,which was redstar, and a dark gray tom with yellow eyes.

"who are those two?" asked moonfur.

"aw" said redpelt "this is spottedleaf and stonefur"

"t-they don't smell like cats from around here?" said moonfur.

"we have disturbing news moonfur" said spottedleaf.

"what news"

"all the clans will be destroied by one cat" said spottedleaf "anger has taken over her, and now she is building up her army"

"you have to convice all your clan mates to give back the kits they stole and leave their home land or they'll be destrioed" said stonefur.

"what about the other clan?" asked moonfur worried.

"we've asked cats from their clan to tell them" said redstar.

"who's the threat" asked moonfur "and why do we have to leave the forest?"

"the threat is icebreath, she is overcome with anger" said spottedleaf "she's done nothing wrong until now, you must return her kits or you'll all be destrioed"

"what?!" shouted moonfur. But it was too late the cats vanished and she woke up by the moonflower. All the other medicine cats had left her alone. She had to tell mousestar this, or moonclan might be lost...forever!

Chapter 34 "preparing for battle"

quick auother's note.....this is the last chapter before a huge and i mean HUGE battle scean!!! this is about them prepering for battle. This is the middle chapter so yeah.....alot of things r goona happin in chapter's to come so enjoy!!

Icebreath's POV

Icebreath is now a cold hearted killer, like her father. She doesn't care about any other cats other than tinykit, swiftpaw, bone, brick, scourge and hawkpaw. She is now angrier than a bager, She is determind to kill mousestar and get her kits back. Icebreath was sitting on top of the gabage tank. Scourge has been up to her and won't let her go out anywhere unless bone or birck is with her. Icebreath, was planning revenge on the clans, the clans thar destroied her life! she watched tinykit wresiling with crow. Hazle and lily were playing with a moss ball and swiftpaw was teaching hawkpaw. Hawkpaw now has a full toothes collar and is as mad as icebreath for what his mother has done to moonclan. You think icebreath would have killed hawkpaw but, he hates his mother so, she spared him. All icebreath could think about was darkheart and mousestar. She flexed her claws at the though of them.

"ice, somthing's bothering you" said scourge as he hopped up on the garbage tank and sat down next to his daughter.

"yeah, mousestar thats all" she said.

"i can see it in your eyes that you want to get revenge" he said "revenge is what you should adviod"

"she exlied me for no reason!" shouted icebreath.

"it may seem hard but, think about other things than killing anf getting revenge on her ice" said scourge "revenge is no good, i

figured that out when i was going to get revenge on tigerstar"

"w-what happened between you anf him" asked icebreath.

"well.....him and this cat thisleclaw attacked me when i was a kit and wandered into the forest" he said "and.....i swore that i would kill him"

he paused and looked at icebreath "and when he asked me to deal with some 'eneimeies' he had back in the forest and well.....the cats there told me who he really was so i backed out on the deal"

"and he killed you?" asked icebreath.

"i've told you that i killed him, he jumped at me and i-i killed him, all of his leader lives" said scourge.

"that will be the day" said icebreath "when i too will kill a leader with nine lives"

"NO ICE!" screached scourge.

"why not" said icebreath "i want to be like you"

"thats the problem" he said "i don't want you to turn out like me, a cold blooded killer"

You have no idea, thought icebreath, i've killed more cats than you!

"but....you still are" said icebreath.

"i'm trying to change and so should you" he hissed "were done with this conversation!"

"but" icebreath tryied to talk to scourge but he jumped off the tank and stormed off.

Icebreath hopped down and tried to run to him. She was stopped by brick and bone.

"let him cool off" said brick.

Icebreath nodded.

She ignored her father's warnings and was going to the forest tomorrow! she saw brick and bone walk out of camp. Icebreath called a meeting (since she's second in command).

"what icebreath?" asked fang "what do you want"

"many of you have know this but, clan cats had stolen my kits" she said "and tomorrow were going to retreive what is mine"

"but, scourge,bone and brick will kill us" said rain.

"how will we sneek out?" asked fish.

"we'll sneek out when their asleep" said icebreath "and we'll have to come back before they wake up, that means that we'll have to leave at night to get a better chance of them not awakening"

"but.....tomorrow is the clans gathering" said hawkpaw "there will be a ton of clan cats"

"bloodclan is bigger than all the clans combined" said icebreath "i need to know if you'll join me"

All the cats yowled with joy. They wanted to be in a battle so bad. Icebreath smiled with joy.

"we will leave once scourge, bone and brick are asleep" said icebreath.

Mousestar, prepare to meet your death, said icebreath to her self.

Moonfur's POV

"WHAT?!"

"i-it's true mousestar, we have to give back icebreath's kits" said moonfur.

"we can handle her, how can she destroy all the clans?" hissed darkheart.

"i-i don't know but we have to listen to this waring" said moonfur.

"get out" commanded mousestar "go and do what medicine cats do"

moonfur ducked down "yes mousestar"

Moonfur walked out of the den. Her tail was drooping on the floor.

W-Were all going to be destroyed, moonfur thought.

Moonfur walked into the medicine cat den and sat down. Feverkit walked up to her.

"whats wrong moonfur?" he asked.

"nothing" she said "nothing at all"

"okay well, foxkit is asleep so i'm going to bed" he said.

he walked over to his sister and culddeld next to her and fell asleep.

moonfur sighed. they were all going to die soon....

Chapter 35 "Icebreath's revenge"

warning this chapter contains blood!

Icebreath was relaxed. And so were most of the clan. She looked at the full moon in the sky. She waited for brick and bone to fall asleep. Scourge was already asleep by the doorway of an old twoleg building. Icebreath saw bone curl up beside the gabage tank and brick fell asleep next to icebreath's box. Icebreath waited for a while till moonhigh to leave.

She crept out of her box and streached. Swiftpaw was asleep next to tinykit. Icebreath didn't want swiftpaw to come. Cause she needed some cat to watch tinykit. Icebreath walked over to where the guards are. They gave the signal and all the bloodclan cats were up.

"follow me and be careful" whispered icebreath.

The cats nodded and followed icebreath out of bloodclan camp. She took them over out of the city and to the forest. Her blood red collar shined in the light of the moon. She had a evil smile on as the walked into fireclan teritory.

"can everyone climb?" asked icebreath.

They all nodded. Icebreath smiled and they hopped up onto the trees. each cat hopped from branch to branch. Icebreath felt her heart pounding with excitment. They reached to the gathering place.

"lets wait till the brown cat speaks" said icebreath.

Leopardstar stepped forward "we have recived a waring from starclan that the clans will be destroyed"

Icebreath chukled a little.

"and our warrior ansestors told us that moonclan was keeping the danger's kits, mousestar please for the sake of the clans return those kits" shouted leopardstar.

Icebreath saw foxkit and fever huddled next to moonfur.

"over there"s aid icebreath "the two kits over by the black and white she-cat"

"aw, those are your kits?" said fang

Icebreath nodded "let me do the talking and attack when i say so, these cats will out number us if were not careful"

"okay icebreath" said fish.

"your an old leader leopardstar" said mousestar "your going crazy"

"i recived this same warning as well mousestar" said brightstar.

"leoparedstar you deserve to die!" shouted mousestar.

"your a crazy leader mousestar" said leopardstar "your the reason we all might be killed!"

Mousestar jumped on the old leader and clawed his face. He couldn't fight back with mousestar's speed.

"now" whispered icebreath "let me attack her and hopp out of the trees once i'm done"

"okay"

Icebreath leaped out of the trees and pushed into mousestar. Mousestar rolled over and started into icebreath's sea green eyes. Leopardstar struggled to stand but, managed to. He looked at icebreath and so did all the other cats.

"what are you doing here" growled Mousestar.

"to get my kits back" snarled icebreath.

All the bloodclan cats jumped out of the trees and looked at the

clan cats. Moonclan crouched down at the fearsome looking cats.

"this is bloodclan and all we ask is to reclaim my kits" said icebreath "we will leave in peace once i have my kits"

"yeah right" said mousestar "your just a cold blooded killer"

"that makes two of us" hissed icebreath.

"give her back her kits" shouted brightstar "we can't afford a battle in leaf-fall"

"shut it" hissed mousestar "i'll deal with you my self"

"i will comand my warriors to attack if you don't give my kits back!"

"i'll kill you on the spot then" snarled mousestar as she jumped up in the sir.

Icebreath watched in amussment as mousestar tried to bite icebreath's neack. Icebreath quickly moved to the side then hit into mousestar like a ton of bricks. Icebreath grabbed her sister's neack and clamped down on it. Mousestar tried to claw icebreath but, icebreath let go and stabbed mousestar's side. She stabbed them deep into her stomac and lifted away in pride as she watched her sister lose a life.....

Scourge's POV

"scourge, scourge"

scourge woke up to swiftpaw poking him.

"what swiftpaw, can't it wait till morning" whined scourge.

"icebreath is gone!" said swiftpaw "she took all of the bloodclan cat to the forest to get revenge"

"WHAT!?" screached scourge "how many cats are left in camp?"

"um...well you, me, bone, brick, and some kits" said swiftpaw.

"oh fox-dung" cursed scourge "get bone awake we have to go and

stop her NOW!"

Scourge hopped down from the garbage tank and hurried over to bone.

"BONE WAKE YOUR LAZY BUTT UP" Screache scourge.

"what" wined bone.

"icebreath left with all the bloodclan cats and is headed to the forest"

"okay well...wake me up when she comes back" said bone.

"BONE!" screached scourge.

"i'm kinding, i'm kidding gosh" said bone rolling his eyes.

"i got brick up" said swiftpaw "she'll watch the kits"

"okay lets hurry" shouted scourge.

They arived to the forest.

"this is a diffrent forest" said scourge.

Swiftpaw nodded "it looks like they used the trees"

"but, i can't climb" said bone "and neither can scourge.....scourge?"

Bone looked for scourge.

"up here" said scourge from a tree.

"are you nuts?!" screached bone.

"yes now let hurry" he said. Swiftpaw jumped up to the trees and looked at bone.

"are ya coming?" she asked.

"just give me a second, gosh" said bone as he climbed up the tree.

Swiftpaw sniffed the air "this way. she went this way"

Scourge nodded and they hopped from tree branch to tree branch. He spotted icebreath in the far disstance. He landed on a tree branch and looked down in horro. Icebreath was doing the same thing he had done that killed tigerstar. Scourge had a majior flash back the freaked him out. He went to jump off and stop them when he was suddenly grabbed. He looked up at bone.

"mre mou muts" he said.

Bone lifted up scourge and scourge looked at him.

"i'm sorry what did you say" asked scourge

"i said are you nuts!!" shouted bone "their fighing like savage beasts"

"do you want me to just watch my daughters rip eachother to shreds!" screached scourge.

Bone looked at the two she-cat fighing "yes" he finally said.

Swiftpaw and scourge looked at bone in horror then looked at icebreath.

"she's strong scourge" said bone "icebreath will be okay, she knows what she's doing"

Chapet 36 "tigerstar's return"

Icebreath's POV

icebreath watched mousestar quiver as she was lossing a life. She then went still.

"ha" sneered darkheart "once she comes back she'll tear you"

Icebreath looked at her sister "i wouldn't be so sure about that"

Darkheart looked at mousestar as she woke again but started in on shaking. There was majior pain in mousestar's eyes. Darkheart looked at her leader in horror.

"s-she's losing all nine lives at once" said darkheart quivering with fear.

Icebreath chukled evily. She had finally accoplished somthing.

Mousestar did this seven more times. All the clan cats were frozed in fear. They had never seen a leader lose all nine lives at once. Mousestars screams of pain could be heard from another forest away. Mousestar opened her eyes and blood began to trickle out of them. She was sreaching in pain.

"this could have been easyier mousestar" whispered icebreath "say hi to tigerstar and thisleclaw for me"

mousestar starred at her sister and then closed her eyes. He body became motionless and every cat knew that she'd lost her last life.

"now, seeing as how mousestar has died a painful death" said icebreath "i suggest that you give me the kits back"

"NEVER!" yowled darkheart "you'll never see your precious kits again!"

"darkheart stop" commanded leopardstar "let her take the kits"

"why should we listen to you" yowled graystream.

"because" he said "i don't want to see my clan crumble to nothing"

"she can't do that" screached darkheart.

"she just killed your leader's nine lives at once" yowled brightstar "how can you ignore the danger she posses!"

Darkheart gave icebreath a cross look "not if our leader can help it"

"how's this leader you keep talking about" said icebreath.

"a certian cat that wants to kill you and your father!" said darkheart.

All the sudden at brown shadow cast it's self along the forest floor. Icebreath bliked and tryied to find what it was. There was an evil laughing sound. When icebreath turned around she was smashed into by a large cat. Icebreath looked into his yellow gaze, It was tigerstar!

"why are you here" snarled icebreath.

"to ask you again" he said "you know what i'm after and i suggest you give it to me!"

"never!" yowled icebreath as she pushed the tom off of her. He turned and looked at her.

"your just like your father and mother" he said "your a pathetic wimp!"

"my dad is not a wimp" said icebreath circling him "he's the reason your dead!"

Tigerstar gave her a look. And swiped her across the face. Blood slowly trickled down the side of her face. Two other cats appered with tigerstar. icebreath reconized them from when she visited the darkforest.

"allow us to reach your power icebreath" said a brown tom with a

broken tail.

"never!" she screached.

Tigerstar looked at darkheart and she nodded. Darkheart grabbed feverkit and foxkit and set them down at tigerstar's feet. He smiled evily at them. he put his masive paw on feverkit's head.

"you will if you want to see your kits alive!" he snarled.

"i-i....." icebreath didn't know what to do. She wasn't thinking straight and she leaped on his back. tigerstar pinned her down and started to claw her.

"MAMA!" yowled foxkit and feverkit.

A black shadow cast it's self upon tigerstar. The next thing icebreath saw was scourge stading next to her. He was growling at his old enemy.

"don't you ever touch my daughter again tigerstar!" he snarled.

"oh and what will happen if i do?" asked tigerstar.

"then i'll kill you"

Tigerstar chuckled at his anwser "your a fool scourge, darkheart"

Darheart leaped in the air and tried to pounce on scourge. Bone leapped out of the tree's and grabbed her by the neck. She looked at bone surprized. Icebreath couldn't hear their conversation. And before she knew it darkheart was lying dead on the forest floor. bone padded up to scourge, Swiftpaw slide down from the tree and joined the cats.

"bone grab the kits were leaving" said scourge.

Bone nodded and grabbed foxkit and feverkit.

"scourge i will kill you and your precious dauther if it's the last hing i do!" snarled tigerstar.

"you couldn't kill me in the first place" sneered scourge "i took away all your nine lives before you even knew what happened"

"yes, but i have become much stronger now" he said.

Tigerstar pushed scourge out of the way and walked toward icebreath. Icebreath was going to pounce on him but, her paw was caught in a tree root. Tigerstar lifted his paw and swung down on icebreath. Icebreath closed her eyes but, felt nothing. she opened her eyes and saw a stary cat standing above tigerstar.

"s-stonefur?!" said a brown she-cat.

"leave, starclan doesn't want you here" said stonefur.

Another cat joined him with a few others. She reconized pinecloud, redstar spottedleaf, a old dark gray she-cat, a beautiful silver she-cat and applestar.

"leave" said spottedleaf "now tigerstar, you mapleshade and brokenstar"

"your not wanted here" said the old gray she-cat.

Tigerstar looked at the starclan cats in anger.

"come on let's leave" said tigerstar "you were lucky this time icebreath, but next time spottedleaf and scourge won't be able to save you"

He vanished with his possy of cats. Icebreath stood up and padded toward stonefur.

"s-stonefur where have you been?" asked icebreath.

"i-i was killed thanks to tigerstar and a cat called blackfoot or blackstar" he said "that is why i haven't been able to see you"

Icebreath nugged into stonefur's body. She looked at the two cat she did not reconize.

"s-stonefur who are those cats?" asked icebreath

"aw...." he said "the dark gray on is yellowfang and the silver tabby is silverstream"

"i have heard many great things about you icebreath" said silverstream. Her voice was so soft and gentle.

"we must be going now" said applestar.

The starclan cats vanished and icebreath was in wow! foxkit and feverkit ran up to their mother and snuggled into her. She licked them each.

Scourge slowly stood up and looked at icebreath.

"were leaving" he said as he walked away.

Icebreath felt as if he was really upset with her. the bloodclan cats all left the shocked clan cats there.

"wait"

icebreath heard a voice, she turned around and saw moonfur.

"let me come with you" she said

"but, you can't fight" said icebreath.

"i know but, i could be bloodclan's first medicine cat" she said "i have nothing left in moonclan for me to hold on to"

"who's this?" asked bone

"my sister moonfur" said icebreath.

"i'm sure scourge will let in his ither daughter" he said.

icebreath had finally recived victory. Mousestar and darkheart were dead and she had recliamed her kits. And not only that she retrived moonfur's trust again.

Chapter 37 "My mistake"

Okay....the story isn't complete.....sorry but, it will get more intense though....i hope that you like the story cause i've worked really hard on it so yeah....sorry for making you read this but, please be preparded for somthing a little intense, and yes it's important for the story....so please read!!

Icebreath walked along side scourge. Foxkit and feverkit were playing with hawkpaw's tail as it swished along the tall grass. Icebreath could see that scourge was tense, with anger.

"i can't belive you dissobeyed me ice" said scourge looking at her with a death look.

"s-sorry but i-"

"you made me make a fool of myself out there" he said cutting her off.

"i-i'm soory" whispered icebreath to herself.

Scourge looked away from her and growled with frustration. Icebreath sunk down. Scourge was really mad at her.

****

They finally arived back at bloodclan camp. Icebreath crawled through the little hole. Swiftpaw was by her side.

"swiftpaw" said icebreath "i can't belive th-that you'd betray me"

"sorry but, a cat came to me in a dream and told me that you'd be killed if you went alone.....with out scourge" she said sulking down.

"who was this cat that came to you" asked icebreath.

"um.....we saw her with the other starclan cats, the silver one called silverstream warned me about it all" said swiftpaw.

Why would that cat want to help me, thought icebreath, i mean i don't know her like i do spottedleaf.

They walked over to where brick was with the kits. She stood up and padded to the cats.

"what happened" she said sternly.

"i made a fool of myself" said scourge as he hopped up to his garbage tank.

Brick looked confused "what his problem?"

Bone came walking toward her "long story....how are the kits?"

"good" she said "tinykit slept the whole time"

"tinykit's alive" squealed feverkit.

Brick looked down at him "who's this?"

Icebreath came forward "my only son, we rescued him along with his sister"

Foxkit came bounding toward her brother.

"whats your name little one" asked brick bending down to the two kits.

"i'm foxkit and he's feverkit" said foxkit proud "and.....what your name?"

"brick" said brick "now lets get you to your sister"

"YEAH!" shouted feverkit as he bounced around.

"he's adorable icebreath" said moonfur as she touched the tip of her tail on icebreath's back.

Icebreath turned to her sister "thanks"

"i'm sorry" said moonfur "sorry for beliving mousestar and darkheart"

"thats fine" said icebreath "but i give her props for her plan though" icebreath said joking around.

Moonfur giggled. Icebreath turned to go and talk to scourge. She headed to the garbage tank. She hopped up and saw scourge lying there. Icebreath walked closer to him.

"go away" he said.

"it me" said icebreath "icebreath"

"i know" he said turning to her "go away!"

Icebreath became shocked. She hopped down the tank and looked back up at the garbage tank.

"what wrong with him?" said icebreath outloud.

"just let him cool off" said bone as he padded toward icebreath "he's just upset, he felt.....imberresed by the whole thing"

"i don't know why he'd feel that way" said icebreath looking at bone "ugh, it's all my fault"

Bone wrapped his tail around icebreath "no, you did it to save your

kits, he can just stick it"

Icebreath gave a small smile. But she knew that he was mad at her and that it was all her fault. If she wouldn't have been so selfish then, no of this would have happened.

Okay....nothing is going on between bone and icebreath (if your wondering) he is like her second father to her and is like and uncle(sorta)....

Chapter 38 "My history"

Icebreath has noticed a majior change in scourge. He never comes down from his garbage tank and when she tryies to talk to him, he sends her away. Moonfur says that he's just trying to 'cool off' but, icebreath knows that he hates her. Tinykit, foxkit and feverkit both have toothed collars but, not fully toothed though. Icebreath has gone into majior depression and won't ever come out of her box, in a way she's being like scourge.

"please get out" pushed swiftpaw "you havn't been out in days"

Icebreath turned her gaze to her appretice. Hawkpaw was stading next to swiftpaw and they looked worried at her.

"no swiftpaw" said icebreath "i will tomorrow"

"you say that all the time" said hawkpaw "you need sun and excersise"

"i said no hawkpaw" hissed icebreath "would you two just leave me alone"

The two appretices looked at each other "okay, sorry to bug you"

They both walked off. Icebreath turned around in her box.

"its hard enough to see scourge that way but, now you, i don't know how bloodclan will survive without a leader to lead them"

Icebreath reconized bone's voice. She put her ears back.

"i still think that you should get out of that stupid box" he said nugging icebreath.

"no bone" said icebreath "i'm not getting out"

Bone sighed.

"she still won't come out?" asked brick.

Bone shook his head "nope"

Icebreath felt guilt in her stomac. She turned and faced the two cats.

"thanks for caring bone and brick" said icebreath "it's just that-"

"that your depressed two like scourge" said brick cutting icebreath off.

Icebreath nodded "you guys are like my parents i never had"

"well...scourge is new to the whole 'father' thing and all" said bone.

"i can see that" said icebreath.

"i'm going to take feverkit and foxkit out to hunt" said brick.

"okay" said icebreath as brick padded away.

"i know your mother would have been proud of you" siad bone "even thoug she didn't want you to grow up in bloodclan"

"cause of my dad" asked icebreath.

"well there were other things going on as well" said bone. He lyied down next to icebreath.

"what other things?" asked icebreath.

"well your mother was a medicine cat in a clan called thunderclan and well, when she was and apprentice, she was attacked by some foxes and scourge saved her."

Icebreath wondered who her mother really was.

"i was watching in the trees you see and saw the light in scourge's eyes when he talked to her, she was a very beautiful cat and scourge needed some one to talk to"

"why?" asked icebreath.

"he never told you his back ground and how we found him and how he created bloodclan?" asked bone surprised.

"nope" said icebreath shaking her head.

"well then, scourge used to live in a twoleg house ans was a kittypet for some time-"

"my dad was a kittypet!" interupted icebreath "that kinda hard to belive"

Bone chuclked and went on with the story "he was called tiny when he was a kit and was made fun of by his two siblings, socks and ruby, he one day ran away from his twoleg house and ran into the forset and was attacked by tigerstar or tigerpaw at the time and a cat called thisleclaw. Some how scourge survived their attack and had a deep gruge agaist tigerstar"

"oh, so thats how him and tigerstar hate each other" said icebreath.

Bone nodded

"he then came to the twoleg place and was hungery" said bone, he paused "he found a dog tooth in an ally and tryied to get his kittypet collar off but, insteed it just stuck right through and didn't cut the collar at all"

"so, how did you find him?" asked icebreath.

"i'm getting there" said bone "he found a pice of food that was being eaten by some ally cats, they asked him where he got the collar and he said that he killed a dog and took it's tooth, thats when we heard about him and asked him to get rid of this dog for us"

"so he lied about his first tooth" said icebreath.

"look i found all this out before that battle" said bone "you know agaist the other clan cats that you were involved in"

"okay"

"so anyway, he did get rid of the dog and before you knew it he had

formed bloodclan"

"so how did he still meet my mother?" asked icebreath.

"well, she would come to the twoleg place to find catmint for medicine cat stuff but, she was also meeting scourge" said bone "he soom introduced her to me and brick, she was a little scared of us and a little nervos"

"really?!" said icebreath surprised "you don't seem too scary"

"belive me" said bone "back then we were, all of us"

"whoa" said icebreath shocked.

"okay so on with the story" said bone "i didn't really like your mother because i thought she was too soft for scourge and all and tryied to keep the seprate"

Icebreath was really interesed in the story about her mother and her father.

"i caught them asleep in a abandon twoleg building and was kinda furious about it" said bone looking guilty "once she left i told scourge that he was spending too much time with her and needed to help rule bloodclan, and well, thats when he really changed"

"what do you mean by that"

"well, he bacame a cold blooded killer" said bone "he'd kill any and almost every dog in sight"

Icebreath was a little shocked about how scourge really was before that.

"i guess your mother saw this and well kinda stayed away from him" said bone "until..."

"until what?" asked icebreath.

"until she showed up, i was in the far end of the twoleg place and found her, s-she was carring your sister moonfur and you and

mousestar were right beside her" said bone in a shaky voice "she was going to bring them to scourge but, around then he hated kits and well, i need to protect you guys from being killed like most of the other kit" said bone "i told her there were some clan cats in another forest on the other side, she had already knew some of them so she then took you guys to the other clans"

"d-do you know why she had to give us up?" asked icebreath a little shocked.

"well, she was telling me that she couldn't keep them because she was a medicine cat" said bone.

There was a long silence between the two cats.

"thank you bone for tellin my mother to take me to the other clans" said icebreath breaking the silence.

"r-really" asked bone.

"yeah, i wouldn't want to be with scourge then" giggled icebreath.

Bone chuclked "you and your siblings have grown so much since then, thats why i was a little shocked when we visited you in a dream"

"so that why you looked at me weird"

"well....i better be going now" said bone "look icebreath, scourge is just being stubborn and all so ignore him"

"i'll try" said icebreath as bone walked away.

She just found out that it was bone who told her mother to take them away, but icebreath didn't know why her mother still didn't visit her dad any more, and another question popped in her mind, who was her mother?

Chapter 39 "Goodbye scourge"

Okay, i'd like to say some things before you read……i hope you like the story and sorry it's kinda long but, if it weren't then yeah……and i love how supportive you guys are and all and i really appericate it!!!! okay i'm done talking now go on and read, this is another bad choice icebreath made……

Icebreath was pacing back and forth. Every cat was asleep in bloodclan camp. Scourge hasn't talked to her at all. He rarley talked to bone, brick and moonfur. Icebreath was going to make a big decision that could change every thing. She walked back in the box and curled up next to her kits.

Scourge's POV

Scourge was asleep. He was suddenly surrounded in clouds and stars. Spottedleaf padded toward him.

"what do you want" he said rudely.

Spottedleaf gave a big sigh "you have to protect icebreath"

"i made a fool out of myself when i did" he said under his breath.

"listen scourge!" screached spottedleaf "this is not about you, its about icebreath! If she leaves and is out of your care, tigerstar will get her"

"why can't you watch her, after all your supossed to" sneered scourge.

Spottedleaf shook her head "we can't defend her agaist the dark forest, she needs a father, so man up and act like one!'

Scourge gave her a cross look.

"fine, have it your way, but i tried to warn you, she's all you have to turn your life around"

"my life is just fine!" he screached at her.

"no its not! Your begining to turn out how you were when you tried to take over the other forest!" sneered spottedleaf, she looked at the sky "i must go but please think about what i said"

"whatever" said scourge before he woke up.

He looked around and was cringging with hate. He could care less about anything but himself.

Icebreath's POV

Icebreath had made her decission. She, her kits, swiftpaw, and hawkpaw were going to leave bloodclan camp, for ever. They were never going to come back. All icebreath wanted was for scourge to be happy and, since he didn't want her around, it was best for her to leave him.

"this way, but we have to be careful though" whispered icebreath.

They crawled thourgh a small hole that lead under the city. They were headed somwhere far awya from her old life.

"can we stop here?" asked feverkit.

Icebreath licked her son's cheek "sure, were far enough we can rest"

They curled up and fell asleep.

******

"Let's keep walking" pushed icebreath to foxkit's tired body.

"how far will we have to walk?" asked hawkpaw.

"till we will see no trace of caln cats" said icebreath.

There was a rusling noise in the bushes. Icebreath stoped and gave her kits and apprentices a signal to stop. They stopped and looked at the bush. A brown figure emerged out and smiled at them.

i-it can't be, though icebreath.

Chapter 40 "separated"

I-It was tigerstar.

"take the kits and hide them" icebreath whispered to swiftpaw.

Swiftpaw gave a slight nodde. She pushed foxkit, feverkit, and tinykit to a large rock. Hawkpaw stood on his hackles as mousestar appered. A golden tom also appered. Icebreath didn't reconize this cat from anywhere.

"okay icebreath" growled tigerstar "this is your last chance before we kill you"

"go ahead" said icebreath "kill me, at least i'll be in starclan"

Tigerstar gave a chuckle "not with your curse, you see, your my slave and if you die with the curse, you will automatically go to the darkforest."

Icebreath's heart dropped.

"now, about your power" began tigerstar.

"who's that" hissed icebreath to the golden tom.

"oh" said tigerstar turning to the tom "this is my son hawkfrost, he just joined a few sunrises ago"

Icebreath glared at the tom.

"anyway" said tigerstar "give us your power and no one gets hurt"

"fine" said icebreath "if you'll only leave me alone"

"excelent" tigerstar gave a evil smirk.

"but, you have to promise me somthing though" said icebreath "you can't hurt spottedleaf"

"why?" asked tigerstar a little anoyed.

"because, if you hurt her, i will get my power back wheater you like it or not!" hissed icebreath.

She remembered how tigerstar disliked spottedleaf. And she needed spottedleaf to protect her.

Tigerstar paused "fine"

Scourge's POV

"scourge"

Scourge woke up to bone and moonfur with worried faces.

"what" hissed scourge.

"s-she's gone" said moonfur in a shaky voice.

"what?" asked scourge confused.

"icebreath, her kits, swiftpaw and hawkpaw are gone" said bone "their collar's are in the box and their scent is stale"

Spottedleaf's words echoed in scourge's mind. *She needs a father, man up and be there for her!*

"lets look for her" said scourge standing up "she couldn't have gotten far"

Bone followed scourge with moonfur. Scourge walked into the middle of camp.

"bloodclan, we must organize a search party for icebreath, swiftpaw, hawkpaw, and icebreath's kit"

"why?" sneered a cat named falcon.

"because, she could get really hurt"

"just leave her" shouted fish.

"no" said brick "this is important"

"you don't desereve to be leader" shouted falcon "leave, we don't want you here"

"why, i could kill you if i wanted to" hissed scourge "just because i care for my daughter doesn't mean that i still can't be leader"

Some of the bloodclan cats hissed at scourge "your soft"

"fine then" shouted scourge "if you want me to leave i will and i'll never come back!"

Scourge started to walk out of camp. He turned around and looked at the cats "all who would like to come with me, follow me were going to find icebreath"

Bone, brick and moonfur ran forward to scourge. Along with crow, lily, eagle, rain and ten more cats.

"we'll see if you can lead bloodclan" sneered scourge as he left the camp.

******

they were walking for an hour. Moonfur stopped and sniffed the air with bone. Horror flashed through moonfur's eye's.

"i-i smell blood, icebreath's blood" she said very shaky.

Panic rose in scourge like nothing else "hurry this way!"

I hope i'm not too late, he thought to himself, it's all my fault!

Cliff hanger!!! hope you enjoied!!!

Chapter 41 "Skyclan"

Icebreath's POV

Icebreath had given tigerstar her beloved power. He gave a evil smile.

"kill them" he screached as brokenstar and mapleshade came barling out of the bush.

Icebreath looked at him shocked.

"kill them all!" he shouted again.

Brokenstar ramed into icebreath. She didn't fight back, she wanted to die. Icebreath thought everyone would be happy if she was really killed. Brokenstar slashed her back. Icebreath yowled with pain.

"brokenstar stop" shouted tigerstar.

Icebreath was gasping for air, she looked at tigerstar.

"let me kill her" said tigerstar.

"fine" hissed brokenstar.

Tigerstar pounced on icebreath. He was much stronger than the last time they met. Icebreath was so weak and couldn't stand up. She could barley open her eyes. Blood trickled down her side and fell to the green grass. Tigerstar lifted icebreath's limp body and shook it. Whiplash took effecite in icebreath's neck. She could hear her kits screaming with fear. Icebreath couldn't do anything to save them. In the mist of their 'battle', icebreath heard a familar voice. It was scourge. She saw a black figure charge down the huge hill. Tigerstar senced this and stoped shaking icebreath. He looked at scourge and bone runing down the hill. Tigerstar gave an evil smile.

"if you want your dauther scourge, then you'll have to go and get her" sneered tigerstar.

He threw icebreath over the ege of a cliff into a deep river that had a strong currat. Tigerstar and his followers fadded away to nothing. Icebreath felt nothing at her side. She landed head first into the water. She went under and was swept away in the curant.

Scourge's POV

Scourge ,and the bloodclan cats that wanted to follow him, made their down the hill. He was running as fast as he could. He could smell the blood of his daughter.

why did i advoid her, i'm such a idiot, thought scourge as he ran down the hill.

Scourge made it to the top of the hill. He saw tigerstar shaking icebreath in his mouth, like a dog would. Bone and the rest of the cats caught up to scourge. Bone was shocked at the power that tigerstar had. Scourge wasn't even thinking he ran down the hill and charged to tigerstar. Blood pumped into his ear and their was a little flame in his eyes. Bone charged after him down the hill. Tigerstar stoped shaking icebreath and started at scourge. He gave and evil smile.

"if you want your dauther scourge, then you'll have to go and get her" sneered tigerstar.

He threw icebreath over the ege of a cliff into a deep river that had a strong currat. Scourge ran fast to catch up to his falling daughter. He jumped off the cliff to save icebreath but, was caught. He looked up and bone struggling to lift him up.

"ugh, mis mi mashamu" murmured bone as he pulled scourge up with his collar. She set scourge down.

Scourge cofted and tears started to form in his eyes. He had never cryied before since ruby and socks made fun of him and when tigerstar attacked him in the forest as a kit. He held back the tears and looked at bone.

"w-what did you say?"

Bone sighed " i said, this is dashavu"

"oh" said scourge looking down.

Swiftpaw and hawkpaw came out from the rock with icebreath's kits at their side.

"i-i lost her bone" said scourge "i could have saved her, why did you grab me i could have saved her, i was so close!"

Bone and brick sighed.

"come on" said scourge padding away "were going down stream to go and find her"

"but she will be dead" said moonfur.

Scourge stopped and looked at his daughter "i won't live if i don't know what happedn to icebreath, i have to know for sure that she is dead"

"lets go" sighed bone.

All the cats padded after scourge. They were going to head down stream and that was that.

Icebreath's POV

Icebreath was under water in the river. She couldn't swim, more like she didn't want to. She felt somthing lift her up from underwater. She surfaced from being under the water for so long. she cofted out water amd tried to keep her head up.

Keep swiming icebreath, your almost there, whispered stonefur.

She tryied to swim but the curant was so strong. She kept going under the water and resufacing. She didn't know how long she would be able to swim much longer.

"leafstar what do you see?"

Icebreath heard voices. She resurfaced and screached. She couldn't swim anylonger, her feet stoped moving and she feel limp. She went underwater and everything went black.....

****

Icebreath opened her eye's to see a beautiful silver tabby looking at her.

"hello love" she said "are you feeling all right?"

Icebreath blinked slowly "w-where am i?"

The she-cat smiled at icebreath "skyclan"

"skyclan?" asked icebreath confused.

The silver tabby nodded "yes, my name is echosong, what's yours?"

"icebreath" said icebreath "i was a warrior from moonclan till"

Icebreath was thinking all about her life in moonclan and well....everything.

"are you alright?" asked echosong.

Icebreath gave a slight nod.

"well, i'm the clans medicine cat" said echosong giving some herbs to icebreath.

Icebreath consumed the herbs and sighed. They tasted awful but she ate them anyway.

"how did you guys find me in the river?" asked icebreath.

"well....our leader, leafstar was on border patrol with a cople of other cats and she heard you screach in the river, she almost lost a life to save you" said echosong.

Icebreath's eye's flew open with shock.

"i-i'm sorry" said icebreath.

"why were you in the river?" asked echosong.

"well....i was thrown in by a cat called tigerstar" said icebreath.

"we all know who tigerstar is" growled echosong.

Icebreath nodded and tryied to stand up.

"here, lets take you to leafstar if your willing to walk" said echosong.

The two she-cats padded out of the medicine cat den. The skyclan camp was gourgeous. There was a huge wall that made up most of the dens. There where kits playing outside and some of the cats were wearing kittypet collars.

"why are there kittypets here?" asked icebreath.

"their called daylight warriors" said echosong "they make up half of the clan"

"what are day-light warriors?" asked icebreath.

"their kittypets that do warrior duties during the day and at night they go home to their twoleg nest" explaied echosong.

"cool"

They walked to the leader's den. All of the skyclan cats were staring at icebreath with curiousity. These cats were kinda friendly to icebreath. Echo song stopped walking and turned around anf looked at icebreath.

"wait here" said echosong before she walked in the den.

Icebreath waited for her to return out. Echosong finally surfaced out of the den and by her side was a brown and white tabby she-cat.

"hello, my name is leafstar" the tabby bowed her head.

"i'm icebreath" said icebreath.

"nice to meet you" said leafstar.

"i didn't know there was a hidden clan here" said icebreath "i've been back and forth with clans"

"so your a clan cat" said leafstar "well you must return to your clan"

Icebreath sighed "i was exiled" icebreath paused "my sister framed me for killing our leader and i was exiled"

"oh" said leafstar.

There was a long pause between the cats.

"icebreath" said leafstar breaking the silence.

"yes"

"would you like to join skyclan?" asked leafstar "this could be a new beging for you"

"really!?" said icebreath "i can join your clan"

"our clan is still young, so we need strong warriors" said leafstar.

"YES A THOUSAND TIMES YES!" shouted icebreath happily.

"i'll make the annoucment to the clan but, you should stay in the medicine cat den till those wounds heal" said leafstar.

Icebreath smiled. This was her destiny, to live as a skyclan warrior. Icebreath now had a clean slate and cloud start over!

Chapter 42 "The search"

Moonfur's POV

Moonfur walked out of a old, stale bager den. She couldn't belive all this was happening. Bone padded to her. All the cats set camp up here for the night.

"is he okay" asked bone worried.

Moonfur shook her head "nope, he's sleeping with her collar and icebreath's kits just stopped crying"

Bone closed his eyes and sighed "i've never seen scourge like this" he said "he's changed alot since your sister came in bloodclan, he used to be a blood thirsty killer with no heart but now.....he accutally has a heart"

"i hope he won't stay up all night" said brick.

Moonfur nodded "i know, he needs to get some sleep"

Bone looked in the bager den "he blames himself for all this"

"and how he ingnored her" said moonfur.

"yep, and when she got attacked he just felt...helpless to help his daughter" said brick.

"lets get some sleep, there's a good chance we'll be up earily" said bone with a little bit of amusment.

Moonfur nodded.

~Two Moons later~

"Let's check over there!" moonfur heard scourge say.

They've been searching forever now. And there was no sign of her.

Moonfur's paws ached with all the walking they had done. And trying to keep up with scourge and swiftpaw. Bone was in the same boat as moonfur. His paws ached as well but, he said nothing. Scourge happed along in the grass like a fawn and was searching in the tree's. Moonfur sighed, they were never going to find icebreath no matter how hard they looked.

Icebreath's POV

Icebreath was crouched down in the green minty grass. Her tail was still like a stick. She flattened her ears. And then she pounced on the rabbit. She gave a killing bite to its neck and purred with joy. She was on hunting patrol with sharpclaw,rabbithop and ebonyclaw. She brought the rabbit to where she had all her prey stored.

"nice catch" complimented sharpclaw.

Icebreath purred.

"lets take this all back" said rabbithop.

****

Icebreath sat outside the warriors den, watching leafstar's kits play. They were five moons old and reminded icebreath of her kits. Icebreath had to shake that all off out of her head. At least scourge would be happy that she was gone. But what about her kits? and hawkpaw and swiftpaw? Icebreath wondered what had happened to them when she was thrown in the river. All icebreath needed was to think now and relax.

I hope you love the story so far! I'm sorta done with the story but there will be alot more before i'm done.....please comment, vote and fan me!! oh, and comment on who's your fav charicter in the story!!!

Chapter 43 "New begings"

Icebreath's POV

Icebreath woke up earliy that morning. Sharpclaw wanted her on dawn patrol. She slowly got up and streached out. She licked her paw and yawned. She walked out of the warriors den and over to the skyrock. She saw sharpclaw standing there waiting for his patrol. Icebreath walked up to him.

"beautiful morning, ain't it" he said looking at the sky.

Icebreath sighed "sure is"

Cherrytail, Sharpclaw's mate, was scrambling to have blazekit and snowkit stay in the nursery.

"but mama" wined snowkit "i want to go with daddy"

Cherrytail sighed "your not old enough yet"

Blazekit slamed down on the ground "it's not fair"

Icebreath and sharpclaw laughed.

"uh, kits" sighed sharpclaw "they always want to do stuff they can't, they think that their big stuff when their really not"

"yep" said icebreath trying not to remember her kits.

"did you ever have kits?" asked sharpclaw.

Icebreath gave a slow nod "y-yes i did but, i got separated from them when i fell in the river"

"oh....i'm sorry for asking" said sharpclaw.

"no, no it's fine, my kin are probanly taking care of them" she said.

The rest of the patrol showed up.

"lets go" said sharpclaw.

And the patrol set out to the forest, but something was lurking that could kill them all if their not careful.

~earlier that morning~

Leasfstar's POV

Leafstar was curled up with her kits. They were going to be made apprentices in a cople of sunrises. She was fast asleep when sharpclaw nuged her side.

"what" she wined.

"leafstar, we need to talk" he said.

"with what?"

Sharppclaw paused and looked at his leader "if i ever die, please make icebreath deptudy"

"what, your not going to die" said leafstar "your still a young cat"

"i know but, if i were to ever die, please make icebreath deptudy, she's a great cat and-"

"don't worry, i will but, your not going to die though" said leafstar cutting off sharpclaw.

He nodded "i'm going on dawn patrol"

"okay, bye" said leafstar

Sharpclaw began to leave her den, he turned around "bye leafstar, may starclan light your path"

~present time~

Scourge's POV

Scourge has looked non-stop for icebreath. All the bloodclan cats felt a bit sorry for him, especially bone. Foxkit, feverkit and tinykit padded along moonfur's side.

"i don't reconize this forest scourge" said brick "but, i can sence there are clan cats here"

Scourge lifted up and sniffed the air, he smelled clan cats but, a familar scent caught his nose. Hi smelled it and it smelled just like icebreath! her scent was mixed in with other cat scents.

"I SMELL HER BONE! I SMELL HER SHE'S THAT WAY!!!" screached scourge excited.

He took off into the forest.

"not again" wined bone "this is like the ferret situation again"

"i know, but lets follow him, who knows what trouble he could get into" said foxkit.

Scourge was so happy until he scented blood, cat blood. He stopped and began charging to the scent.

It doesn't smell like icebreath's but, i can't ignore a cat in trouble, thought scourge.

Icebreath's POV

Icebreath was padding along with sharpclaws patrol. The forest was quiet, too quiet. Icebreath knew that their was something lurking in the shadows of skyclan's home. She heard a twig snap, not too far from where they were.

"stop" said icebreath "somethings stalking us"

The patrol stopped and looked at her.

"a-are you sure cause i don't scent anything" said ebonyclaw.

The fur on the back of icebreath's neck stood up. She knew they were being watched.

"lets keep moving" said sharpclaw walking ahead "what would be stupid enough to mess with a patrol of six clan cats.

Icebreath saw a black and white fur race along a tree line. Icebreath has seen that kind of pelt before. The pelt leaped up on sharpclaw and attacked him.

"BAGER!" screached harveymoon.

Icebreath leaped up on the bager and flung it to a tree. She saw it's eyes were red and it was angry.

"Climb a tree" commanded icebreath "i'll deal with it"

"but, it's a bager and it could kill you" said birdpaw.

"if i die, i die with dignity, respect and pride" said icebreath "i've fought these before and i know their weak spot"

The skyclan cats looked at icebreath like their sister, they didn't want her to be killed. Sharpclaw was behind icebreath and was gasping for air. The bager snarled at icebreath and lunged at her. She couldn't doge the attack cause it would attack sharpclaw. Icebreath extended her claws and struck it in the throat. the bager grabbed icebreath's back and bit down on it. Icebreath yowled with pain and fell to the ground. This bager was stronger than the others and icebreath was almost defenseless against it. As the bager was going for a killing bite, a black pelt pounced on it and clawed it's stomach. The bager went to go and attack the cat but a gray and black pelt leaped out and grabbed it's back. Icebreath recognized these cats, it was her son and dad that were attacking the bager. The bager hissed at them and took off into the forest. Scourge looked at icebreath with joy.

"i-i can't belive we found you" he said happily.

The skyclan cats climbed down the tree and looked at scourge with fear. Scourge turned and looked at them.

"who are they" he growled.

"my clan mates" she said standing up "their friends not foes"

Scourge relaxed a bit. All the rest of the bloodclan cats came running to icebreath.

"who are these cats icebreath?" asked birdpaw.

"well, this is my dad scourge and his clan"

"were not a clan any more" growled scourge "talon kicked us out"

"oh...."

"thanks for saving icebreath" said ebonyclaw "she was very brave"

Icebreath turned her attention to sharpclaw. He was barley breathing. Panic over came icebreath.

"we have to get sharpclaw to echosong NOW!" she screeched.

"i'll carry him, let your clan mates know that were coming" said scourge.

The skyclan cats nodded and went running with the bloodclan cats back to camp. Icebreath was running as fast as she could. The reached camp and she was panting heavily.

"WHERE"S ECHOSONG! WE NEED HER RIGHT AWAY!" screeched icebreath.

Leafstar came out of her den with echosong. Scourge made it in camp with sharpclaw. Icebreath looked at her father with sadness.

"i-is he still breathing?" she asked scourge.

He nodded "barley"

Echosong hurried down with leafstar and ran to sharpclaw's side.

"what happened?" asked leafstar.

"a badger came out of no where and attacked him" said birdpaw "icebreath almost killed herself trying to defend him"

"and when icebreath couldn't fight anymore" said harveymoon "these rouged came out of no where and saved us, they chased the badger away"

Leafstar bowed her head "i'm very grateful for what you did icebreath and....um"

"scourge" said scourge.

"and scourge" said leafstar.

"h-he's gone" said echosong "he's joined starclan, i couldn't save him"

Icebreath's heart dropped, sharpclaw couldn't be dead...could he? Moonfur came out of the crowd of cats and gave icebreath a confirmed look that made her know for sure that the deputy of skyclan was dead.

****

Icebreath stayed up all night with leafstar, mourning the lost of their deputy. Scourge stood close by with bone and brick at his side. Leafstar finally stood up and hopped over to the skyrock.

"we are all sad will the loss of our deptudy but i now must chose a new one" she said "sharpclaw came to me before he died and told me that he wanted one cat to be deptudy if he should ever die"

Leafstar paused"i say these words in front of sharpclaws body so that his spirit may hear my decision, icebreath shall be the new deputy of skyclan"

All the skyclan cats cheered with joy. Icebreath was so excited.

"but i also have other things to announce" she turned and looked at scourge "are you sure you want to do this?"

All the bloodclan cats nodded.

"we shall welcome these rouges into our clan and teach them our ways, they shall start as apprentices at first the grow to become warriors" she said.

"Mole, Dapple, Crow, Lily, Fish, Scourge, Bone, Brick and Rain" Said leafstar "are you all positve you want to be clan cats"

they nodded.

"will you promise to uphold the warrior code that we'll teach you later"

"yes" they said all together.

"then by the power of starclan, mole from this day till your receive your warrior name you'll be know and molepaw" Leafstar paused "Ebonyclaw, will you promise to teach molepaw everything you know"

"yes leafstar"

"Dapple from this day forward till you receive your warrior name you'll be know as dapplepaw, rabbithop i know this is your first apprentice but please teach dapplepaw all that you have acquired"

"crow from this day till you recive your warrior naem you'll be know as crowpaw, cherrytail, i know that you are still a queen but, we need your skills to train this apprentice"

And one after another each rouge got their apprentice name. Icebreath waited for scourge's apprentice name to be called.

"and last but least, scourge bone and brick, till you receive your warrior names you'll be known as tinypaw, shatteredpaw and brickpaw"

"tinypaw and shatteredpaw, you will both share a mentor and i belive icebreath is the best mentor for you" leafstar paused "and brickpaw, i'll be your mentor for this time being"

All the cats cheered with happiness. Icebreath thought it was a little weird to have her dad as a apprentice but carried on.

"and i want to make a lot of apprentices today warriors" said leafstar "icebreath has told me that her three kits have accoplished their apprentice duties while she was exiled and the same with her two other apprentices"

"tinykit, from this day forward you'll be known as tinyclaw may starclan light your path" said leafstar "foxkit, from this day forward you'll be know as foxtail and feverkit from this day forward you'll be known as feverpelt"

Leafstar paused "swiftpaw and hawkpaw, from this day forward you'll be known as hawkfur and swiftice"

This day had new begins for all the cats in skyclan...this was the start of a great new life!

Chapter 44 "love is in the air"

Icebreath watched from leafstar's den all the cats doing their morning duties. She sighed, she has been dptudy for three moons now and was loving it. Swiftice gave birth two moon's ago, hawkfur was just as excited as icebreath. It was also icebreath's kin and her very own apprentice. She was proud with all the progress shatteredpaw and tinypaw have come to the warrior code. Icebreath was planing on asking leafstar on making them warriors in a few weeks. She watched at foxtail was busy with shatteredclaw. Her daughter would follow the tom and so would he. She knew that they were to become mates soon, but tinypaw didn't necessarily like his best friend chasing his grand daughter around.

"you've been a wonderful deptudy icebreath" said leafstar.

Iccebreath purred.

"who are you going to send out for sun-high patrol?" asked leafstar.

"feverpelt, lilypaw, rabbithop, birdhollow and billystorm" repiled icebreath.

Feverpelt hopped up to leafstars cave.

"hey feverpelt" said icebreath "i need you in charge of sun-high patrol"

"okay" he said.

Icebreath went up and licked her son. He looked at her with annoyance.

"don't do that, i'm a warrior not a kit" he said.

"you will alway's be my kit no matter what" said icebreath.

he sighed and padded away.

"you did that to annoy him" said leafstar.

"yep, he thinks he's in charge here, ugh...foxtail is more like her father" said icebreath rolling her eyes.

Leafstar started laughing. Icebreath gave a smile.

"i'm going to get some prey" said icebreath.

"okay"

Icebreath padded down the rocky den and went up to the prey. She grabbed a vole and went over to the nursery and began eating it. Hollykit came barling out of the den with swankit and orangekit chasing after her. Hollykit tripped over icebreath's prey and started laughing as swankit and orangekit leaped on her. Icebreath started laughing. Swiftice came out of the den and grabbed her kits.

"i'm so sorry icebreath" began swiftice.

"it's fine" said icebreath "kits will be kits"

Swiftice gave a small chuckle. She headed back into the nursery and icebreath sighed. Foxtail came running up to her mother.

"hey, guess what" she said excited.

"what" said icebreath sarcastic.

"stop, okay so shatteredpaw asked me if i wanted to go hunting with him and...i said yes!" she squealed like a kit.

"that's-"

"horrible" said tinypaw as he cut off icebreath "you can't go with him he's really busy right icebreath"

"no he's not" said icebreath looking at tinypaw.

"but-"

"go off and hunt with him, i'll deal with mister grumpy pant's" said icebreath.

Foxtail gave a smile and bounded off the sharpclaw. Icebreath smiled and turned and looked at tinypaw. His jaw was wide open, it almost hit the ground. Icebreath finished her prey and stood up.

"close your mouth, your going to catch flies" warned icebreath walking away from him.

"wait a second!" he yowled "WAIT, WAIT, WAIT"

Icebreath stopped and let tinypaw catch up to him. She sighed and began walking again.

"why did you let her go off with him it's just....wrong" he said.

"in what way, you mated with a medicine cat" whispered icebreath.

Tinypaw gave her a croos look "don't ever bring that up again, do you hear me"

"i'm your mentor mister grumpy pant's" icebreath rose her eyebrow at him.

He looked at her annoyed, all she could do was laugh at him. She began walking again.

"well he's my friend and she's your daughter and your my daughter and well-"

"oh just relax okay, she's not breaking the warrior code or anything like that" interrupted icebreath.

Scourge gave her a cross look. She rolled her eyes and walked away. She leaped up to leafstar's den and sighed.

"i'm going to make brickpaw, tinypaw, shatteredpaw and eaglepaw warriors tomorrow" said leafstar.

"thats wonderful" said icebreath.

She wondered if her father would feel happy with earning his warrior name?

---

i'm on a role today, i've done like i think eight chapters up on all of my stories....i hope you liked it, i'm going to continue it cause i have a huge plan with a couple of icebreath's kin....please vote, comment and fan me!! also read my other stories if you want.....

Chapter 45 "lost"

"I leafstar, call upon my warrior ancestors to look at these apprentices the same way i do, They have worked hard to understand the warrior code and now shall receive their warrior names"

Icebreath was a little impatent with her father's warrior cerenomy. She was proud that she was able to change the blood thirsty scourge.

"brickpaw, from this day forward you'll be know as brickfur" said leafstar "Shatteredpaw, from this day you'll be know as Shatteredclaw" Leafstar paused "Eaglepaw, from this day forward you'll be know as Eaglestrike" Leafstar paused and looked at tinypaw "tinypaw, i have seen a major change in you since we've met, and from what icebreath has told me you used to be a blood thirsty killer but know, you've completely changed for the better, from this day tinypaw you'll be known as Tinyfoot, starclan honors your dramatic change and bravery"

"BRICKFUR! EAGLESTRIKE! SHATTEREDCLAW! TINYFOOT" shouted skyclan.

This was one of those happy moments, scourge ,the old leader of bloodclan, has changed a lot and so has bone and brick. It was amazing for icebreath to see them receive their warrior names. She was proud of her hard annoying work she did with tinyfoot.

~Three Moons later~

Icebreath finished up organizing dawn patrol. Foxtail and Shatteredclaw have become a little bit more than friends if you know what i mean. Tinyfoot would pout with their relationship. Lilypaw, crowpaw, fishpaw, rainpaw and dapplepaw all earned their warrior names. Their now known as Lilystream, Crowflight, Fishscale, Raindrop and Dapplesong. Leafstar padded up to icebreath.

"hi icebreath" she said flicking her tail.

Icebreath looked at her leader "hello"

"are you going on the sun-high patrol icebreath?" asked leafstar.

Icebreath nodded "yep, i'm taking tinyfoot, lilystream, eaglestrike, feverpelt and tinyclaw"

Leafstar nodded and padded away. Icebreath sighed and lied down. Foxtail came running to her mother. She rammed into her and they both went flying. Icebreath looked at her daughter with annoyance.

"what do you want" asked icebreath as she grommed her fur.

"Shatterclaw asked me to go hunting with him....can i?" she asked.

Icebreath looked at foxtail "i don't care, it's your decision foxtail"

Foxtail nodded and ran over to shatteredclaw. Icebreath rolled her green eyes at her daughter. Feverpelt came padding up to his mom.

"hello" he said.

She rolled her eyes "why do you act so serious feverpelt?"

He gave her a cross look and sighed. Just as he was about to speak, lilystream bounded to him. She nudged his side. He looked at her and she purred.

"do you want to share a rabbit/" she asked.

Feverpelt shrugged "sure"

Icebreath was bursting with excitement. He chased after lilystream and they grabbed a rabbit and began eating it.

"AAAWWW"

Icebreath jumped when tinyfoot was standing right behind her. Icebreath gave hm a cross look.

"don't do that, you scared me" she said.

"well that's what i was trying to do" he said joking around.

Icebreath rolled her eyes. A sudden thought popped in her mind. She turned and looked at tinyfoot.

"who's my mom" she demanded.

He gave her a cross look "i promised i wouldn't say a thing"

"no i'm freaking serious tinyfoot, who's my mom, who's your mate tell me!" she demanded.

He sighed "i'll tell you when were on patrol"

"okay, so now" she said.

"what?"

"we have to leave for patrol right now" she said.

"fox-dung" said tinyfoot under his breath.

Icebreath rolled her eyes and bounded off with the patrol. They walked into the skyclan forest. Icebreath was walking right beside tinyfoot. He stayed quiet most of the trip.

"oh look, i think i see a mouse" whispered icebreath to the patrol "let me and tinyfot go after it"

"okay" said feverpelt.

Icebreath pushed tinyfoot to a bush.

"okay, now can you tell me" she asked.

He looked at her "y-you really want to know"

"yes"

he paused "it could change you and well-"

he was cut off by a kit cry. Icebreath's ear's twicthed. She recognized a scent, the scent was a dark forest scent.

"tigerstar" she whispered.

Tinyfoot rose to his hackles. They stalked through the undergrowth and to where the crying was. They saw four tiny kits only about three day's old trying to 'kill' tigerstar.

"this is too much fun but, i need to kill you for this to work out" he said.

A white tom with silver points on his ears and paws swatted tigerstar in the face. It left a bloody claw mark.

"i shouldn't of underestemaited you" he growled.

He was about to swing down when tinyfoot jumped into him. He went flying and hit a tree.

"go kits" shouted tinyfoot "in the bushes.

The kits were a little afraid of tinyfoot but, listened to him and ran in where icebreath was. Icebreath saw tigerstar leap on tinyfoot and over powered him and was going to make a killing strike for the chest. He dug one nail in and dug it in even deeper and deeper each painful second. Icebreath couldn't stand to watch this.

"stay here and watch me kick this meanies tail" she said to the kits.

She leaped out and grabbed tigerstar's scruff and flung him. Icebreath spun in a circle til she hit the ground with all the force she used. Tinyfoot stood up but was bleeding badly. Icebreath was a bit worried but, focused on tigerstar. He shook his head ache off and started icebreath into the eyes.

"if you want them, come and get them" she challenged.

He growled and faded to nothing. Icebreath sighed and was worried about tinyfoot's wound.

"that looks bad" she said watching the blood slowly trickle out of his wound.

"i-i'm fine" he said out of breath "it's just a scratch"

"that is not a scratch tinyfoot, that's a stab wound, it needs to get-"

"excuse me miss' said the little white tom cutting icebreath off.

icebreath turned her attention to the kit.

"yes" she said.

"um...well we were wondering if you are clan cats?" he asked.

Icebreath giggled "yes, yes we are little one"

His eye's lit up with excitement.

"hey guys, they can help us find our way home" he said excited.

"are you sure frostkit cause, mama's far away" said a dark ginger and white tabby she-cat.

"what clan are you guys from?" asked tinyfoot.

"well....mama said we were from thunderclan.....thats all i remember" said a gray tom.

"i remember everything" said frostkit "we are thunderclan cats from the lake clans"

"i thought that they lived in a forest?" asked icebreath.

"well....they used to but, twolegs destroyed the forest when my mama was a apprentice and they headed up to the mountains" explained frostkit.

"what are your names?" asked tinyfoot.

"well i'm frostkit" said frostkit "this is stonekit" he said flickinf his tail to the gray tom "that's my sis bramblekit" he said pointing to the ginger and white tabby she-cat "and that's cherrykit, she's shy" he said pointing to a small calico she-cat.

"well, nice to meet you all" said icebreath.

Tinyfoot looked at icebreath "icebreath, we should take them back

to skyclan camp"

"what?!"

"no listen, they won't survive a day out here, especially if tigerstar is stalking them" said tinyfoot.

"i don't know if leafstar will let them in"

"sure she will" said tinyfoot "if she let me and shatteredclaw in then she has to let four kits in"

"fine but, lets hurry, we don't want a fox or badger finding us" she said.

Tinyfoot picked up frostkit with the scruff of his white pelt and began walking. Icebreath was caring cherrykit.

"hey, um..."

"tinyfoot"

"hey tinyfoot, we'll we ever see our mama again?" asked frostkit.

" i promise i will bring you to the mountain when your older and take you back home to thunderclan where you belong" said tinyfoot.

Chapter 46 "wolf pack"

Okay, so one of my fav characters is going to die in this chapter and all. i'm sad i need to kill it but, it needs to happen. this is a sad chapter that i've been dreading to write.

Icebreath was sitting next to tinyfoot.

"now?" said icebreath.

"no"

she paused.

"now?"

tinyfoot gave her a cross look "no"

She poked him and whispered "now?'

"NO!"

"now?"

"NO"

".....now?"

"NO! STOP ASKING QUESTIONS" he screeched.

"this wasn't excally a question" she said.

"if you keep asking like that i'll never tell you" he hissed.

She rolled his eyes.

There was a long pause between the two cats. She leaded over and whispered "now?"

He sighed "okay, fine"

"yes"

"your mother was a cat" he said.

Icebreath gave him a funny look "she better be mister player"

Tinyfoot rolled his eyes and sighed. He stood up and walked away from icebreath. Two moons had passed and a lot had changed. Blazepaw, snowpaw, firepaw, stormpaw and harrypaw became warriors. Their now known as Blazefur,
Snowrift, Firefoot, Stormcloud and Harrypelt. Hollykit, swankit and orangekit were almost six moons old and were going to be apprentices in a couple of weeks. Icebreath sighed. There were will be no apprentices for a few weeks so the younger warrior do the apprentice duties. Icebreath padded over to foxtail and sighed. Shatterclaw was with her.

"how's it going" asked icebreath.

"any luck?" asked foxtail.

Icebreath drooped her tail down and sighed "no, he's being so freaking stubborn"

"really" said shatteredclaw sarcastically "i didn't know he was stuborn"

Icebreath glared at him.

"we all know he's the most stubborn cat in this entire world" said bone.

Icebreath and foxtail laughed. Icebreath stood up and sighed.

"i better be leaving, i'll go talk to swiftice about this" she said leaving them.

She walked up to swiftice and sighed.

"he won't tell you?" she said.

Icebreath shook her head.

"can we talk about on a walk" said icebreath.

Swiftice looked at her a bit nervous "a-are you sure"

Icebreath nodded "this isn't a matter we can talk about in public"

Swiftice gave a slight nod.

"you kits be good while i'm gone" said swiftice licking hollykit.

"okay mama" said orangekit.

"love you"

"love you" said her kits.

Swiftice padded with icebreath to the outside of camp.

****

"really?!" said swiftice "oh for starclan's sake why won't he tell you i mean, this is a important detail about you"

"i know, and i have no clue on who it could be" said icebreath "but all i know is that she's a medicine cat from thunderclan"

"did you ask frostkit about this, he knows a thing or two about thunderclan" said swiftice.

Icebreath shook her head "no, the only clue is that my father said that she died"

"so.....try to find her in a dream"

"its not that simple swiftice" said icebreath.

Swiftice giggled. Icebreath's ear's twitched and she heard a rabbit hop right in front of them. Swiftice pounced on it and gave a clean bite to the neck and it was dead. Swiftice looked at icebreath proud.

"nice catch" said icebreath.

"mouse-brained rabbit" hissed swiftice "i can't believe we just ran

into a great catch"

" i know right" said icebreath "let go home now, i feel alot better"

They began walking back to skyclan camp. There was suddenly no sound and it was completely silent. Icebreath knew there was something stirring in the forest. She knew it was following them as well. Swiftice looked at icebreath with worry.

"a-are you okay?" she asked.

"yeah, but i think smoething's following us" she said.

There was a loud rustle of leaves in a bush near by. A twig snapped in the opposite direction as the leaf rustle.

"stay put, we don't want to lead it to camp" whispered icebreath.

There was a loud low deep dog growl.

"dogs" whispered swiftice.

Icebreath knew it wasn't a dog or fox. It was too big to be that. Icebreath began to know what kind of animal was chasing them.

"i-it's a-"

A lagre gray figure jumped out and started running full speed at the two cats.

"w-what is that" asked swiftice scared.

"its a animal that no cat should ever run into, they hunt in packs and live in the mountian's" said icebreath "their called wolfs, and where there's one there's more around"

Wolves jumped out of the bushes and surrounded them. They were snarling.

"we have to attack" said swiftice "its the only way"

"we'll be killed in a instant swiftice"

"we have to try" said swiftice.

She pounced on the big gray wolf and clawed it's eyes. Icebreath leaped on a red one and bit it's neck. All seven wolves started attacking them. Icebreath was being ripped to shreds. Swiftice could not be seen with all the wolves moving.

There was a gun shot and a wolf fell dead. There was a twoleg that had a gun in its hand and was shouting at the wolves. The rest of the wolves hurried and left the scene. The twoleg sighed and left. Icebreath was blacking out. Swiftice was barley breathing.

"i-icebreath" cofted swiftice "i-if i die, please take care of my kits"

"don't worry yo won't" said icebreath.

"you have been the best mentor and detpudy ever" said swiftice.

Icebreath cofted out blood "t-thanks"

She heard cat voices but couldn't hear what they were saying. Icebreath soon felt her head spin around and around till she blacked out.....

Chapter 47 "meet your mother icebreath"

Icebreath slowly opened her eyes and sighed. Was she dead? Spottedleaf came with two other cats at her side.

"i'm i dead" asked icebreath.

Spottedleaf didn't answer.

"i'm i dead!"

Spottedleaf looked at the other cat. The other cat shook her gray head.

"so.....i'm not?"

"the darkforest has risen against the clans in the lake, thanks to your power" said the old gray she-cat in a raspy voice.

"he was going to kill me!" screeched icebreath "and if i were to die i would have been a slave to the dark forest"

"we know that" said spottedleaf trying to sooth the gray she-cat "yellowfang here has a bit of a temper"

"she should have never of been born along with the three" rasped yellowfang "there would be no prophecy that would be hanging over our head now if she were not KITTENED!"

"it's not my fault" hissed icebreath "i didn't ask to have this power, do you think that we ask for that stuff?"

"no, it's your mother's fault, she should have never of fell in love with your father and kittened you and your sisters" hissed yellowfang.

"it's not her fault" said silverstream coming out of the fog "she didn't

know it would lead this far"

"when medicine cats have kits, there always troubled kits" hissed yellowfang.

"and you would know that" hissed spottedleaf "if you wouldn't have kittened brokenstar he wouldn't have killed all those cats"

Yellowfang looked at spottedleaf with a cross look.

"okay, do you guys know who my mother is" asked icebreath "my father said he swore to never tell and i hate it, i want to know so bad"

Silverstream sighed "it is not yet time you should know yet icebreath"

Spottedleaf looked to the ground and sighed "i think that i-it is time for her to know the truth"

Icebreath looked at spottedleaf with grateful eyes. Silverstream and yellowfang looked at spottedleaf.

"i know who your mother is icebreath" said spottedleaf "i've well....known her since i was born"

"so.....who is she and is she here!?" asked icebreath excited.

Spottedleaf sighed. Silverwind touched spottedleaf's back trying to sooth her. Icebreath waited impatiently fo her answer.

"ic-icebreath" said spottedleaf "i am you mother"

Icebreath's eyes sparkled with joy.

"really, you" she asked " i have the most best medicine cat ever as my mom?"

Icebreath ran up to spottedleaf and rubbed against her cheek. Silverwind and yellowfang sighed.

"i-i just can't believe your not mad at me for not telling you" said

spottedleaf.

"it was best not to then, but, why did you asked tinyfoot to keep you a secret?" asked icebreath.

"well.....i knew he hadn't discovered that i was your mother yet, so i told him and all when you went crazy and all"

Icebreath nodded.

"he promised me he'd never tell and i also hissed at him for other things as well" said spottedleaf.

"spottedleaf is the only she-cat that can put up with your father" joked yellowfang.

"well no dur" said icebreath.

Spottedleaf rubbed up agaist icebreath and sighed.

"its time for you to head back now" she whispered.

"c-can i ask you one thing?" asked icebreath "is swiftice dead"

Silverstream nodded "yes, were sorry but, it was her time"

Icebreath looked down at the floor. Anger soon grew over her.

"when i get back i'm going to rip tinyfoot like you havn't seen" hissed icebreath "i'm gonna kill him for not saying that my mom was the bestest medicine cat in the world"

Spottedleaf ans silverstream laughed. Icebreath soon faded and was hit back into her body. She opened her eyes and saw moonfur looking at icebreath.

"holy starclan, what the fox-dung happened" said icebreath.

"you blacked out, but your wounds arn't as bad as we thought" said echosong.

Icebreath stood up and walked around the medicine cat den.

"you can leave now, but , swiftice she-um....well"

"she died, i know" said icebreath in a sad voice.

"we already buried her, she was um.....ripped apart really bad so we couldn't show her to the rest of the clan" said moonfur.

"where's tinyfoot" asked icebreath.

"over there" said moonfur tilting her head toward the fresh-kill pile.

"okay" said icebreath as she charged to the fresh-kill pile.

She walked up to tinyfoot and grabbed his ear. She pulled him to the back of a den where they could speak.

"OW" he screeched "stop pulling my ear"

Icebreath glanced at him and kept walking till they were at the back of a den.

"your okay" he said.

"WHY DIDN'T YOU TELL ME!" she shouted.

He paused "with what?"

"spottedleaf, why didn't you hint to me that she was my mom" hissed icebreath.

"so you know"

"yes i know" she spat "cause she had to come and tell me her self"

"when i make a promise, i keep it" he said.

Icebreath paused "so when you were a kit you made a promise to kill tigerstar"

"yes, and i did" he said "and i promised your mother i wouldn't say nothing"

"what about frostkit's promise?" asked icebreath "are you really

going to thunderclan and return him?"

"yes, cause i never break a promise" he said.

"well promise me that you will tell me the truth from now on" she hissed.

"okay, what ever makes you happy" he said.

Chapter 48 "death brings new life"

okay, i had to rename chap 46 cause i was going to anounce somthing but i couldn't i wanted to leave it in suspense.....idk why i'm killing all the main charicters.....oh yeah now i remember, it for the end of the book though.....i'm sad this book is almost finifhed with, but were going to have drama with feverpelt's love life and all.

Icebreath watched Frostclaw pounce on his litter mate. Brambleflight squeaked and bit his fore leg. She was amazied on how frostclaw was so positive with being away from him mother. Frostclaw, brambleflight, stonetail and cherryfoot had earned their warrior names just a moon ago. Icebreath stood up and walked out of camp. Icebreath walked to where swiftice was burried. She weaped and weaped. Her kits were going to be made warriors today, she died ten moons before their cerenomy. Tear's streamed down her face. Swiftice was her first apprentice, her first real friend and now, she's gone. A tail touched icebreath's back. Icebreath jumped a bit and looked at foxtail looking sad at her mother.

"are you okay mom?" she asked.

Icebreath sniffed "not really, i need to hear some really good news for me to be happy again"

"well.....i have some news" said foxtail.

"what?" asked icebreath curious.

"well.....i'm expecting kits any day now" she said blushing.

Icebreath dryied her tears and rubbed agaist her daughter. This really improved her mood so much.

"i'm so happy for you....wait a second" said icebreath " ANY DAY NOW! YOU COULD KITTEN ANY DAY NOW!"

Foxtail giggled "well, i've talked with moonfur and echosong"

"so you told the medicine cats first but not me!"

"they already guessed" said foxtail.

"have you told shatteredclaw yet?" asked icebreath.

"nope, i want to surprize him when i kitten"

Icebreath gave her daughter a look "he's going to freak out and pass out, you know that right"

Foxtail giggled "yeah, i know that"

"tinyfoot's going to freak out" whispered icebreath.

"i know" said foxtail.

"this is great news" said icebreath.

Foxtail giggled.

There was a long pause between the two cats. Foxtail sighed and looked at her mother.

"have you noticed eaglestrike?" she asked.

"yep, i don't know why he's sneaking out all the time" said icebreath "he's probably chasing a she-cat around"

Foxtail nodded. A black she-cat showed up behind them. Icebreath and foxtail both jumped. The she-cat looked at them with anger. She rose up on her hackles and was ready to attack.

"you rouges stay away" she hissed.

Icebreath spit in the she-cat's face "were clan cats"

"oh" the she-cat lowered down and became friendly "sorry, i thought you were rouges, you can't be too careful right"

"um...yeah" said foxtail.

"do you know were skyclan teritory is?" she asked.

"um...yeah, i'm the deputy and this id my daughter" said icebreath.

"i'm foxtail and this is icebreath" said foxtail.

"i'm hollyleaf" she said.

"what clan are you from?" asked icebreath.

"well.....i don't know at the moment but, i was rasied in thunderclan" said hollyleaf.

"just like frostclaw, cherryfoot, brambleflight and stonetail" said foxtail.

"what buissness do you have in skyclan" asked icebreath.

"well.....my mate told me that i would be welcome till the kits were born then i could leave" she said.

"who's your mate?"

"um.....a muscular tom called eaglestrike" she said.

Foxtail turned and looked at her mom "well, now we know what eagle srike has been up to"

"lets see if leafstar will let you in skyclan" said icebreath.

"oh thanks" hollyleaf walked fast to keep up with icebreath and foxtail's fast pace.

****

"who's this" asked leafstar.

"i'm hollyleaf" she said.

"were are you from?" leafstar asked.

"thunderclan"

Leafstar puased "do you know two cats called sandstorm and firestar?"

"um...yes, their my great grandparents"

"of course you can stay" shouted leafstar.

"leafstar, we shouldn't be too hasty in our de-"

"oh relax, this is firestar's kin" said leafstar cutting icebreath off.

"foxtail show her to the nursery" commended leafstar.

Foxtail nodded and pushed hollyleaf t out of leafstar's den.

"she reminds me of some cat" said leafstar.

"who?" asked icebreath.

"you, she seems like she's been through a lot" said leafstar.

Icebreath nodded and leaft the den. She padded to the fresh-kill pile and grabbed a small mouse. She began eating it. Lilystream walked to icebreath.

"um...icebreath, can i talk to you" she asked.

Icebreath nodded and finished her mouse.

"lets go for a walk" said icebreath.

****

"so what's up lilystream?" asked icebreath.

"well, feverpelt lost intrest in me and is now following blazefur" said lilystream tearing up.

"i've been thourgh that hun, all you have to do it ig-"

"he left me for her, icebreath he left me expecting his kits" she said.

"oh....i haven't been there" said icebreath.

"i-i don't know what to do" said lilystream "blaze fur is expecting too, i want him to pay attention to my kits as well cause their his as well"

"don't worry, i'll get on him, thanks for telling me this, Fox-dung, he's such a mouse-brained idiot" hissed icebreath.

They walked back to camp. Icebreath was a littl upset with feverpelt. He has two mates expecting kits around the same time, thats just wrong. Icebreath didn't know how he got himself in this mess but, he can get himself out. They walked in camp and icebreath sighed. It would be all peacful with just tinyclaw and applekit but, when hollyleaf, foxtail, blazefur and lilystream kitten, the clan's going to be over run with kits.

Okay hope you like it so far.....tinyclaw is icebreath's daughter and tinyfoot is her dad just to clear that up.....i came up with this plot at five in the morning and all, i kinda feel bad for lillystream and all...please vote comment, and fan me!

Chapter 49 "favorites"

Icebreath was in the nursery with foxtail. Shatteredclaw and tinyfoot went out on a hunting trip. Foxtail started to kitten right after they left. Moonfur and echosong were at her side. Foxtail was in a lot of pain.

"okay just a little bit further and the first kit will be born" said moonfur.

"i can't see her in this much pain" said icebreath.

"i guess so, when its your daughter kittening" said echosong.

Applekit watched curious at foxtail.

"what's happing mama?" she asked.

Her light brown coat was shinny and bright.

"your new play mates are coming" said tinyclaw wrapping her tail around applekit.

Applekit was tinyclaw's and crowflights daughter. She was a brown she-cat with darker brown paws and one white paw. Here eyes were like lilystreams. She had one green eye and one brown eye.

"shatteredclaw is back" said blazefur.

Lilystream gave her a cross look.

"who's going to tell him?" asked echosong.

There was a long pause of silence.

Icebreath moaned "ugh, don't you all jump out at once"

Icebreath got up and walked out of the nursery. Shatteredclaw and tinyfoot came padding toward her.

"what's going on?" asked shatteredclaw "where's foxtail"

"well....she's a bit busy right now" said icebreath.

"with what"

"oh giving birth" said icebreath.

Shatteredclaws jaw dropped to the ground and so did tinyfoots.

Icebreath turned her head at them.

"foxtail i-is kittining" asked shatteredclaw about to feint.

"um...yeah"

"i have to go and see her!" he shouted.

"no, the nursery it too crowed" warned icebreath "you don't want to make it too crowed"

"THOSE ARE MY KITS IN THERE AND THATS MY MATE I HAVE THE RIGHT TO GO AND SEE!" he screeched.

Icebreath sighed. She walked to the nursery with shatteredclaw and tinyfoot next to her. She peeked in first and saw echosong licking a small gray body. Icebreath nodded for shatteredclaw and tinyfoot to come in. Shattereclaw was focused on the gray kit.

"she won't breath" said echosong.

Tinyfoot looked at the body. He walked over and slightly pushed on its side. The kit coughed and started mewing. Shatteredclaw grew a smile bigger than you have seen.

"you saved her" said echosong.

Tinyfoot nodded. Icebreath and shatteredclaw were over by foxtail. She was curled up with five ye, five little balls of fur. Foxtail was breathing heavy but smiled at shatteredclaw.

"what are you going to name them?" asked icebreath.

"well....this she-kit will by mistykit" she pointed to a gray she-kit with light gray fur on her back, above her nose, and her tail on her "this tom will be earthkit" she licked a dark red tom with light brown patched on him "this she-kit waterkit" she said moving her tail to a white she-kit with ginger patches on her pelt "and this one is firekit" She licked at a black and red tabby tom.

"what about the last one?" asked shatteredclaw.

"i want tinyfoot to name her, he saved her life" said foxtail.

"silverkit" said tinyfoot.

"so be it, waterkit, mistykit, earthkit, firekit and silverkit" whispered shatteredclaw.

"lets leave them alone" whispered echosong.

Icebreath nodded and left with all the other cats.

****

~two moons later~

Lilystream had given birth to two beautiful she-kit. One was a maple calico and white she-kit with aqua eyes called maplekit. Her sister was a white she-kit with a black back and a v-shaped coloring on her face she was called blackkit. Lilystream was proud of her kits, they were just a moon younger than foxtails. Blazefur gave birth to three toms. One was a dark cream tabby tom with three white paws named molekit. The second tom was a abyssinian with a white diamond on his chest and a white back paw was named vemonkit. The last kit was a golden tabby and white tom with green eyes he was named goldenkit. Icebreath favored maplekit and blackkit more that the other ones of feverpelts. He could care less about his two girl kits, he only liked the toms. Icebreath was discussed by this act of his. She watched as silverkit and firekit were tumbling around in the clearing. Mistykit and earthkit were asleep and waterkit was jumping in a puddle. She was fascinated by the reflection. Hollyleaf gave birth to four kits. They were the youngest kits only a few weeks old. She called them Amberkit,

Wolfkit, Echokit and Patchkit. Amberkit was a ginger she-kit with dark ginger feet and tail with white paws and emerald eyes. Wolfkit was the only tom, he was a brown tom with dark brown feet and a back white foot. Echokit was a dark gray tabby and white she-kit with purple eyes. And patchkit was a calico and white she-kit with blue eyes. Feverpelt clearly had a favorite litter and that litter was blazefur's. Lilystream wanted feverpelt to pay attention to his daughters but, he could care less. Maplekit was chasing a mossball around camp. She bumped into feverpelt. She looked up and smiled.

"hi daddy, want to play?" she asked.

He looked at her in disgusted "i have no daughter"

He simply walked away and left maplekit in tears. She slouched down and sighed. Silverkit and firekit ran to her side.

"we can play with you if you want" said silverkit.

Maplekit shook her head "i'm not in the mood any more"

They nodded and went running after waterkit. Icebreath saw maplekit and was flashed to a vision. It was foggy and icebreath could see that tigerstar was standing with a tom and maplekit at his side. Maplekit turned into a monster and killed a clan of cats in a matter of seconds. Tigerstar started laughing.

The queen of the dark forest is mine, He shouted.

Chills ran up icebreath's spine. She now knew maplekit was born to be an evil cat, if feverpelt would start paying attention to her, then that won't be her futer. But if he keeps ignoring her, that will be her futer. ICebreath sighed, feverpelt can't play the favorite game with maplekit.....

i hope you like this chapter and all.....i love writing about kits and all.....some more drama is headed it's way.....please comment, vote and fan me!

Chapter 50 "Gone"

~one moon later~

Foxtail watched as waterkit and mistykit were wreastling. Firekit and earthkit were playing moss ball. Silverkit followed leafstar around everywhere. She would ask questions and leafstar would answer. Icebreath could see silverkit was really interested in becoming a clan leader some day. She sighed as tinyfoot walked in with a mouthful of prey.

"if we keep hunting like we have, we'll have enough to survive many sesons" said lilystream.

Icebreath nodded. Maplekit climbed up with blackkit. She was bouncing with joy.

"mama, mama" she squealed "i just caught a moth!"

"let me see" said lilystream.

Maplekit brought back a moth wing, it was all bloody and gross. Icebreath held her breath.

The queen of the dark forest has risen, whispered a voice.

Icebreath knew that maplekit held power in her unlike most other kits, her destiny was lied right in front of her, her destiny to become queen of the dark forest. Icebreath wished that her kin did not have to deal with the dark forest like she has. Icebreath could she a darkness of pain and hurt in maplekit's eyes.

"that's lovley maplekit" said lilystream.

Maplekit smiled and ran off with blackkit. Lilystream sighed.

"she's going to make her father proud one day" she sighed.

Icebreath slowly nodded. Lilystream looked at icebreath worried.

"there's something wrong" said lilystream worried "what is it"

"well.....nothing" said icebreath.

"it's about maplekit right" she asked.

Icebreath gave a slow blink.

"you saw her destiny" said lilystream with hurt.

"yes, do you want me to tell you" asked icebreath.

Lilystream nodded.

"well.....tigerstar came into a vision of mine telling me that she's the queen of the dark forest"

"oh starclan no!" whispered lilystream.

"your right, she'll prove her father, one way or another" said icebreath.

****

"your leaving?!" asked icebreath shocked.

Hollyleaf nodded "i have to help my clan mates, a battle with the dark forest is coming, i must leave"

"but-"

"i'm sorry, i must, please take care of my kits, i know i will die but, i have to be there for my brothers" she said.

Icebreath nodded.

"goodbye icebreath" she said.

"go-goodbye hollyleaf" said icebreath.

Hollyleaf rubbed up agaist her kits.

"take care of your sister's wolfkit" she whispered in his ear.

" i will mama, don't worry" he said almost in tears.

"why can't you take your kits with you" asked blazefur.

"they will not survive the journey, it's long and hard" said hollyleaf.

Hollyleaf began to leave camp.

"goodbye eaglestrike, you'll be forever in my heart" she whispered.

He rubbed up against his mate and walked her out of camp. She gave one last glance at skyclan camp then disappeared forever.

"i'm going to show mama, i'm going to become a strong warrior like you icebreath" said wolfkit.

"i'm sure you will" said icebreath.

"what's going on?" asked maplekit.

Icebreath froze and sighed.

"hollyleaf left" said icebreath.

"your mama's stupid" sneered maplekit "she dosn't like you, that why she's leaving"

"why do you care" hissed wolfkit.

Maplekit hissed and pounced on wolfkit. He bit her fore leg and shoved her off. Tinyfoot went running to stop the kits. Icebreath stopped him, he looked at her.

"it's time for wolfkit to prove himself" said icebreath.

Tinyfoot nodded and watched.

Wolfkit grabbed maplekit's neck and bit it. She clawed his face and he went flying. She walked up to him.

"weak" she said.

He growled and clawed her neck. She squealed as he jumped on

her. He put his paw on her neck and held it there.

"i may be younger than you but, i can still fight" he hissed.

She growled at him. He stepped off and walked to the nursery. She hissed at him and looked at feverpelt staring at her. He walked up to her. Icebreath knew he was going to say something hurtful to her.

"if you were really my kit, you would have been able to kill wolfkit" he hissed "your weak maplekit, weak"

Icebreath ran over to feverpelt and clawed the side of his face.

"don't you dare talk to your kit that way, no son of mine will be that way with his kits" she hissed.

"i can do what ever i want" he hissed.

"you may look like your father but, you definitely don't act like him" she hissed.

Hurt filled up in feverpelts eyes.

"she's just a kit" said icebreath. She bit down on his ear and took him out of camp.

"what are you doind" he asked angry.

"were going to have a talk" she said.

She walked him over to a bunch of bushes and let go of him.

"why do you hate maplekit and blackkit?" asked icebreath "their your kits"

"blazefur's litter has more promise" he said.

"look, you may become leader of skyclan one day and you need to care for all your clan, not just half, like your kits" she hissed.

Feverpelt gave her a cross look.

"i can't believe the stunt you pulled with lilystream" hissed icebreath "you broke her heart and left her expecting your kits"

He froze.

"why did you do that" asked icebreath.

"i always loved lilystream" he said "i still do but blazefur was just a friend but, lilystream started wanting to go on more patrols and not be with me as often, i thought she was over me"

Icebreath nodded "she needed to do warrior duties though"

"i know but, i thought i would make her jealous with me with blazefur but then.....when blazefur told me that she was expecting kits and so did lilystream i-i" he was tearing up.

Icebreath rubbed up agaist her son "it's okay, but you have to fix this and ignoring maplekit isn't going to fix anything.....why do you advoid her and blackkit"

"they remind me of their mother and when i was a kit and well, try to push it aside" he said.

"don't worry, no evil sister will come and take them" she said sarcastically.

He rolled his eyes at icebreath's answer.

"lets go back" said icebreath.

They walked back to camp. Icebreath now understood the other side of the story, there's always two sides to a story. They walked into the entrance of camp and icebreath sighed. Tinyfoot and tinyclaw came running up to icebreath.

"w-what is wrong and why is everyone in panic?" asked icebreath.

"i-it's maplekit" said tinyfoot "she's gone!"

Chapter 51 "the return of bloodclan"

"what do you mean gone?!" asked feverpelt worried.

"she's well.....left camp, there's no trace of her we tried to track her but it ends at the river" said tinyclaw.

Icebreath nodded, She knew there was no hope of finding maplekit.

"this is all my fault" said feverpelt looking at his paws.

"no, its her destiny" said icebreath "a destiny no cat should have"

Feverpelt looked at her with confusion "what do you mean"

Icebreath sighed "never mind"

Feverpelt nodded. Lilystream came running over, blackkit struggled to keep up with her mother.

"feverpelt this is all your fault" she hissed "if you hadn't of said that stuff to her she would still be here"

"lilystream i-"

"she would have been a danger if she would of stayed" interrupted foxtail "did you see how she attacked wolfkit, if she were a warrior, she could easily of killed one of us"

"no she-"

"foxtail's right" leafstar padded down to the cats "its best that she is gone"

Lilystream looked at icebreath. Icebreath gave a slow nod. Lilystream sighed and picked up blackkit and walked away. Silverkit came running up with wolfkit at her side.

"what's going on?" she asked.

Shatteredclaw licked his daughter "maplekit ran away"

"oh....well don't be too sad, the day is still young we can do other things that can cheer us up right?" silverkit asked.

Icebreath could see that she would be a very wise she-cat when she got older.

"it's time for your nap" said foxtail "round up your siblings and get them in the nursery, i'll be there in a second"

"aw" wined silverkit "i don't wana take a nap"

"do you want to be big and strong?" asked tinyfoot.

She looked at him and smiled really big "okay, i'll get them"

Silverkit took off and wolfkit sighed and ran up to catch up to her.

~two weeks later~

Icebreath was asleep in the warrior den. It was about moon-high and every cat was asleep. She heard a twig snap. She jolted up and walked outside. She heard whispering and walking. She knew there was something there. She walked back in the den and nudged tinyfoot awake. He opened one eye and sighed.

"what icebreath, it's the middle of the night" he whispered.

"i heard a twig snap, and i think something is planing of attacking camp" whispered icebreath.

"go back to bed" he wined before closing his eye.

Icebreath sighed. She walked outside and watched and made sure that there was nothing around. She saw a black cat figure walk into leafstar's den. She knew billystorm wouldn't do something like this at the middle of the night. Icebreath crept to the den and saw the figure near leafstar. It extended its claws and was going to kill leafstar. Icebreath gave a low growl. The figure heard her and

turned its attention to the opening. It walked up and blinked. Icebreath held her breath. The figure saw her tail move and he let out a battle screech and leaped on icebreath. It pounced on her and clawed her throat. She kicked him off with her back feet. He turned around and icebreath pushed him off the cliff. He went falling then hit a sharp rock. Blood splattered every where and the cat was all bloody up. Rouges from every where came out and headed to the nursery. Icebreath screeched and she saw leafstar run out of her den.

"WERE UNDER ATTACK!" she shouted.

Icebreath saw a cat drag silverkit out of her nest. Icebreath pounced on the cat and bit it's neck giving a killing bite. She recognized this cat, she once went on patrol with him. This was fang, a cat from bloodclan. She knew falcon wanted to get revenge on them for leaving. Silverkit hissed as a cat tried to grabb her. She slashed his muzzle and spit at her. Icebreath pushed the cat over and clawed its stomach. She turned and looked at silverkit.

"go wake every one up and tell them were under attack" shouted icebreath.

Icebreath couldn't believe all the warriors were still asleep. She heard a scream and saw leafstar being attacked by three cats. One grabbed her neck and held on tight. Icebreath growled at grabbed the cat and flung him in the river. He struggled to swim but eventually drowned. Icebreath was up against two cats.

"it's time for you to die icebreath" hissed talon.

"not if i kill you first" she spit and clawed his neck and pushed him to the ground. She held his neck down with her paw.

He gasped for air. Icebreath dug her claws in his neck and blood spilled out on the ground. The other cat grabbed icebreath's pelt and flung her against a sharp rock. She yowled in pain and saw falcon laughing at her.

"your not as strng as we thought you were" he hissed.

Icebreath growled and flung herself at him. They were slashing each other and biting and trying to aim for a killing strike. Icebreath was luckily faster than him and grabbed his neck and shook him with as much force as a dog would. She dropped his dead body and stared at it. He was barley breathing.

"mark m-my words icebreath" he coughed "you havn't seen the end of bloodclan"

He gave one last breath and was dead. His body went limp and icebreath had a sense of pride. She was too busy admiring her work to notice that a cat had jumped on her. She pushed icebreath down and laughed. Icebreath could barley move.

"your weak" she hissed "falcon told us you were stronger"

Icebreath bite the she-cat's leg and flung her. Icebreath pounced on her and knocked the air out of the cat.

"i am" she whispered to the she-cat's ear.

"no your not" she hissed "you deserve to die!"

She pushed icebreath off of her and icebreath went flying. Icebreath landed on her back, exposing her belie. The she cat wasted no time and pounced on her and sunk her claws in icebreath's pelt. Icebreath screeched in pain as she sunk deeper and deeper. The she-cat was suddenly pushed off and flung to a cave wall. Tinyfoot stood there and hissed.

"are you okay" he asked not leaving his eyes away from the she-cat.

"yeah, i'm fine" said icebreath.

"let me take care of her for you" he hissed as he pounced on her.

His weight was overpowering that she couldn't push him off.

"sto-stop please, i surrender!" she screeched.

"how can i be sure of that?" hissed tinyfoot.

"i promise" she said.

Tinyfoot was hesitant at first but got off of her. She looked at him and sighed. Icebreath saw that only the she-cat, a tom and a kit were the only bloodclan cats left. All the others had run off or had been killed. Icebreath panted ans looked to see leafstar lying motionless on the camp floor. Icebreath went running to her body and looked at it.

"leafstar!" she shouted.

Most of skyclan was awake. The gathered around leafstar's body. Echosong made her way through the crowd of cats and examined her body. Suddenly leafstar began to move. She slowly opened her eyes and sighed.

"leafstar, are you okay" asked shatteredclaw.

"yeah, i'm fine but...i lost six lives tonight" she said.

"oh leafstar" said echosong "that means that you only have two lives left"

Leafstar nodded and icebreath sighed. Tinyfoot brought over the she-cat and hissed at the other two to come. They followed him and were a bit nervous.

"how may you be?" asked leafstar "and why have you stayed and not left like the other bloodclan cats?"

"i'm shadow" said the she-cat, She was a gray, white and black calico with amber eyes "and this is my mate dragon and my son twitch"

Leafstar nodded.

"we stayed because we want to join skyclan" said dragon.

"let me talk with my medicine cat and deputy" said leafstar.

Icebreath and echosong followed leafstar to a quiet area of camp.

"what should we do?" asked leafstar.

"i think that we should let them in, i can sense that they'll make a good addition to the clan" said echosong.

"they could be but....they could just be getting to know our weaknesses to that they can attack again" said icebreath.

"most likely all the bloodclan cats that did survive would just go on to other places" said echosong.

"your right" siad leafstar "we'll let them join in the clan"

"wait what?!" asked icebreath.

But it was too late leafstar had already announced it to the clan. She prepared to do their apprentice ceremonies any minuted. Icebreath walked over and sighed, she didn't really like the new comers that well.

"Shadow, from this day till you receive your warrior name, you'll be known as shadowpaw" said leafstar "icebreath, i know with you being my deputy that you'll teach shadowpaw all that you know"

Icebreath gave a sigh of dissapointment, she didn't want to be a mentor again!

"Dragon, from this day till you receive your warrior name, you'll be known as Dragonpaw" said leafstar "feverpelt, i trust that you will show and teach dragonpaw all that you know"

"and twitch, from this day till you recive your warrior name, you'll be known as twitchpaw" leafstar paused "tinyfoot, this is your first apprentice so i trust that you'll teach him all that you know"

"SHADOWPAW! DRAGONPAW! TWITCHPAW!" shouted most of skyclan.

Icebreath sighed. Shadow bouned up to her.

"sorry about almost killing you and all" she said.

"get some rest, we have a lot of work head of us" hissed icebreath.

Shadowpaw nodded and followed dragonpaw and twitchpaw to the apprentice den.

"your a little upset" said foxtail coming up behind her mother.

"well....sort of" said icebreath " i just don't think that i can train her to be a warrior though"

Foxtail gave icebreath a cross look "you were able to train tinyfoot, swiftice, hawkfur and shatteredclaw"

Icebreath rolled her eyes.

"come on, give her a chance" said foxtail.

Icebreath paused "okay, i'll try but i know it won't work"

"you used to tell us when we were kits that you can't say no to something if you havn't tryied it" said foxtail.

Icebreath sighed and closed her eyes "your right, i'll try but if it dosn't work out i can rub it in tinyfoot's face"

"why tinyfoot's and not mine"

"cause i like to blame things on him" icebreath winked and padded to the warriors den.

This night has be a hecktic night, icebreath curled up in her nest and fell into a deep sleep.

Chapter 52 "Training the dragon within"

"okay, lets try something else" said icebreath.

Shadowpaw nodded.

"lets get some new moss for the nursery" said icebreath.

"why" wined shadowpaw.

"because, queens have to care for kits and all and it a apprentices job to do so" hissed icebreath.

"i always did it myself" said shadowpaw.

Icebreath sighed "just do it"

Shadowpaw rolled her eyes and hissed at icebreath. Shadowpaw was more than a handful to train, she was used to being a rouge for so long but, it was easier to train shatteredclaw and tinyfoot when they were her apprentices. Icebreath sighed and followed shadowpaw to a moss patch.

****

Icebreath gave a huge sigh, she saw shadowpaw and dragonpaw running around. They didn't take training serious at all. Icebreath looked at foxtail, she didn't trust dragonpaw for some reason. Icebreath didn't trust him either. He acted odd, tinyfoot would complain about him acting strange during training. Icebreath was right about not letting the rouges in. But twitchpaw was a normal apprentice. Leafstar touched icebreath's back with the tip of her tail, making icebreath jump.

"icebreath, i need to talk to you in my den" she said "alone"

Icebreath nodded and walked with leafstar to her den. Once they

were inside leafstar sat down.

"Icebreath, i must tell you something" she said.

Icebreath's ear twitched.

"i only have one life left" she said.

"bu-b-but your still young, your as old as me" said icebreath shocked.

"when bloodclan attacked i lost eight lives when he attacked me." she said.

"but, why are you telling me this" asked icebreath.

"you will lead skyclan with courage and endure a battle no other cat can manage" she said "i see silverkit in you, she is wise for a kit"

"but-"

"that is all i have to discuss, i'm sorry icebreath, i might be joining starclan soon" said leafstar.

Icebreath closed her eyes and walked out. She felt pain stab at her heart, sh-she couldn't bare to hear leafstar say she only had one life left! Icebreath opened her eyes to see dragonpaw gone. She smelt something fishy. She climbed p the cliff wall and saw dragonpaw he had an evil smirk on his face, icebreath hid in a bush and saw what dragonpaw was up to.....

Only two to four chaps left of the story! i want to do a cats of the clan thing like the one book erin did, it will have mini stories and all and also cats from icebreath's old clan's and bloodclan and all.....would you guys read it? comment on this idea, i don't know if i can get a pic of icebreath up cause i have to draw her on the computer....but thats some what of what she looks like on the cover, mousestar and foxtail look like icebreath but are brown, so anyway, should i make one or not? comment on this idea of mine.....

p.s. i'm going to do a series off of this after this book and all.....so yeah just to let you know

p.s.s. I want to make a super edition book on maplekit like this book, what do you think?

Chapter 53 "Shatteredclaw's depression" (last chapter)

Icebreath could not believe her eyes. Dragonpaw was with the wolf pack that had killed swiftice!

"we have to attack tonight" said dragonpaw "you must kill the leader, the deptuy and both medicine cats you hear me! i promised falcon that i would ruin scourge once and for all"

The wolves nodded. Icebreath's jaw dropped.

"lets go, we musn't waste anytime" said dragonpaw.

He and the wolves walked past the bush icebreath was in. Fear was pumping through her, she knew leafstar was on her last life"

Icebreath waited to leave. Once the wolf pack had gone down in the gourge, she leapped out and hurried and went running away from the soon to be battle. She knew they needed allies bad, they only cats she could think of were the ones that could kill her.....

Shatteredclaws POV

Shatteredclaw was busy Playing with silverkit. They were almost six moons and were going to be made apprentices soon. He saw icebreath walked up the gorge to the very top. Shatteredclaw wondered what she was up to. He sighed and watched as he threw a moss ball to silverkit. Silverkit leaped on top of it and went chasing after it. Tinyfoot's ear's pricked.

"shatteredclaw?" he asked "d-do you hear that noise?"

Shatterclaw shook his head "no"

The noise that tinyfoot was hearing was getting louder and louder.

"shatteredclaw" said tinyfoot "it sounds like wolves"

"why would wolves be-"

Shatteredclaw was cut off by the sound of a bone chilling wolf howl.

"WOLVES" shouted brickfur.

As soon as brickfur screched, the wolves leaped out from all sides of camp. They were growling and snapping at the cats.

"skyclan hold your ground" shouted tinyfoot "never take your eyes off of them"

A wolf pounced on tinyfoot and the other wolves followed their leader. They were shaking cats back and forth, ripping them to shreds. Tinyfoot was attacking the leader. Shatteredclaw could not believe this was happening. A wolf tried to sneak in the medicine cat den but, echosong and moonfur attacked it. Tinyfoot came racing to shatteredclaw.

"we can't hold them off for long, their going to kill us!" he screeched.

"how did they find camp, usually wolves don't attack clans" said shatteredclaw.

"i don't know either but we have to fight" he said.

Leafstar was clawing a wolf that had entered her den. Shatteredclaw heard a scream from the nursery. He saw a wolf shaking a brown cat. His heart sank as it dropped the limp body of foxtail. Silverkit hissed at the wolf.

"SILVERKIT GET OUT OF THERE" he shouted.

Silverkit hurried and ran to the back of the nursery. Foxtail struggles to stand up and protect her kits. Shatteredclaw went running to the nursery when a wolf grabbed him and started shaking him back and forth. Everything was blurry and shatteredclaw knew that he was going to join starclan soon. There was a sudden yowl. The wolf stopped and they all looked at the top of the gorge. Icebreath stood there with a blaze of fire in her eyes.

She flicked her tail and cats came pouring out of the gourge. Two foxes joined them and they all started attacking the wolfs. Shatteredclaw was in amasment. All the wolfs that had not been killed fled the scene. Icebreath was wearing a blue necklace around her neck. The cats and two foxes regrouped and skyclan gathered around them.

"thank you" said tinyclaw.

"i'm glad we came just in time" said a white tom with gray specks on his pelt.

Tinyfoot padded up to icebreath.

"why is your old clan here" he asked.

"i knew what dragonpaw was planning and hurried and got help" she said "i had a bit of arguing to convince sealstar but, in the end he followed through"

"we must be heading back" said sealstar.

He yowled moonclan together and they followed him up the gorge till they were nowhere to be seen. Icebreath sighed and the two foxes left as well. Shatteredclaw was quiet happy that they won.

Icebreath's POV

Icebreath had run and got lorie and gorgie and moonclan to help defeat the wolves. She sighed as she saw the terible wounds ebonyclaw had. They all looked awful. Moonfur and echosong had brought severely injured cats into their den to treat. Shatteredclaw and tinyfoot should have gone in but refused. Icebreath knew she had fought a great battle this day. Echosong came running out in panic. Icebreath closed her eyes for she knew that some cat was dead.

"echosong what the matter?" asked freacklenose.

"i-it's foxtail, she's dying" she said.

"WHAT!" shouted icebreath and shatteredclaw at the same time.

"your a medicine cat your supposed to help her" hissed shatteredclaw "If you can't save her can you really save any cat!"

"shatteredclaw calm do-"

"HOW CAN I BE CALM AT A TIME LIKE THIS" hissed shatteredclaw interrupting tinyfoot.

Icebreath walked down and ran into the medicine cat den. She saw moonfur over foxtail's body. She was slightly breathing. Icebreath walked up to her.

"m-mom" mumbled foxtail.

"don't worry foxtail, everything will be all right" said icebreath.

"m-mom, s-silverkit, s-she's destined to-to be t-the next c-clan lea-leader" mumbled foxtail.

Icebreath licked foxtail. She was tearing up "don't worry i'll make sure"

"i'll say hi to dad for you" she mumbled.

Icebreath gave a slow nod as a tear slipped down her face. Silverkit walked in and ran up to her mom.

"mummy" she said "please don't die"

Foxtail sighed "i'm going to silverkit, but please remember, your are born into great lines"

"what does that mean?" asked silverkit tearing up.

"it means that your have great cats born into you" said icebreath.

Silverkit sunggled up to icebreath and started crying. Shatteredclaw came running in.

"foxtail, what happened, you can't leave me" he shouted.

"s-shatteredclaw, i'm going to join starclan any moment" gasped foxtail "i love you shatteredclaw"

Shatteredclaw snuggled up to his mates dying body "i love you too foxtail"

Foxtail coughed on last time then, all went silent.

Please take care of our daughter stonefur, Said icebreath to herself.

Shatteredclaw went into crazy mode. He started crying like no other. Silverkit walked to her father.

"daddy, don't be sad, we'll see mummy again" she said.

"no silverkit, no" said shatteredclaw "i'll never see her again"

"but"

"go back to the nursery silverkit" he hissed.

Silverkit looked a bit frighted by her father. Icebreath sighed and walked silverkit to the nursery. Firekit and waterkit were in the corner afraid.

"are the wolves gone" asked firekit.

"yes" said icebreath.

"where's mom?" asked waterkit.

"she died" said silverkit "a wolf killed her"

"NO" screeched firekit "this can't be happening"

Icebreath looked around "where's mistykit and earthkit?"

"we don't know, a wolf tried to take them away" said waterkit.

Icebreath closed her eyes. She had lost three kin today, she came too late. She pushed silverkit to her brother and sister and walked out of the den.

"leafstar?"

Icebreath heard harrypelt's mew. She turned around to see

harrypelt licking his mother's body. Icebreath ran over and looked at leafstar. Nothing moved and her body was cold. Icebreath was in shock, her leader, her friend was dead.

"NO LEAFSTAR!" screeched icebreath.

All the skyclan cats ran over and started at their leaders body. They all wept and mourned. Icebreath couldn't believe this day! She first loses her daughter then two of her grandkits and now her leader!

"oh no" said echosong.

"sh-she's dead" said icebreath.

"i-i can't belive this" said tinyfoot.

Shadowpaw and twitchpaw came running up. They gasped and started at leafstar's limp body.

"this is all dragonpaw's fault" hissed icebreath.

All the cats nodded. Icebreath was cringing with hate, She would kill dragonpaw if it were the last thing she did!

The end! not really, i'm going to have the epilogue up and then it will be the end, I'm glad you have enjoyed this book so far! I'm going to have a series up soon so stay tuned! please comment, vote and fan!!!

Epilouge

Icebreath was in a foggy misty area. She stood there and looked back and fourth. Nine cats stepped forward. Her heart was pounding, this was her leader ceremony.

"Icebreath, welcome" said applestar.

"icebreath, with this life i give you bravery" he said.

He touched her nose ans icebreath could feel great joy in her. Applestar backed away and stonefur stepped forward.

"icebreath my love, with this life i give you compation" he said.

He touched her nose. He backed away and spottedkit stepped forward.

"mommy, with this life i give you playfulness" she said touching her mother's nose.

She backed away and swiftice stepped forward.

"icebreath, with this life i give you strength" she said touching icebreath's nose.

She backed off to foxtail stepping forward.

"icebreath, i give you love with this life" she said.

She touched her mothers nose and then backed away. Leafstar stepped forward.

"icebreath, with this life i give you happiness" she said.

She touched her nose and backed away. Hollyleaf walked forward.

"h-hollyleaf?" asked icebreath surprised.

"i died in the battle but died with dignity" she said "icebreath with this life i give you mercy"

She touched icebreath's nose and backed off. A flame colored tom stepped forward.

"who are you?" asked icebreath.

"aw icebreath, i've herd a lot about you" he said "my name is firestar, With this life icebreath i give you trust"

He touched icebreath's nose then backed off. A fadding she-cat stepped forward.

"what's happening to you spottedleaf?" asked icebreath worried.

"i was killed in battle and am going to fade, but i want to give you a life before i go" she said.

Tigerstar broke his promise, now i won't ever see spottedleaf again.....unless....it might work, Thought icebreath in her mind.

"icebreath, my daughter with this life i give you leadership" she said.

She touched icebreath's nose and started fading.

"spottedleaf, i'm not going to let you fade!" shouted icebreath.

She touched spottedleaf's nose and wished for spottedleaf to stay with her. Icebreath awoke to spottedleaf gone. Icebreath sighed and knew she would never see her mother again. She was suddenly brought to a big battle. She saw tigerstar and the cat called firestar battling.

That may have been the huge battle but, that is only the beging, three will rise and destroy the everlasting tiger. A tail of fire and a wing of water will combine with a wind that's silver and shake the forest to its roots! A voice said.

Icebreath stood there and wondered what this all meant? Cats from everywhere chanted her new name.

"ICESTAR, ICESTAR!" they shouted.

Icestar sighed and suddenly woke up. She looked around and sighed. She was now a full leader of skyclan.

"icestar"

She heard a voice and turned around. She saw spottedleaf in a fully formed cat.

"icestar, what happed?" she asked.

"i used one of my lives to bring you back" said icestar "tigerstar promised me that i would receive my power back if any of his warriors hurt you"

"icestar, why would you do this?" she asked puzzled.

"spottedleaf, i gave you a second chance, you don't have to be a medicine cat any more, you can be a warrior!"

Spottedleaf's puzzled face grew into a smile.

"i bet tinyfoot will be glad to see you" said icestar.

Spottedleaf nodded.

****

"all cats old enough to catch their own prey, join her around the island for a clan meeting" shouted icestar.

She had just arrived back home. All of the skyclan cats surrounded her.

"I have two things to announce" she said "first, i'd like you all to met my mother"

Spottedleaf came out from behind icestar. All of the cats cheered and spottedleaf had a smile of emberessment on her face. Tinyfoot was about to pass out with excitement and shock.

"and also i must now chosse a deptudy" she said.

"Tinyfoot do you accept position as skyclan's deputy?" she asked.

"but, i havent trained a apprentice" he said.

"don't worry" she said "you trained dragonpaw for a little while, i think that still counts"

He paused then looked at spottedleaf. She was shaking her head like crazy, He chuckled and shouted "i accept icestar"

All the cats cheered and cheered. After all of it died down most of the cats went to their dens to sleep. Tinyfoot ran up to spottedleaf and rammed into her like a kit.

"HOLY STARCLAN" he shouted " I CAN'T BELIVE THAT YOUR ALIVE!"

She laughed "please get off of me, It's all thanks to icestar"

He looked at icestar.

"what did you do?" he asked.

"tinyfoot, i didn't receive nine lives, i only received eight, i gave spottedleaf my ninth" she said.

He gave her a cross look. Spottedleaf rubbed up agaist tinyfoot. He blushed and smiled "i guess it's all right this time"

Icestar and spottedleaf both laughed. She was happy to see tinyfoot happy again. She sighed and headed to her new den. She looked around and climbed into her new nest. She curled up and sighed. It has been a ruff couple of seasons. She closed her eyes and fell asleep.....

Now it's the end. ;'(I'm a bit sad though that's it's done and over with! Anyway, comment on any questions you have about the story, i'm going to write a series off of this like maybe three to two books? but any way comment on any ideas that you have for the up coming series oh and also comment on what it

should be called and all.....i'm getting the plot sorta put together and all but comment vote anf fan!!! this is the end of a great story!
